Missoula County Metro Region

Application Overview

About the Organization/Program*

Give a brief description of the Organization/Program/Project. Include the mission statement and the services provided.

By September, up to 60 unhoused households in Missoula will have secured housing assistance through the Johnson Street Housing Sprint Fund—an intensive, time-bound, outcomes-driven initiative currently underway. This grant will directly support the sprint, ensuring it can meet urgent local needs resulting from the planned 9/1/25 closure of the Johnson Street Emergency Shelter.

Initially launched by the City of Missoula and United Way of Missoula County, funding for the sprint will cover direct needs like rent, deposits, relocation, and application fees, and support contracted case management to increase housing retention.

The sprint serves as a catalyst for long-term systems change as it reflects a shift toward a more housing-centered model of care, designed to increase housing stability, improve health outcomes, and reduce returns to homelessness.

This project directly supports two of the City of Missoula's FY25–26 Strategic Plan goals: 1) partnering to provide support services for people in crisis, and 2) enhancing opportunity and quality of life through strong community partnerships and effective service delivery. The sprint directly aligns with the priorities in the Jail Diversion Master Plan, particularly in the Behavioral Health section. By connecting individuals to housing and support, the sprint addresses root causes of justice involvement and advances the goal of reducing incarceration through community-based solutions.

The sprint is already producing tangible results. In its first month, 5 individuals secured positive solutions through family reunification and housing, and 24 individuals received flexible financial assistance to overcome barriers. These early outcomes demonstrate the sprint's effectiveness and underscore the importance of immediate and continued investment.

With the planned closure of the Johnson Street Shelter, this grant will directly prevent displacement and accelerate housing access for Missoula's most vulnerable residents.

What category does the program fit into*

Check the category/categories the program fits into. You may select more than one option.

How does the program meet the Opioid Remediation Guidelines*

In detail, describe how the program fits into the approved Opioid Remediation Guidelines selected in the above question.

Please be specific

As the Johnson Street Emergency Shelter begins its planned phased closure, the City of Missoula and United Way of Missoula County jointly launched the Johnson Street Housing Sprint, an outcomes-focused initiative designed to rapidly transition individuals from temporary shelter into stable housing.

The Housing Sprint Fund is designed to provide highly flexible, immediate assistance to shelter residents for housing, treatment, transportation to recovery programs, and needs like temporary storage or pet care while clients are engaged in services. These supports lower barriers that block people from seeking or sustaining treatment and recovery.

While Missoula has teams that support housing navigation, current resources are insufficient to meet the needs of individuals who require long-term support to remain housed. We propose funding dedicated housing retention case managers who will address a range of needs including substance use recovery, employment barriers, medical issues, and housing stability.

The Sprint fosters warm hand-offs by coordinating with a network of community partners including Crosswinds Recovery, Housing Advocate Network, Crisis Intervention Team and WRAP, and Partnership Health Center (Schedule A-E.2 and Schedule B-C.11). These organizations play vital roles in connecting individuals to treatment, housing, and wraparound services that promote long-term stability, safety, and well-being (Schedule B-B.10). The sprint exemplifies how Missoula's system of care unites city leadership, nonprofits, faith-based groups, and grassroots coalitions to support both individuals in recovery and their families (Schedule B-B.10 and B-C.15).

With continued investment, Missoula is building a responsive, resilient housing and health system that prevents a return to unstable living conditions and directly addresses the conditions that exacerbate opioid-related harms.

New Program or Existing*

Is the funding intended for a new program or to expand an existing program?

A new program for your region.

A proposed supplement or expansion to a program.

Fiscal Information

Requested Amount*

\$250,000.00

Program Budget*

How will the funds be allocated? Attach a detailed line item budget breakdown for the program. If the funds are intended for a multi-year program please specify the amount budgeted for each year.

City of Missoula Budget_Housing Sprint_onetime request.pdf

Source of Funding*

Does the program currently receive funding from another source? If yes, please explain in detail. (i.e. amount, funding source, etc.)

Grant funding is intended for the creation or expansion of opioid prevention, treatment, and recovery projects. The money is NOT meant to replace or supplant existing funding.

The proposed \$250,000 one-time request for the Housing Sprint will fill part of our total \$461,500 project budget. There is no anticipated funding to replace MOAT funding. Sources of funding outside of MOAT are outlined below and are shown as matching resources in our attached budget.

Total Project \$461,500 = \$250,000 MOAT + \$211,500 Matching Resources breaks down into the following budget categories and detail.

Housing Sprint Fund direct service costs \$150,000 MOAT + \$206,500 match: direct support for residents seeking a housing solution includes rental deposits, housing application fees, transportation costs, and mitigation of other financial barriers to reaching housing goals.

o Matching resource is the "Housing Sprint Fund," set up in partnership by City of Missoula, Missoula County and United Way of Missoula County, and the fund is housed at United Way. As of our application submission, the Housing Sprint Fund has \$211,500 in contributions, including \$125,000 from Missoula County, \$44,000 from the Missoula Redevelopment Agency, \$25,000 from the City of Missoula general fund and \$17,500 from private donors.

Housing Sprint Onsite Support \$15,000 MOAT + \$5,000 match: support for partner agencies involved in the Housing Sprint to pay for additional costs like staff overtime, background checks for clients and engagement incentives.

o Matching resource is the "Housing Sprint Fund," set up in partnership by City of Missoula, Missoula County and United Way of Missoula County, and the fund is housed at United Way. As of our application submission, the Housing Sprint Fund has \$211,500 in contributions, including \$125,000 from Missoula County, \$44,000 from the Missoula Redevelopment Agency, \$25,000 from the City of Missoula general fund, and \$17,500 from private donors.

Housing Retention Case Management \$85,000 MOAT: to be contracted by the City of Missoula through a community process to bolster housing retention case management in the Missoula community, a sorely lacking and under-funded need. A number of community service partners stand ready to staff up a housing retention case management program but have lacked stable seed funding to establish the program before being able to incorporate ongoing funding like Medicaid reimbursements.

Do you have a Fiscal Agent*

No

Program Abstract

Program Description*

Describe the objectives of this project. Provide a detailed overview of the program, including its purpose, priorities & objectives, and intended results.

Purpose:

To increase positive resolutions and decrease displacement from the Johnson Street Temporary Emergency Shelter upon closure, including for those who use the shelter and have a history of substance use.

Priorities:

1. Secure stable, positive outcomes for individuals using the shelter – Ensure that individuals who have been using the shelter are able to secure long-term housing or other positive outcomes such as reunification with family or substance use treatment.
2. Coordinate a community-based, cross-organizational response to this urgent moment – Support collaboration across service providers through onsite engagement in Housing Sprint office hours, housing problem solving, and coordinated access to flexible funds.
3. Prevent displacement after shelter closure – minimize the number of people who resort to unsafe uninhabitable conditions after the shelter closes.

Objectives:

1. Facilitate progress toward positive solutions through flex fund use for up to 60 people – Through use of the Housing Sprint funds, work with individuals to resolve barriers such as past debt and arrears, transportation, or rental deposits to achieve positive outcomes for those affected by shelter closure.
2. Increase real time housing problem solving and navigation – Continue to work with community agencies to expand direct service efforts, including weekly case update calls and through participation in onsite office hours, which have already reached 129 individuals.
3. Build retention case management to sustain housing solutions achieved during the Housing Sprint – Use this opportunity to elevate the need for housing retention services in Missoula and seek to build those services in partnership with community agencies.

Intended Results:

1. Secure housing assistance for up to 60 unhoused individuals as measured by MCES data – Securing housing and other positive solutions such as family reunification, treatment, and recovery, knowing that a portion of funding is best used to support retention for those housed before shelter closure.
2. Community-based cross-organizational commitment to delivering housing-focused care as measured by regular qualitative process evaluations to understand what's working well and where improvements are needed.
3. One-year housing retention for 75% of program participants who receive housing retention case management support. This will be measured through ongoing tracking and reporting of visits, supports, and outcomes provided by housing retention case managers.

Specific Goals*

What are the specific goals of the program? List several goals the program hopes to accomplish and how the program intends to meet these goals.

1. Secure housing assistance for up to 60 individuals experiencing homelessness, as tracked through MCES data. This will involve utilizing Housing Sprint funds to address barriers such as outstanding debt, transportation challenges, or rental deposits, with a focus on supporting those affected by shelter closure and promoting housing retention.
2. Foster a community-driven, collaborative approach to providing housing-focused care by strengthening partnerships with community agencies and using this opportunity to elevate the need for housing retention services in Missoula.
3. Enhance housing stability for at least 75% of participants receiving support by increasing the number of case managers, ensuring consistent monitoring of visits, services, and outcomes.

Evaluation Method*

Describe how you plan to evaluate the effectiveness of the program and what the method for evaluation will be.

Evaluation is built into this time-limited program through various modalities:

1. Missoula Coordinated Entry System – This system provides a robust data platform to capture individual and collective progress throughout the housing sprint. City Houseless Programs built out a specific Johnson Street Program in the Homeless Management Information System that allows users to track housing problem solving conversations, next steps taken toward goals, and other progress and client notes. This data can then be pulled into varietal reports to evaluate progress, areas of focus, gaps, and other key measurement data.
2. Individual Households Progress – Through use of the Homeless Management Information System, City Houseless Programs created a tracking tool called the Johnson Street Actively Homeless list, which includes every household who is eligible for Housing Sprint Funds. Staff also built a By-Name-List tracking every individual engaging in the Housing Sprint, including their goals, current progress, next steps, service connections, and more. These tools allow participant-level data and outcome reporting.
3. Fund and Referral Tracking – City Houseless Programs staff built a tool to track all funding referrals, including: amount needed, requested use, and connection to housing. This will demonstrate trends in fund uses, average amount needed overall and by use type, total spent, and more.
4. Process Evaluation – City Houseless Programs staff are also conducting regular qualitative process evaluations with staff across community agencies to understand what is working well and where improvements are needed. This may include changing the cadence of case updates or on-site office hours, creating more robust tools to ease the data entry burden on staff across agencies, adjusting data tracking in response to user feedback, and more.

Data Source*

What information are you going to collect or use to demonstrate you have accomplished your goals?

Robust data is collected through the Homeless Management Information System as part of the Missoula Coordinated Entry System. Data collected includes: household demographics and service transactions at participating community agencies. Additional tools such as a Housing Problem Solving Questionnaire collect information on income, medical needs, insurance status, family connections, personal strengths, housing background, and more. Progress notes are collected as well, detailing steps a household has taken, such as attending appointments, completing applications, and more.

Data directly from the sprint will include fund uses and referral amounts with a custom tool to track all funding referrals, including: amount needed, requested use, and connection to housing. This will demonstrate trends in fund uses, average amount needed overall and by use type, total spent, and more.

City Houseless Programs staff will conduct regular qualitative process evaluations with staff across community agencies to understand what is working well and where improvements need making. This may include changing the cadence of case updates or on-sites, creating more robust tools to ease the participation burden on staff across agencies, adjusting data tracking in response to user feedback, and more.

Awareness*

How do you plan to create awareness of this program? Briefly describe what action the program plans to take to create awareness in the community.

City of Missoula is using a website page as the primary tool for information-sharing:
<https://www.ci.missoula.mt.us/3407/Johnson-Street-Emergency-Shelter-Closure>. Additionally, City leaders

are working with key stakeholders to draft letters to the editor to raise awareness about the need for community engagement for this housing sprint. Other tools include Facebook posts, news articles, regular email updates, and participation at a number of community events. Recently, City staff attended multiple events to create community awareness about the Housing Sprint: Northside/Westside Public Meeting, Gild Community Pint Night, City Council public update, and a panel hosted by the Missoula Organization of Realtors. Further, Houseless Programs staff are on-site at the Johnson Street shelter twice a week for two-hours each to work directly with neighbors using the shelter. Staff are also attending Shelter Court, Resource Access Days (RAD), and other community events to share about the housing sprint and screen for fund eligibility.

Additional Information

We have fully addressed Missoula County's specific application requirements in previous sections, and also want to elevate related research that confirms the connection between substance use and homelessness. The Housing Sprint is grounded in this evidence, offering support toward housing while connecting individuals to treatment and recovery services. Additionally, On Our Way Home: Missoula Community Homelessness Strategy, names "Right-size the [...] services that support housing retention to meet the needs of the houseless population," as part of Strategy A, one of three strategy areas of focus to address homelessness locally.

In 2023 in Multnomah County, Oregon, 282 of the recorded 456 deaths within the homeless population resulted from unintentional drug overdoses, 89% of which involved fentanyl (source 1). Similar findings in Boston showed one-third of deaths for individuals who were homeless under age 45 were associated with a drug overdose, with opioids implicated in 81% of overdose deaths (source 2).

Source 1: <https://apnews.com/article/homeless-deaths-portland-oregon-fentanyl-fe74f9747830a848aa28f82d93add582#:~:text=The%20report%20found%20that%20456,to%2089%25%20of%20those%20fatalities>

Source 2: <https://pmc.ncbi.nlm.nih.gov/articles/PMC3713619/>

Missoula's United Way Housing Solutions Fund, the community's longest-running flexible financial assistance program, illustrates the scale of unmet need. Between November 2021 and October 2024, the Fund assisted 715 households (over 2,000 people) disbursing \$582,000 to address needs like rent, arrears, deposits, relocation, and application fees (source 3).

Source 3: <https://www.engagemissoula.com/24105/widgets/80558/documents/67991>

The need for housing investment is underscored by public health data: In Missoula, 22.2% of those eligible for Housing Sprint Funds cited substance use as a factor in their homelessness (source 4). A 2022 study found that drug overdoses caused one in four deaths among unhoused individuals, with opioids involved in 91% of cases (source 5).

Source 4: Missoula Coordinated Entry Homeless Management Information System data, reviewed and analyzed on on May 14, 2025

Source 5: <https://jamanetwork.com/journals/jamanetworkopen/fullarticle/2787711>

Research shows that housing is fundamental to recovery. A study comparing Housing First and Treatment First models found that Housing First participants had lower substance use rates and higher program engagement (source 6).

Montana Opioid Abatement Trust Grant Application**City of Missoula - One Time Request: Housing Sprint and Housing Retention Case Management**

15-May-25

PROJECT PERIOD**June 2025 - June 2026**

ITEM:	TOTAL	MATCHING RESOURCES	MONTANA OPIOID ABATEMENT TRUST GRANT REQUEST
CONTRACTUAL SERVICES	\$ 461,500.00	\$ 211,500.00	\$ 250,000.00
Housing Sprint Fund (direct service costs)	\$ 356,500.00	\$ 206,500.00	\$ 150,000.00
Housing Sprint Onsite Support	\$ 20,000.00	\$ 5,000.00	\$ 15,000.00
Housing Retention Case Management	\$ 85,000.00	\$ -	\$ 85,000.00

BUDGET NARRATIVE

As the Missoula community begins the phase out of the Johnson Street Temporary Emergency Shelter, funded with now exhausted one-time federal funds, the community has rallied around shelter residents. The City of Missoula, Missoula County, and the United Way of Missoula County have partnered to create a "housing sprint fund" to provide flexible, direct-support funds to residents who are unhoused and have been staying at the shelter. With the work of direct-service partner agencies, individuals are taking part in "housing problem-solving" conversations and being connected to resources.

This budget proposes **\$250,000 in MOAT one-time dollars** to contribute to these efforts, including:

- \$150,000 to be deposited directly into the Housing Sprint Fund to support residents seeking a housing solution;
- \$15,000 to be deployed by the City to partner agencies supporting the housing sprint to pay for additional costs like staff overtime, background checks for clients, and engagement incentives; and
- \$85,000 to be contracted out by the City of Missoula via a request for proposals to bolster housing retention case management in the Missoula community, a sorely lacking and under-funded need. A number of community service partners stand ready to staff up a housing retention case management program, but have lacked stable seed funding to establish the program before being able to incorporate ongoing funding like Medicaid reimbursements.

RE: Non-Profit Tax-Exempt Status for CITY OF MISSOULA

This letter acknowledges receipt of your request for non-profit tax-exempt status for your organization. Upon review of the information submitted by you, we have classified CITY OF MISSOULA as a non-profit tax-exempt entity under Montana Code Annotated, §15-31-102(1).

An organization classified as non-profit tax-exempt is only required to file a Montana Corporation License Tax Return when it has any unrelated business taxable income, as defined by section 512 of the Internal Revenue Code of 1954 (26 W.S.C. 512), as amended, resulting in a federal unrelated business income tax liability of more than \$100. In that case you would be required to file Form CLT-4, which is available online at www.mt.gov/revenue or by calling (406) 444-6900.

If you have any questions, please contact the person indicated below.

DATE: March 28th, 2025

TO: Mayor Andrea Davis
City Council
Citizens of Missoula

RE: Annual Financial Statements

The City management is pleased to submit the audited Financial Statements for the City of Missoula, the financial reporting entity, for the fiscal year ended June 30, 2024. This report presents comprehensive financial and operating information about the City's activities that is useful to taxpayers, citizens, and other interested parties. The report includes all funds of the City of Missoula, the primary government.

The Finance Department staff prepares the City's financial statements and is responsible for their integrity and objectivity. Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because of the costs of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

These statements are considered to present the City's financial position and results of operations fairly and consistently. The report has been prepared in accordance with generally accepted accounting principles for governments. These statements necessarily include some amounts that are based on best estimates and professional judgments. Management encourages readers to refer to the Management's Discussion and Analysis section of the report for a more complete overview and analysis of the City's financial activities.

Because the City receives federal grants, it is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 and the Office of Management and Budget Uniform Guidance. Information related to the single audit, including the Schedule of Expenditures of Federal Awards and the auditors' reports on the internal controls and compliance of the applicable laws and regulations are included in the single audit section of this report.

CITY OF MISSOULA PROFILE

The City was originally incorporated in 1883 and re-incorporated in 1889. It operates under the Mayor-Council form of government and provides a wide range of municipal services including police, fire, recreation, public works improvements and general administration services. Civic Stadium, Water utility, Wastewater and Compost utility, Storm Water utility and the Aquatics Fund are accounted for in enterprise funds. Private firms provide garbage, electric and gas services. The Missoula Parking Commission, Missoula Redevelopment Agency, Business Improvement District and Tourism Business Improvement District are included in this report as discretely presented component units. Component units are legally separate entities for which the primary government is financially accountable. All retirement plans are handled by State agencies. The Library and the Health Department are joint City/County agencies that are administered by Missoula County and are reported in the County's annual report. The contribution on behalf of the City to the Health Department appears in these statements.

The Missoula Housing Authority and Missoula Urban Transportation District are considered related parties to the City of Missoula but they do not meet the criteria for inclusion in this report.

The City of Missoula maintains budgetary controls, the object of which is to ensure compliance with the legal provisions embodied in the annual budget adopted by the City Council each summer. Budgets are legally required and prepared for all of the City's active funds. The legal level of budgetary control is established at the fund level.

ECONOMIC CONDITION AND OUTLOOK

Missoula, Montana's economic outlook for FY2024 reflects a mix of continued growth, industry shifts, and emerging challenges. The city has experienced expansion in key industries, infrastructure development, and a resilient labor market, while also facing headwinds in sectors like timber and tourism.

The University of Montana's Bureau of Business and Economic Research's 2025 Montana Economic Report highlights that Missoula's economic growth remains steady, supported by ongoing manufacturing success and stability in the tech industry, even as national tech firms face downturns. The city continues to benefit from a strong entrepreneurial ecosystem, with Missoula ranking as the eighth-best city in the U.S. for Hispanic entrepreneurs.

The labor market remains tight, with job growth outpacing business closures in downtown Missoula. However, workforce shortages in key industries persist, reflecting broader national trends. While wages have risen, housing affordability remains a concern, making it challenging for workers to live near employment hubs.

The timber industry has suffered setbacks, with an estimated 20% decline in timber harvests following the closure of two local mills. While new infrastructure investments, such as Missoula County's proposed Wye Infrastructure Plan and the Missoula Airport's grant to expand year-round Chicago flights, are expected to bolster economic activity. Additionally, Downtown Missoula reported \$14 million in new investments and

Despite challenges, Missoula's diverse economic base, strategic investments, and entrepreneurial resilience position it well for continued growth in FY2024 and beyond.

LONG TERM PLANNING AND MAJOR INITIATIVES

STRATEGIC PLAN FY25-26.

The City of Missoula's Strategic Plan serves first as the guiding document for the City's budget process. Then, throughout the year, its lenses and principles play important roles in decisions about governing.

The Strategic Goals of this plan are organized in four strategic pillars that encompass all aspects of City operations. The strategic goals included in the plan help maintain the City's core services or are new initiatives that enhance City services without compromising the core levels of service. They also help to prioritize budgeting and cross-departmental work planning.

Community Safety, Health and Well-being

The City of Missoula focuses its efforts in public safety, health and well-being by ensuring that our core levels of service are maintained, our programs are innovative and efficient and outcomes are clear and measurable.

Strategic Goals

- Partner to provide support services for people in crisis.
- Implement the City's Master Fire Plan to provide a new engine company and new fire station.
- Provide the facilities necessary for the Police Department to support its level of service.
- Enhance public health services, in areas of both prevention and response, to address City growth.
- Continue the City's efforts to ensure that all residents have equitable access to health and wellness.

Community Design and Livability

The City of Missoula will create policy and support development that promotes economically and environmentally responsible growth that prioritizes equitable, responsive and adaptive outcomes that prioritize people and place.

Strategic Goals

- Effectively engage residents in community design and livability issues that matter to them and empower residents to have ownership in shared outcomes.
- Provide for equitable growth while preserving our sense of place and creating reasonable expectations for change.
- Promote community-wide sustainability and resiliency to reduce negative impacts on the environment and offset the impacts of climate change on our infrastructure, public health and natural environment.
- Invest in public infrastructure that supports safe, vibrant and walkable neighborhoods; a variety of options for housing; a clean and healthy environment; and a sense of place and belonging.
- Ensure financial sustainability as the city grows and develops by making informed and intentional decisions with respect to cost of services, long-term liabilities, maintenance, tax base and return on mission.

Economic Health

The City of Missoula fosters an environment that creates partnerships that result in increased economic vitality for the community.

Strategic Goals

- Create housing and economic health through strong community partnerships.
- Evaluate MRA's workforce housing pilot program to meet the needs for owner-occupied and rental housing.

Organizational Excellence and Resilience

The City of Missoula fosters an inclusive, transparent and nimble organization that provides support and training for its employees and works collaboratively to provide high-quality, responsive and innovative services efficiently and effectively.

Strategic Goals

- Support and enhance a results-oriented management culture in all departments.
- Recruit and retain an engaged, innovative, diverse and competent work force at all levels.
- Optimize the allocation, use, and financing of technology and space across the City to better serve the community.
- Review and realign business processes to support staff capacity, collaboration, and innovation.
- Assess, enhance and strengthen internal communication and collaboration.
- Increase community engagement and understanding of City services, initiatives and resources.
- Create a workplace that values and supports employee safety and wellbeing.

FY 2025 BUDGET

The FY 2025 budget was adopted on August 19, 2024. This budget includes a one-time 2 mills enabled by a homelessness emergency declaration last year, which will be used to partially fund the Johnson Street Temporary Emergency Shelter. The tax will raise \$414,009 this year only. The Fire and Emergency Services Levy approved by voters in June raised City taxes 11 percent. This means the total City tax levied in FY25 will be \$448.21 per \$100,000 of state assessed property value. Last year, it was \$379.58. City taxes make up 32 percent of a property's total tax bill.

The City's primary revenue source, property taxes, is restricted by state law to increasing at only half the rate of inflation. Inflation at its full rate is reflected in everything the City must buy, from police cars and fire engines to asphalt to employee wages. This means that expenses outgrow revenue. This year's budget is intentionally lean. All departments evaluated their budgets carefully. Mayor Davis asked department leaders to dig deep and identify \$1 million in savings across the City. This practice will continue in future budget years. The City's administration will continue to work with state government and the state Legislature on the property tax structure.

OUR MISSOULA: GROWTH POLICY UPDATED & CODE REFORM

This project, led by Community Planning, Development, & Innovation Department (CPDI), is an extensive planning process that will work with the community to update Missoula's vision for future growth and to modernize the City's development regulations, one of the key tools for achieving this vision.

The City is embracing the opportunity to reorganize and reform our development codes. This will give the City better tools for encouraging development that contributes to shared community goals. Examples of these goals are affordable housing, equity, and climate change mitigation. It will also make the code more clear and easier to use for residents and businesses.

PARKS, RECREATION, OPEN SPACE, AND TRAILS (PROST) MASTER PLAN

Missoula Parks and Recreation is collaborating with residents to draft a new master Parks, Recreation, Open Space and Trails (PROST) plan for the greater Missoula Valley.

This new, integrated plan will replace the 2004 Master Parks and Recreation Plan for the Greater Missoula Area and the 1995 Missoula Urban Area Open Space Plan with the 2006 Update. It will stand as a blueprint for the next 10-15 years of parks, trails, open space, and recreation services to residents. The City and County adopted the Open Space Chapter of the PROST Plan in 2019.

The updated PROST plan will be the City's guiding document for parks, recreation, open space, and trails planning for the next 10-15 years. The plan will:

- Inventory all assets, programs, services, and operations.
- Analyze gaps in the system, service level deficiencies and needs.
- Establish a vision, goals, and objectives.
- Determine when and where to add future assets, programs, and services.
- Create a list of implementation strategies.
- Develop an innovative plan document and online resources.
- Apply the City's strategic planning lenses of climate, equity, and housing.
- Serve as a model for future city planning processes and plans.
- Residents will have ample opportunity to give input on the plan throughout the process.

ON OUR WAY HOME: MISSOULA COMMUNITY HOUSELESSNESS STRATEGY 2025-2028

The strategy was created by a group of 16 community members representing: housing and houseless services, behavioral health, medical care, Missoula Coordinated Entry System, property management, faith community, neighborhood councils, and more. People with lived expertise of being unhoused in Missoula currently or in the past comprised nearly one-third of group representatives.

This document reflects Missoula's current greatest needs in addressing houselessness and creating a houseless services system that can function most effectively to meet the needs of Missoulians without housing.

This strategy includes three key areas:

- 1) Right sizing the number of beds and supportive services,
- 2) Securing funding, and
- 3) Supporting increased capacity at service provider organizations.

FINANCIAL POLICIES

The City's financial policies, endorsed by the City Council, establish the framework for the City of Missoula's overall fiscal planning and management. Resolution 7194 established the official Financial Management Policy for Budget Practices, Fund Balance Reserves and Financial Reporting.

AWARDS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Missoula for its annual comprehensive financial report (ACFR) for the fiscal year ended June 30, 2023. This was the twenty-third consecutive year that the City of Missoula has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. Management believes the current annual comprehensive financial report continues to meet the Certificate of Achievement program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

ACKNOWLEDGMENTS

I want to express my sincere appreciation to Jessie Hogg, Assistant Finance Director, and the Finance Office staff for their excellent work and support in preparing this report.

Respectfully submitted,

Leigh Griffing
Finance Director

FINANCIAL SECTION

Independent Auditor's Report

To the Honorable Mayor and City Council
City of Missoula

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Missoula (the City), as of and for the year ended June 30, 2024 and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Missoula, as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or

error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedules of revenue, expenditures, and changes in fund balance – budget to actual – budgetary basis for the general fund and major special revenue funds, schedules of proportionate share of net pension liability and schedules of contributions, and schedule of changes in OPEB liability and related ratios be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining fund financial statements, the individual budgetary comparison schedules, and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) are presented for purposes of additional analysis and are not a required part of the basic financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining fund financial statements, the individual budgetary comparison schedules, and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section and statistical section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 28, 2025 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Eric Sallie, LLP". The signature is fluid and cursive, with "Eric" and "Sallie" connected by a single stroke, and "LLP" in a smaller, separate area.

March 28, 2025

MANAGEMENT DISCUSSION AND ANALYSIS

Management's Discussion and Analysis

The City of Missoula (the City) offers the readers of the City's financial statements this narrative overview and analysis of the financial activities of the City of Missoula for the fiscal year ended June 30, 2024. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal and the financial statements, which begin on pages [1](#) and [26](#), respectively, of this report. Certain comparative information between the current year and the prior year is also presented.

Financial Highlights

- The assets and deferred outflow of resources of the City of Missoula exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$329,912,710 (*net position*). The unrestricted net position, which represents the amounts able to meet the City of Missoula's ongoing obligations to citizens and creditors, was a deficit of \$44,150,065. The City of Missoula recognized substantial liabilities in the financial statements as a result of the City's commitment to provide post employment benefits to its employees. As of June 30, 2024, the City of Missoula had liabilities of \$57,126,012 for post employment benefits which has caused the deficit balance in the unrestricted net position.
- The City's total net position increased by \$17,797,902, from FY 2023. The increase is made up of an increase in the governmental activities net position of \$8,292,986 and a \$9,504,916 increase in business-type activities.
- As of the close of the current fiscal year, the City of Missoula's governmental funds reported combined ending fund balances of \$21,492,285, a decrease of \$3,192,987 in comparison with the prior year.
- At the end of the current fiscal year, unrestricted fund balance (the total of the *committed*, *assigned*, and *unassigned* components of fund balance) for the General Fund was \$8,634,086 or approximately 11% of total General Fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of Missoula's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also includes supplementary information intended to furnish additional detail to support the basic financial statements themselves.

Government-wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Missoula's finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents financial information on all of the City of Missoula's assets, liabilities and deferred outflows/inflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Missoula is improving or deteriorating.

The *Statement of Activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Missoula that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, streets, public health, culture and recreation, social and economic services, housing and community development and public safety. The business-type activities of the City include a waste water and composting utility, water utility, storm water utility, civic stadium, and an aquatics fund.

The government-wide financial statements include not only the City of Missoula itself (known as the *primary government*), but also a legally separate redevelopment authority (Missoula Redevelopment Authority), a legally separate parking commission (Missoula Parking Commission) for which the City is financially accountable, as well as legally separate Business Improvement and Tourism Business Improvement Districts. Financial information for these *component units* are reported as discretely presented component units from the financial information presented for the primary government.

The government-wide financial statements can be found beginning on page [28](#) of this report.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Missoula, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Missoula can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City of Missoula maintains 119 governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the Road District, the Park District, and the capital projects fund which are considered to be major funds. Data from the remaining governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining schedules section of this report.

The City of Missoula adopts an annual appropriated budget for its General Fund. A budgetary comparison schedule has been provided for the General Fund as well as the other major funds to demonstrate compliance with this budget. The City of Missoula maintains budgetary control at the fund level. Budget to actual schedules are provided under the supplemental section beginning on page [134](#) of this report.

Proprietary Funds. The City of Missoula maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its wastewater and compost utility, water utility, storm water utility, Civic Stadium fund and aquatics facilities. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City of Missoula's various functions. The City of Missoula uses an internal service fund to account for the health benefit plan. Because this service

predominantly benefits governmental rather than business-type functions, it has been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the waste water and compost utility, water, storm water, aquatics programs, civic stadium fund and for the health benefit plan. The wastewater and water utilities are considered to be major funds of the City of Missoula.

The basic proprietary fund financial statements can be found beginning on page [40](#) of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the City of Missoula's own programs. The accounting for fiduciary funds is much like that used for proprietary funds.

The City of Missoula maintains only one type of fiduciary funds. The Custodial funds report resources, not in a trust, that are held by the City for other parties outside of the City of Missoula's reporting entity.

The fiduciary fund financial statements can be found beginning on page [45](#) of this report.

Notes to the financial statements. The notes provide additional information that is essential to acquire a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found starting on page [47](#) of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents *required supplementary information* concerning the City of Missoula's progress in funding its obligations to provide pension and OPEB benefits to its employees. Required supplementary information can be found beginning on page [134](#) of this report.

The combining statements referred to earlier in connection with non-major governmental funds and custodial funds funds are presented immediately after the required supplementary information.

Government-wide Overall Financial Analysis

As noted earlier, net position over time may serve as a useful indicator of a government's financial position. In the case of the City of Missoula, assets and deferred outflows of resources exceeded liabilities and deferred inflows by \$329,912,710 at the close of the most recent fiscal year. This is an increase in the net position of \$17,797,902, from FY 2023. This increase is primarily the result of the City's commitment to infrastructure improvements within the City.

Current and other assets decreased in governmental activities by \$6,204 million from the previous year. This reduction is the result of lower cash balances in FY2024 as compared to FY2023. Cash balances continue to decrease as the City spends down reserves on both capital projects as well as ongoing operations.

Long term liabilities in governmental activities, which consist of bonds, notes, leases, compensated absences and postemployment benefit obligations, decreased \$0.85 million from the prior year due to a decrease in the other post employment (OPEB) liabilities. The City of Missoula has reduced its contribution of retiree premiums from 15% to 10% in FY2024. The decrease in OPEB liabilities was partially offset by the increase in compensated absences and the normal pay down of other long term debt.

By far the largest portion of the City of Missoula's net position reflects its investment in capital assets (e.g., land, buildings, machinery, vehicles equipment, and infrastructure), net of accumulated depreciation and less any related debt used to acquire those assets that are still outstanding. The City of Missoula uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City of Missoula's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

CITY OF MISSOULA'S NET POSITION

	Governmental Activities		Business-type Activities		Total	
	2024	2023	2024	2023	2024	2023
Current & Other Assets	\$ 40,720,312	\$ 46,924,068	\$ 20,279,762	\$ 15,653,171	\$ 61,000,074	\$ 62,577,239

An additional portion of the City of Missoula's net position, \$12,341,075 represents resources that are subject to external restrictions on how they may be used. As of the end of the current year, the City's unrestricted net position was a deficit balance of \$44,150,065. The deficit is caused primarily by the approximately \$57 million in postemployment liabilities for the City of Missoula's three pension plans (\$51 million) and other postemployment benefit plans for retiree healthcare (\$6 million).

The City of Missoula's overall net position increased \$17,797,902 from the prior fiscal year. The reasons for this overall increase are discussed in the following sections for governmental activities and business-type activities.

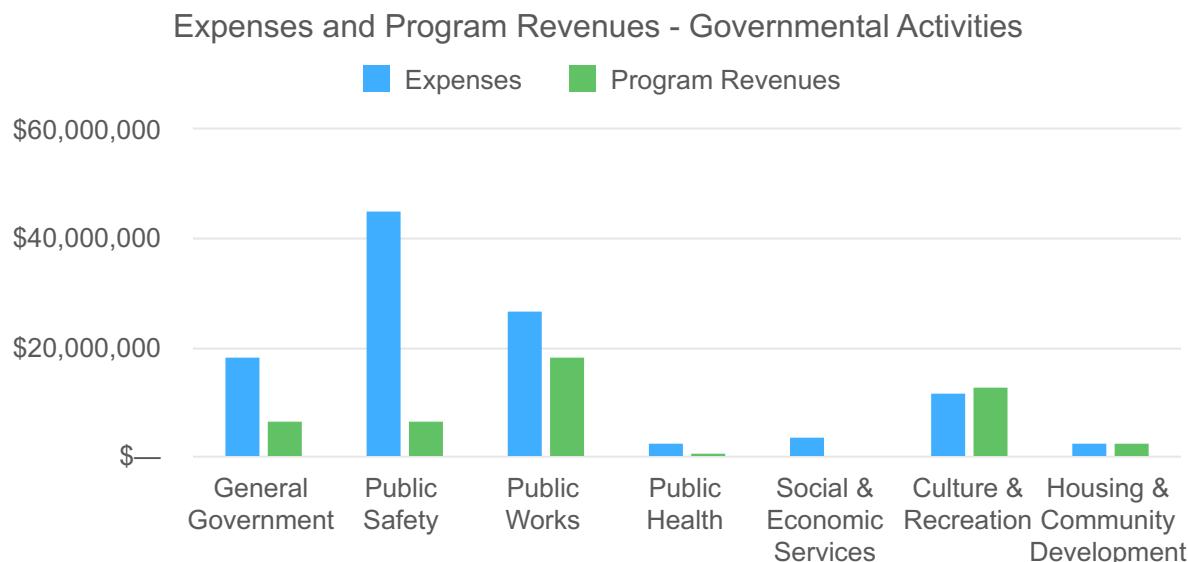

Readers are encouraged to refer to the information provided in the Notes to the Financial Statements for more detailed information on the assets and long-term debt activity for the year.

Governmental activities: Governmental activity net position increased in total by \$8,292,986 during the current fiscal year. The increase in fund balance during FY 2024 is the result of increased intergovernmental revenues and relatively stable expenses within the governmental activities as discussed below.

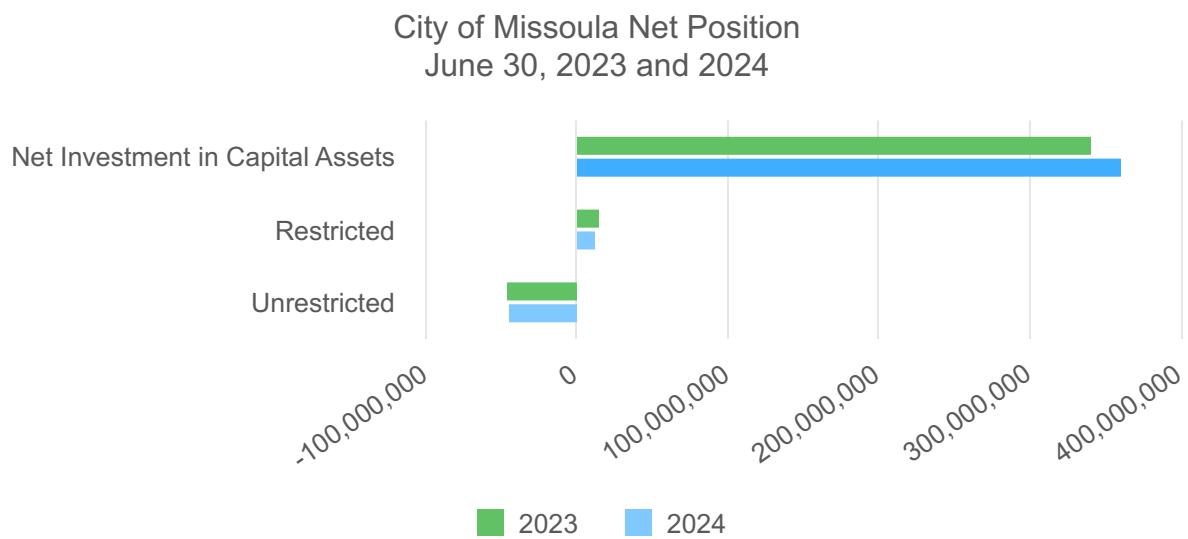

Revenues increased \$12.71 million from the prior year due a \$5.76 million increase in intergovernmental revenue. These intergovernmental revenues included \$2.165 million in local sharing of the tax increment and state contributions to the 3 pension plans of the City. In addition, charges for services revenues increased by \$5.57 million as management continues to evaluate cost of service and undertaking appropriate inflationary rate increases. Property taxes remain the largest source of revenue at \$42.69 million for the current fiscal year. In Montana, a City's ability to raise property taxes is subject to several limitations. The most significant limitation on this growth cap restricts the amount of property tax revenue a City can collect to the prior year's revenue plus an increase of 1/2 of the average rate of inflation. For FY2024 this inflationary increase was 2.46%. This resulted in an additional \$731,010 in property tax revenue the City was allowed to levy.

Expenses decreased slightly during the current year, decreasing to \$114,340,921 in the current year from \$112,352,311 in FY2023. Most functions within governmental activities saw slight decreases as departments followed mayor's instructions to evaluate their budgets and identify savings, resulting in lower than anticipated expenditures.

As shown in the chart below, revenues generated by the City of Missoula's programs are not sufficient to cover the costs with the exception of culture and recreation. The City relies on property taxes and other general revenues to cover the costs associated with the various programs.

Business-type activities: For the City of Missoula's business-type activities the results were positive in that total net position increased by \$9,504,916 to reach an ending balance of \$76,047,093. This growth is due to regular inflationary increases in Water, Wastewater, and Storm water. These increases allow the City to stay on top of rising labor and material costs will continue make investment in our infrastructure, ensuring reliable services for our citizens. In addition the City continues to be very successful in leveraging grants to help lower the costs of the capital improvements and addressing critical needs that might not otherwise be addressed.

Financial Analysis of the Government's Funds

As noted earlier, the City of Missoula uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

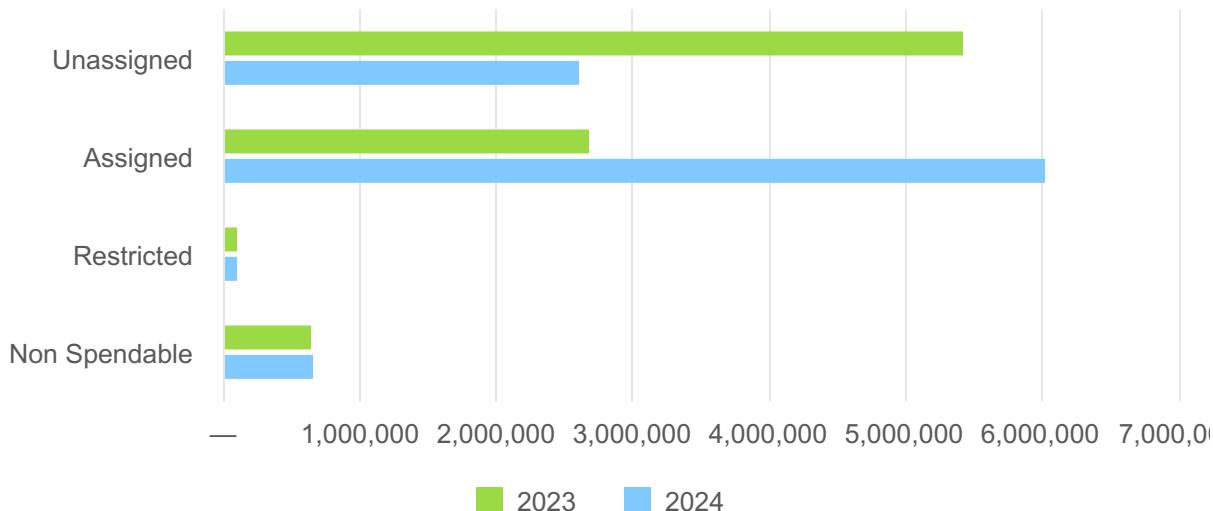

Governmental funds. The focus of the City of Missoula's *governmental funds* is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary use as they represent the portion of fund balance which has not yet been limited to use for a particular purpose by either an external party, the City of Missoula itself, or a group or individual that has been delegated authority to assign resources for use for particular purposes by the City Council.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$21,492,285, a decrease of \$3,192,987 in comparison with the prior year. Of this amount, \$(11,813,329) constitutes *unassigned fund balance*, which is available for spending at the government's discretion. The remainder of the fund balance is either *nonspendable, restricted, committed, or assigned* to indicate that it is (1) not in spendable form, \$1,450,006; (2) restricted for particular purpose, \$12,080,135; (3) committed for particular purposes, \$11,838,700; (4) or assigned for particular purposes, 7,936,773.

Analysis of Individual Funds

The General Fund is the chief operating fund of the City of Missoula. At the end of the current fiscal year, unassigned fund balance of the general fund was \$2,608,917, while total fund balance of the General fund increased to \$9,401,608. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and the total fund balance to total general fund expenditures. Unassigned fund balance represents 3.42% while total fund balance represents 11.87 percent of that same amount.

General Fund
Components of Fund Balance
June 30, 2023 and 2024

The fund balance of the City's general fund increased by \$543,941 during the current fiscal year. This increase was largely due to an increase in revenues. These included the 2nd year of a 3 year phase in of a new cost allocation plan. This resulted in a more equitable distribution of administrative charges. In addition the City saw an increase of subdivision and rezoning fees in FY2024 as well as fire inspection fees. In FY2024 the City also saw an increase to police contracted and reimbursable services and vehicle maintenance charges to other agencies.

The Road District, a major fund, had an increase of \$741,660 in fund balance during the current fiscal year, which resulted in an ending fund balance of \$2,828,921. This increase was the result of increases road district assessments to cover increasing road district expenditures. A milder winter resulted in less than anticipated operating and snowplowing material costs.

The Park District, a major fund, had a \$282,054 decrease in fund balance during FY2024. This resulted in an ending fund balance of \$2,651,040. This was a planned spend down of accumulated fund balance to finance a number of one-time capital improvements. These improvements included the PROST plan and an emergency boiler replacement.

The Capital Improvement fund, the remaining major fund, had a decrease of fund balance in the amount of \$(5,501,216) which put the overall fund balance in a deficit position in the amount of \$8,690,552. The large decrease in fund balance was caused mainly by the spending of a number of capital projects and core equipment replacement which will be funded by long-term debt in the subsequent fiscal years.

Proprietary Funds. The City of Missoula's *proprietary funds* provide the same type of information found in the business-type activities portion of the government-wide financial statements, but in more detail.

Unrestricted net position of the Wastewater Fund at the end of the year amounted to \$4,274,326, an increase of \$1,906,326 from FY 2023. The Wastewater fund has an operating income of \$990,313. Wastewater charges for services increased by \$1,423,533, the result of rate increases effective in January 2024. Operating expenditures increased slightly by \$745,190.

The Water Fund has a negative total net position of \$1,500,225, and a negative unrestricted net position of \$13,208,239 owing primarily to the initial water utility acquisition transaction in 2017. The Water Fund saw operating income of \$6,818,759 in FY24, the seventh full year of operations under City management. Water Charges for services increased \$498,118 from FY2023 while operating expenses decreased by \$168,057, the result of decreased personal services expenses.

The City's internal service fund continues to see significant increases in usage and medical inflation which began during the past decade. The fund carries positive net position at the end of FY24 of \$3,097,774. The City undertook a concerted effort in past years to build net position through a combination of transfers in from the general fund and increases to contributions. An advisory Employee Benefit Committee continues to focus on identifying methods to cut costs within the health plan by utilizing the assistance of the plan's third-party administrator, Allegiance Benefit Plan Management and Gallagher Benefit Services, an insurance consultant company.

General Fund Budgetary Highlights

Original budget compared to final budget. During the year it is common for the budget to be amended as circumstances can change significantly after the initial budget is adopted. In FY2024 there were a small number of amendments to recognize ongoing contracts and projects as well as the the award of grants and donations. Major projects carried forward included the implementation of Microsoft O365, the Scott Street Housing project, and comprehensive code reform. In FY2024 the budget was also amended for the award of a Built for Zero grant for houseless programs.

Final budget compared to actual results. The most significant difference between estimated revenues and actual revenues were as follows:

<u>Revenue Source</u>	<u>Estimated revenues</u>	<u>Actual revenues</u>	<u>Difference</u>
Charges for Services	\$ 9,871,228	\$ 8,268,503	\$ (1,602,725)
Miscellaneous	\$ 567,850	\$ 1,182,693	\$ 614,843
Investment Earnings	\$ 3,000	\$ 9,632	\$ 6,632

The shortfalls in the above charges for services were due to lower than anticipated outside hire charges for wildland firefighting. The estimate is based on past experience. While these revenues were lower, the associated over time expenses were also lower, resulting no negative to the fund in total.

In FY2024 the City realized slightly higher than anticipated investment earnings due to the rising interest rates. Miscellaneous revenues include donations and private grants as well as contributions to projects by other entities. These are variable and as such estimated revenues within the budget are usually more conservative.

A review of general fund expenditures compared to appropriations in the final budget reveals that departments continue to effectively manage their budgets, resulting in lower than anticipated expenditures. This was the result of a proactive budget monitoring as well as cost saving measures employed throughout the City.

Actual capital outlay expenditures came in at just under 60% of the final budget. we anticipate these projects will be completed in FY2025. The 2025 budget will be amended for these carryforwards.

Capital Asset and Debt Administration

Capital Assets. The City of Missoula's investment in capital assets for its governmental and business-type activities as of June 30, 2024, amounts to \$524,175,107 (net of accumulated depreciation and amortization). This investment in capital assets includes land, buildings, building system improvements, machinery and equipment, park facilities, trails, open space, streets, sidewalks, curbs and gutters, water and wastewater utilities and sanitary sewer or storm drain systems. More detailed disclosure on the City's capital assets is available in section III-D of the Notes to the Financial Statements.

Major capital asset events during the current fiscal year included the following:

- The purchase of \$3.9 million in core equipment for the continuing functions of the City.
- \$2.9 million in storm water system improvements.
- \$9.2 million investment in water system improvements, including over \$1.6 million in meter replacements.

Long-Term Debt. At the end of the current fiscal year, the City of Missoula had a total of \$200,444,259 of long term debt outstanding of which \$146,763,206 was bonded debt. Of this amount, \$5,312,015 comprises debt backed by the full faith and credit of the government and \$5,326,848 is special assessment debt for which the government is liable in the event of default by the property owners subject to the assessment, although this debt is collateralized with liens on the properties against which the debt is assessed. The majority of the remainder of the City of Missoula's bonded debt represents bonds secured solely by specified revenue sources (i.e., revenue bonds). More detailed disclosure on the City's long-term debt is available in section III-E of the Notes to the Financial Statements.

Total Outstanding Debt	\$49,904,426	\$50,133,469	\$150,539,834	\$146,211,932	\$200,444,259	\$196,345,400

The City of Missoula's total debt increased by \$4,098,859 (2.09%) during the 2024 fiscal year. This increase was due to the financed purchases of the City's core equipment in the amount of \$4.5 million and the issuance of \$10.158 million in revenue bonds offset by the normal pay down of debt.

State statutes limit the amount of general obligation debt a governmental entity may issue to 2.5 percent of its total assessed valuation. The current debt limitation for the City of Missoula is \$370,418,660, which is significantly in excess of the City of Missoula's outstanding general obligation debt.

The City has continued to utilize its general obligation debt capacity to a very low percentage, with the result that we have maintained a strong financial position and an AA+ bond rating which was affirmed with Standard and Poor's on September 7th, 2018.

Section III-E of the Notes to the City's financial statements provides additional disclosure of the City of Missoula's bonded indebtedness.

Requests for Information

This financial report is designed to provide a general overview of the City of Missoula's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Finance Director, 435 Ryman, City of Missoula, Montana, 59802.

FUND FINANCIAL STATEMENTS

MAJOR GOVERNMENTAL FUNDS FUND DESCRIPTIONS

GENERAL FUND

This fund accounts for revenues and expenditures for most of the major City functions which are not specifically earmarked for other purposes. These functions include City Council, Administration, Finance, Municipal Court, City Attorney, Police, Fire, and Community Development.

ROAD DISTRICT #1

This fund accounts for a City-wide road district created to provide a method of assessment and funding for providing services related to the maintenance, management, purchasing and improvement services for City-owned facilities, land and equipment under the responsibility and care of the Public Works department's street, engineering and vehicle maintenance divisions. Additionally, the road district provides financial assistance to property owners for ADA curb ramps as an additional financial resource to reduce sidewalk installation assessment costs.

PARK DISTRICT #1

This fund accounts for a City-wide park district created to provide a method of assessment and funding for providing services related to the maintenance, management, purchasing and improvement services for City-owned facilities, land and equipment under the responsibility and care of the Parks and Recreation Department.

CAPITAL IMPROVEMENT FUND

This fund accounts for the City's major capital projects except those that are funded within proprietary and other special funds.

MAJOR PROPRIETARY FUNDS FUND DESCRIPTIONS

WASTEWATER FUND

This fund accounts for financial resources from service charges, allocated by law, contractual agreement, or administrative regulations for, and the payment of, sewer maintenance, sewer construction, and other sewer related costs. This fund also accounts for fees related to the acceptance of green waste to convert into compost and the fees derived from the sale of the compost.

WATER FUND

This fund accounts for financial resources from service charges, allocated by law, contractual agreement, or administrative regulations for, and the payment of, water maintenance, water construction, and other water related costs.

City of Missoula, Montana
Reconciliation of the Governmental Funds Balance Sheet to the
Statement of Net Position
June 30, 2024

Total fund balances - governmental funds	\$ 21,492,285
Capital assets used in governmental activities are not financial resources and therefore, are not reported in the governmental funds.	311,561,177
Property taxes receivable will be collected this year, but are not available soon enough to pay for the current period's expenditures, and therefore are deferred in the funds.	7,226,300
An internal service fund is used by management to charge the costs of employee medical insurance. The governmental portion of the internal service fund is included with governmental activities.	3,097,774
Long-term liabilities (current and non-current portions) are not due and payable in the current period and therefore are not reported as liabilities in the funds.	(44,316,071)
The net pension liability is not an available resource and, therefore, is not reported in the governmental funds.	(35,513,815)
Post-employment health benefit liabilities are not available resources and therefore is not reported in the governmental funds.	(9,682,033)
Total Net Position - governmental activities	<u>\$ 253,865,617</u>

City of Missoula, Montana
Reconciliation of the Statement of Revenues, Expenditures,
and Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the Fiscal Year Ended June 30, 2024

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ (3,192,987)
Governmental funds report capital outlays as expenditures.	41,923,823
In the statement of activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense.	(20,336,781)
In the statement of activities, only the gain on the sale of the capital assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus the change in net position differs from the change in fund balance by cost of the assets sold.	(2,502,954)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	(2,648,993)
Long-term debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position.	(5,122,588)
Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.	4,791,351
Amortization of deferred portion of refunding bond is a component of interest expense on the statement of activities, but is not recognized in the governmental funds.	(68,297)
The change in compensated absences is shown as an addition to payroll expense on the statement of activities.	(910,350)
Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue (expense) of the internal service funds is reported with the governmental activities.	(259,153)
Contributions to the pension plan in the current fiscal year are deferred outflows in the Statement of Net Position.	(2,884,965)
Governmental funds do not report a liability for other post-employment health benefits.	(422,582)
In the statement of activities, the costs of right to use leased assets is allocated over the life of the lease as amortization expense.	(122,528)
In the statement of activities, the costs of subscription based assets are allocated over the life of the agreement as amortization expense.	49,990
Change in net position - statement of activities	<u>\$ 8,292,986</u>

NOTES TO FINANCIAL STATEMENTS

CITY OF MISSOULA, MONTANA
NOTES TO FINANCIAL STATEMENTS

June 30, 2024

I. Summary of Significant Accounting Policies

The City of Missoula (the City) follows U.S. generally accepted accounting principles (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The City of Missoula has adopted the provisions of the following GASB pronouncements for fiscal year 2024:

GASB Statement No. 100, Accounting Changes and Error Corrections—an Amendment of GASB Statement No. 62. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability.

This Statement defines accounting changes as changes in accounting principles, changes in accounting estimates, and changes to or within the financial reporting entity and describes the transactions or other events that constitute those changes. As part of those descriptions, for (1) certain changes in accounting principles and (2) certain changes in accounting estimates that result from a change in measurement methodology, a new principle or methodology should be justified on the basis that it is preferable to the principle or methodology used before the change. That preferability should be based on the qualitative characteristics of financial reporting—understandability, reliability, relevance, timeliness, consistency, and comparability. This Statement also addresses corrections of errors in previously issued financial statements.

This Statement prescribes the accounting and financial reporting for (1) each type of accounting change and (2) error corrections. This Statement requires that (a) changes in accounting principles and error corrections be reported retroactively by restating prior periods, (b) changes to or within the financial reporting entity be reported by adjusting beginning balances of the current period, and (c) changes in accounting estimates be reported prospectively by recognizing the change in the current period. The requirements of this Statement for changes in accounting principles apply to the implementation of a new pronouncement in absence of specific transition provisions in the new pronouncement. This Statement also requires that the aggregate amount of adjustments to and restatements of beginning net position, fund balance, or fund net position, as applicable, be displayed by reporting unit in the financial statements.

This Statement requires disclosure in notes to financial statements of descriptive information about accounting changes and error corrections, such as their nature. In addition, information about the quantitative effects on beginning balances of each accounting change and error correction should be disclosed by reporting unit in a tabular format to reconcile beginning balances as previously reported to beginning balances as restated.

Furthermore, this Statement addresses how information that is affected by a change in accounting principle or error correction should be presented in required supplementary information (RSI) and supplementary information (SI). For periods that are earlier than those included in the basic financial statements, information presented in RSI or SI should be restated for error corrections, if practicable, but not for changes in accounting principles.

A. Reporting Entity

The City was originally incorporated in 1883 and re-incorporated in 1889. It operates under the Mayor-Council form of government and provides a wide range of municipal services including police, fire, recreation, public works improvements, and general administration services. Sanitary sewer, water and storm water services are accounted for in enterprise funds. Gas, electricity and garbage services are provided by the private sector. All retirement plans are handled by state agencies. (See note F). Library, animal control and health services are provided jointly by the City and Missoula County. Since these joint services are administered by the County, only the City's contributions appear in these statements.

For financial reporting purposes, the City includes those separate governmental entities that are controlled by or are dependent on the City. The determination to include separate governmental entities is based on the criteria of GASB No. 61. GASB defines the reporting entity as the primary government and those component units for which the primary government is financially accountable. To be financially accountable, a voting majority of the component unit's governing board must be appointed by the City, and either a) the City must be able to impose its will, or b) the City may potentially benefit financially or be financially responsible for the component unit. Alternatively, if the organization is fiscally dependent on the City and the City may potentially benefit financially or be financially responsible for the component unit, the City is considered financially accountable.

Based on these criteria, the City has included the following as discretely presented component units:

1. The Missoula Redevelopment Agency (MRA) was established in 1978 by the City as a separate legal entity in accordance with state urban renewal laws (Section 7-15-4201 MCA). MRA has the authority to renovate property within blighted areas legally designated as redevelopment districts, but the authority to exercise the power of eminent domain, acquire and resell property and to issue tax increment bonds remains with the City. Any bonds issued are payable solely from tax increment receipts. Infrastructure improvements made by the urban renewal districts are City capital assets. The City has established six current urban renewal districts: District II in 1991, District III in 2000, Front Street in 2007, Riverfront Triangle in 2007, Hellgate in 2014, and North Reserve/Scott Street in 2014. The five-member governing board is appointed by the Mayor and confirmed by the City Council. MRA has no authority to levy taxes. However, under the City's Urban Renewal Plans, incremental property taxes which result from increases in the taxable value of property within a redevelopment district are designated for urban renewal purposes and provide the primary funding source for MRA. State law provides that the tax increment provisions applicable to a renewal district established after 1980 be terminated fifteen years after enactment or when all tax increment bonds have been retired. Due to the control exercised by the City, MRA is considered a component unit of the City. Complete financial statements may be obtained from the City Clerk, 435 Ryman St., Missoula, MT 59802 or from Missoula Redevelopment Agency, 140 W. Pine, Missoula, MT 59802.
2. The Missoula Parking Commission (MPC) is a public corporation formed by the City and, as such, is a proprietary component unit of the City. On January 25, 1971, the City Council of Missoula passed Resolution No. 2992 declaring the need for a parking commission. The creation of a commission was subsequently approved by the voters of the City in April 1971 pursuant to Part 46 of the Montana Code. Voters also authorized MPC to adopt the revenue bond method of financing parking projects provided in Title 7, Chapter 14, Part 46, Montana Code Annotated. As a component unit of the City, MPC is exempt from income tax. MPC currently operates approximately 134 parking meters on various streets and in various lots throughout the downtown business area. MPC operates approximately 1,125 off-street leased parking spaces and 134 on-street leased parking spaces in various lots throughout downtown Missoula. MPC also oversees a residential parking district in the University area of approximately 820 spaces. It also issues tickets for parking violations in the downtown area and the University residential parking district. MPC operates four parking structures (Central Park, Park Place, ROAM and Bank Street Structure) that offer both short-term and long-term parking.

The Missoula Parking Commission is considered a component unit because the City appoints the Board members, determines the parking jurisdiction and determines parking fines and is secondarily liable for the Parking Commission bonds. The City does not provide any operating subsidies nor does it receive any surpluses, but the Parking Commission does pay the City for services such as legal advice, payroll and bill paying. Complete financial statements may be obtained from the City Clerk, 435 Ryman St., Missoula, MT 59802 or from Missoula Parking Commission, 128 W. Main St., Missoula, MT 59802.

3. The Downtown Business Improvement District (BID) was created through the efforts of the Missoula Downtown Association to address the challenges created by the termination of the Downtown Urban Renewal District (URD I) on June 30, 2005. Implementation began in 2001 with committee development, community education, local media campaigns, meetings with property and business owners, creation of a comprehensive database of property owners, and the required petition process. The process of verifying the petition was finalized at the end of 2004 and the BID was approved by the City Council in April 2005. The BID serves as an advocate for property owners in the district and address areas such as safety, cleanliness, appearance, marketing, business retention and recruitment, public and private investment in buildings and infrastructure. The BID is included in the City's financial statements as a component unit due to the nature and significance of its relationship with the City. The BID is financially accountable to the City; the City appoints the BID's seven member Board of Trustees and approves the BID budget. Additionally, the BID receives its funding through an assessment of the property owners (ratepayers) in the district which are collected and disseminated by the City. Complete financial statements may be obtained from the City Clerk, 435 Ryman St., Missoula, MT 59802 or from the Business Improvement District, 218 E. Main Street, Suite C., Missoula, MT 59802.
4. The Tourism Business Improvement District (TBID) was created by a Resolution of the City Council on October 25th, 2010 in order to aid in tourism, promotion, and marketing within the City of Missoula. The District is created pursuant MCA 7-12-1101 and for a period of 10 years. On May 13th, 2019 the City Council passed Resolution No. 8338 to renew and expand the TBID for another period of 10 years. Similar to the BID discussed above, the TBID is reported as a component unit due to the nature and significance of its relationship with the City. The TBID is financially accountable to the City of Missoula; the City appoints the 5 member board of trustees and approves the TBID budget. The director of the TBID is the executive director of the Missoula Convention and Visitor's Bureau in accordance with MCA 7-12-1121. The TBID Board of Trustees is a public body and subject to all statutory and constitutional laws pertaining to public bodies. Complete financial statements may be obtained from the City Clerk, 435 Ryman St., Missoula, MT 59802 or from the Tourism Business Improvement District, 140 N. Higgins Ave, Suite 203, Missoula, MT 59802.

Related Organizations:

The City is responsible for appointing members of the Missoula Urban Transportation District Board of Directors. The purpose of the Missoula Urban Transportation District Board of Directors is to set policy for Mountain Line, Missoula's public transit agency, and guide the agency in its vision to be an essential public transportation provider in the urban area and a major contributor to a multi-county, multi-modal transportation infrastructure in the western Montana region. Three members are appointed by the Mayor, three members are appointed by the County Commissioners and one member alternating City/County appointment. In FY2024, the City provided grant funding in the amount of \$829,119 for 5303 transit planning funds to conduct relevant and required transit planning such as public involvement, transit systems management, transit development planning, planning for older adults and persons with disabilities, as well as other activities described in the annual Unified Planning Work Program. In addition the City provided professional services in the amount of \$278,327 in fiscal year 2024.

The Missoula Housing Authority is a quasi-governmental entity organized under the laws of the State of Montana as a tax-exempt, quasi-governmental entity under the United States housing Act of 1937. The Missoula Housing Authority is a public non-profit organization dedicated to providing safe, decent and affordable housing to individuals and families in Missoula, MT and within a 10-mile radius of Missoula's city limits. The seven-member Board of Commissioners governs the Missoula Housing Authority and is responsible for establishing policy and approving MHA's annual budget. Each board member is appointed by the Mayor of Missoula. Two of the seven members of the board are resident commissioners who are MHA residents as well as members of the board. Resident commissioners serve a two year term. The remaining five commissioners commit to a five year term. No housing commissioner may be a City official. During FY2024, the City provided grant funding for the the Villaggio Apartments project in the \$1,924,449. In addition their advance Water contract refund for FY2024 was \$1,066.

B. Measurement Focus, Basis of Accounting, and Basis of Presentation

Government-wide Statements

Basis of Presentation

The Government-wide Financial Statements (the Statement of Net Position and the Statement of Activities) display information about the reporting government as a whole and its component units. They include all funds of the reporting entity except fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. Eliminations have been made to minimize the double-counting of internal activities.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the City's activities. Direct expenses are those that are specifically associated with a program or function. The City does not charge indirect expenses to programs or functions. The types of transactions reported as program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or activity and 2) operating grants and contributions, and 3) capital grants and contributions. Revenues that are not classified as program revenues, including all property taxes, are presented as general revenues.

Certain eliminations have been made as prescribed by GASB 34 in regards to inter-fund activities, payables and receivables. All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total primary government column. In the Statement of Activities, internal service fund transactions have been eliminated; however, those transactions between governmental and business-type activities have not been eliminated.

Measurement Focus and Basis of Accounting

On the government-wide Statement of Net Position and the Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred regardless of the timing of the cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. The City generally applies restricted resources to expenses incurred before using unrestricted resources when both restricted and unrestricted net position are available.

Fund Financial Statements

Basis of Presentation

Fund financial statements of the reporting entity are organized into funds, each of which are considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements. Funds are organized into three categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. Each major fund is displayed in a separate column in the fund financial statements. All of the remaining funds are aggregated and reported in a single column as non-major funds. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- a) Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- b) Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

Governmental Funds:

Measurement Focus and Basis of Accounting

These statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they are measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The City considers all revenues available if they are collected within 75 days after year-end. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. General capital asset acquisitions are reported as expenditures in governmental funds and proceeds of general long-term debt and acquisitions under financed purchases are reported as other financing sources.

Real and personal property taxes (excluding motor vehicle taxes), special assessments, charges for current services, and interest earnings are susceptible to accrual. Other receipts and taxes become measurable and available when cash is received by the City and are recognized as revenue at that time. The City recorded real and personal property taxes and assessments levied for the current year as revenue. Taxes and assessments receivable remaining unpaid at year-end and not expected to be collected soon enough thereafter to be available to pay obligations of the current year were recorded as unearned revenue, with a corresponding reduction in revenues, as required by generally accepted accounting principles. In addition, prior period delinquent taxes and assessments collected in the current period were recorded as revenue in the current period as required by generally accepted accounting principles. Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

Under the terms of the City's grant agreements, certain programs are funded by specific cost-reimbursement grants and general revenues. Generally, the City applies cost-reimbursement funds first to finance such programs with remaining costs paid for with general revenues.

The City reports the following major governmental funds:

General Fund - This is the City of Missoula's primary operating fund and it accounts for all financial resources of the City except those required to be accounted for in other funds.

Road District Fund - This fund accounts for a City-wide Road District created to provide a method of assessment and funding for providing services related to the maintenance, management, purchasing and improvement services for City-owned facilities, land and equipment under the responsibility and care of the Public Works department's street, engineering and vehicle maintenance divisions. Additionally, the road district provides financial assistance to property owners for ADA curb ramps as an additional financial resource to reduce sidewalk installation assessment costs.

Park District Fund - This fund accounts for a City-wide Park District created to provide a method of assessment and funding for providing services related to the maintenance, management, purchasing and improvement services for City-owned facilities, land and equipment under the responsibility and care of the Parks and Recreation Department.

Capital Improvements Fund - This fund accounts for the City's major capital projects except those that are funded within Proprietary and other special funds.

Proprietary Funds:

Measurement Focus and Basis of Accounting

All proprietary funds are accounted for using "economic resources" measurement focus and the accrual basis of accounting. These funds account for operations that are primarily financed by user charges. Revenues are recognized when earned and expenses are recognized when incurred. Allocations of costs, such as depreciation, are recorded in the proprietary funds. The receivables and revenue from assessments are reported as accounts receivable and user charges, respectively.

Proprietary funds include enterprise funds and internal service funds. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Internal service funds are used to account for the financing of goods and services provided by one department or agency to other departments or agencies of the City on a cost-reimbursement basis. The city uses an internal service fund to account for providing health insurance benefits for employees. The principal operating revenues for the enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The City reports the following enterprise funds:

Wastewater Fund (Major Fund) – This fund accounts for financial resources from service charges, allocated by law, contractual agreement, or administrative regulations, and the payment of sewer maintenance, sewer construction, and other sewer related costs.

Water Fund (Major Fund) – This fund accounts for financial resources from service charges, allocated by law, contractual agreement, or administrative regulations, and the payment of water utility maintenance, water utility construction, and other water utility related costs.

Aquatics Fund – This fund accounts for financial resources from service charges to provide quality aquatics programs, opportunities and facilities for citizens of all ages, interests, and abilities thus giving every resident as well as guests an opportunity for lifetime leisure skills, water safety skills and active, healthy life styles. These activities are in the process of moving to Park District #1 over the next 2 years.

Civic Stadium Fund - This fund was created for the issuance of \$1,555,000 of Revenue Bonds and purchase of the interest of certain secured lenders in the Civic Stadium to facilitate the City of Missoula's purchase of the Civic Stadium. The fund will receive lease payments in the amount of \$40,000 a year for 20 years from Mountain Baseball and \$70,000 a year from LogJam. The lease payments will be used to make the debt service payments to the creditors of the \$1,555,000 Civic Stadium Revenue Bonds.

Storm Water Fund – This fund accounts for financial resources from service charges to maintain infrastructure for both surface and underground movement of water from rain, snow melt, and other weather events and ensures compliance with state, federal, and local laws for storm water management.

Fiduciary Funds:

Measurement Focus and Basis of Accounting

Fiduciary funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations or other governments. Custodial funds are used to report fiduciary activities that are not required to be reported in pension (and other employee benefit) trust funds, investment trust funds, or private-purpose trust funds and use the economic resources measurement focus and the full accrual basis of accounting.

The City reports the following custodial funds for the following purposes:

Court Surcharge – Accommodates the court surcharge fees charged and owed to the State of Montana.

County Clearing – Accounts for the dog license fees that are collected on behalf of the County.

Youth Programs – Records the transactions held for County Youth Programs.

County Park Board – Records the transactions held for the County Park Board.

Elk Hills Subdivision – Records the transactions held for the Elk Hills Subdivision.

Municipal Court Restitution – Accumulates restitution payments to victims from court proceedings.

Public Defender Fees – Accounts for public defender fees charged and owed to the State of Montana.

Rattlesnake Cornerstone Trail SW - Accounts for funds received from the housing developer for Rattlesnake Cornerstone subdivision to be used for the construction of a trail within the subdivision.

C. Budgetary Information

1. Budget Process

Operating budgets are adopted each year for the General Fund, all active Special Revenue Funds, Debt Service Funds, Enterprise Funds, Internal Service Fund and Capital Project Funds. All budgets are presented on the budgetary basis appropriate for the fund type consistent with GAAP (i.e. all governmental funds are budgeted on a modified accrual basis and all proprietary funds are budgeted on the accrual basis).

A preliminary budget is presented in the spring, budget hearings are held, and the final budget is adopted by the second Monday in August. The operating fund budgets cannot be increased except by a public hearing and resolution approved by City Council. Budget appropriations may be transferred between line items or increased by budget amendment only upon adoption of a resolution by the governing body.

The City of Missoula maintains budgetary controls, the object of which is to ensure compliance with the legal provisions embodied in the annual budget adopted by the City Council each summer. Budgets are legally required and prepared for all of the City's active funds. The legal level of budgetary control is established at the fund level.

D. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance

1. Cash, Cash Equivalents, and Investments

Cash and investments are under the management of the City's Treasurer and consist primarily of investments in certificate of deposits. Interest income earned as a result of pooling of City deposits is distributed to the appropriate funds utilizing a formula based on the average balance of cash and investments of each fund. Investments in government securities are reported at fair value, based on market prices. Certificates of deposit are reported at cost.

Montana State statutes authorize the City to invest in interest-bearing savings accounts, certificates of deposits, and time deposits, which are insured up to \$250,000 or fully collateralized. Also authorized are U.S. government and U.S. agency obligations, STIP, and repurchase agreements where there is a master repurchase agreement and collateral held by a third party.

For purposes of the statement of cash flows, the enterprise and internal services funds consider all funds (including restricted assets) held in the City's cash management pool to be cash equivalents. For the proprietary component unit, the commission considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Negative cash balances are required to be reported as interfund payables.

The City categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets (these investments are valued using prices quoted in active markets); Level 2 inputs are significant other observable inputs (these investments are valued using matrix pricing); Level 3 inputs are significant unobservable inputs (these investments are valued using consensus pricing).

2. Receivables

Receivables arise from transactions between funds that are representative of lending/borrowing arrangements outstanding at fiscal year end. Short-term loans are reported as "due to/from other funds," long-term loans are reported as "advances to/from" if they are internal lending and "long-term loans" if the funds have been lent outside the City. See schedule B - "Other Receivables" under detailed notes on all the primary government's funds for additional detail on long-term loans.

Tax and special assessment receivables are recorded in the appropriate funds. Property tax levies are set in August at the time the City budget is approved and are billed November 1 by the County. Taxes are due 50% by November 30 and 50% by May 31 of each year. After those dates, they become delinquent (and a lien is placed upon the property). After three years the County can exercise the lien and take title to the property.

Special assessments are billed November 1 of each year as a component of the County property tax billing. The first part (50%) is due November 30th and the second part (50%) is due May 31st. After those dates, the bills are delinquent (and a lien is placed on the property). Delinquent assessments receivable at June 30, 2024 were \$139,875.

Lighting, park maintenance and street maintenance assessments are determined by the estimated cost of operating these districts for the next year. The other special improvement districts (SID's) are billed for a portion of the principal owed plus interest on the unpaid balance. Each SID also has deferred assessments to account for the unbilled portion of the principal.

Sewer fees are billed monthly. They are due the last day of the month in which they are billed. Accounts that are delinquent as of June 30th are turned over to the County Treasurer to be included on the property tax bills sent out November 1st.

No allowance for uncollectible accounts is made because unpaid bills on these receivables become liens against the properties and it is assumed that the proceeds from the sale of any tax deed property will meet or exceed the lien amount.

Water fees are billed monthly after service has been established. When flat rates are used for estimating the amount of water used by consumers, the water bill shall be due and payable in advance each month. When meters are in use for determining the amount of water used by consumers, the water bill shall be due and payable for water delivered during the previous month. Accounts that are delinquent for 30 days are notified that unless the bill is paid in full within 10 days, water service will be disconnected.

3. Inventories

Inventories of materials and supplies are accounted for using the consumption method for governmental and enterprise funds. That is, inventory purchases are considered an asset until the period in which they are actually consumed. Inventories of supplies are carried at the lower of cost (first-in, first-out) or market.

4. Prepaid Items

The City accounts for prepaid items in the governmental funds using the purchase method. The City's prepaid expenses consist of health insurance premiums which are paid one month in advance and expensed upon receiving the benefit in the following month.

5. Warrants Payable

The City pays its claims by issuing a check. The only warrants appearing in the City's accounts this fiscal year are Sidewalk and Curb interest bearing warrants included in accounts payable.

6. Capital Assets

Capital assets purchased are recorded as expenditures in the governmental funds. All purchased capital assets are valued at cost when historical records are available and at an estimated historical cost when no historical records exist. Donated capital assets (including infrastructure acquired through developer's contributions and annexations) are recorded at their acquisition value at the date of donation. The City capitalizes all assets with a value of \$10,000 or greater that will provide benefit for more than one year.

Depreciation on general government capital assets is provided over their estimated useful lives on the straight-line method. Buildings and Improvements other than buildings have an estimated useful life of 20 - 30 years; machinery and equipment 3 to 20 years.

Public domain ("infrastructure") capital assets (e.g. roads, bridges, curbs and gutters, and other assets that are immovable and of value only to the government) are capitalized and depreciated on the straight-line method. Useful lives of infrastructure assets are from 20 to 75 years. Pavement has an estimated useful life of 20 years; curbs and sidewalks 50 years; storm sewers 75 years; sumps 30 years; signs 60 years; bridges and pedestrian crossings 50 years; and street lights 50 years.

Property, plant, and equipment in the proprietary funds of the government are recorded at cost. Property, plant, and equipment donated to these proprietary fund type operations are recorded at their estimated fair value at the date of donation.

Major outlays for capital assets and improvements are capitalized in proprietary funds as projects are constructed.

Capital assets purchased or acquired by proprietary fund types are recorded in the individual fund making the purchase. Any capital assets donated specifically for an enterprise fund are also recorded in that individual fund. Depreciation on proprietary fund capital assets is provided over their estimated useful lives using the straight-line method. Buildings, major land improvements and pipelines have an estimated useful life of 20 - 50 years; machinery and equipment 5 to 20 years. Useful lives of the proprietary component unit assets range from 5 to 40 years. Intangible assets within the proprietary funds, other than leases and SBITAs, are not being amortized/depreciated.

7. Unearned Revenues

Unearned revenue represents amounts received in advance for goods or services to be provided in future periods. The City recognizes revenue as the services are rendered or goods are delivered. These pertain to the net uncollected property tax and other receivables, and are classified as Unearned Revenues on the Balance Sheet of governmental funds in the fund statements.

8. Compensated Absences

It is the City's policy and state law to permit employees to accumulate a limited amount of earned but unused vacation benefits, which will be paid to employees upon separation from City service. Employees are allowed to accumulate and carry over a maximum of two times their annual accumulation of vacation. There is no restriction on the amount of sick leave that may be accumulated. Upon separation, employees are paid 100 percent of accumulated vacation and 25 percent of accumulated sick leave. The liability associated with governmental fund-type employees is reported in the governmental activities column of the statement of net position, while the liability associated with proprietary fund-type employees is recorded in the respective fund and the business-type activities column of the statement of net position.

9. Other Post Employment Benefits

The City recognizes and reports its post employment health care benefits in accordance with GASB Statement No. 75, *Accounting and Financial Reporting by for Postemployment Benefits Other Than Pensions*.

10. Long-Term Obligations

The City reports long-term debt of governmental funds at face value in the governmental activities column of the statement of net position. Certain other governmental fund obligations not expected to be financed with current available financial resources are also reported in the governmental activities column in the statement of net position. Long-term debt and other obligations financed by proprietary funds are reported as liabilities in the appropriate funds and the business-type activities column of the statement of net position.

For governmental fund types, bond premiums and discounts, as well as issuance costs are recognized during the current period. Bond proceeds are reported as other financing sources net of the applicable premium or discount. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures. For governmental activities, business-type activities, and proprietary fund types, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

11. Deferred Outflows of Resources and Deferred Inflows of Resources

In addition to assets, the statement of net position includes a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has three items that qualifies for this category: the deferred amount on refunding General Obligation (GO) bonds, the deferred amounts related to pension, the deferred amounts related to other post employment benefits (OPEB). The deferred amount on the GO bond refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred amounts related to pension and OPEB related differences between estimated and actual investment earnings, changes in actuarial assumptions, and other pension and OPEB related charges.

In addition to liabilities, the statement of net position includes a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has four items that qualify for reporting under this category. These are unavailable revenues from property taxes and assessments, the deferred inflows of resources of the pension liability, the deferred inflows of resources of the other post employment benefit (OPEB) adjustments, and the deferred inflows of resources related to leases. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

12. Fund Balance

The Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, which was effective for the City beginning in fiscal year 2011. The objective of this statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying governmental fund type definitions. This Statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in government funds.

GASB Statement No. 54 requires, among other things, that all state and local governmental entities adopt a policy regarding spending priorities of fund balance in governmental funds. The fund balance resources of the City's governmental funds have been categorized as follows:

Resource Categories

Nonspendable:

Resources not in spendable form (ex: inventory) or those legally required to be maintained intact (ex: principal portion of permanent trust funds).

Restricted:

Constraint is externally imposed by third party (grantor, contributor, etc.), State Constitution or by enabling legislation by the State Legislature.

Committed:

Constraint is internally imposed by City Council by resolution, removal of constraint is imposed by same.

Assigned:

Constraint is internally expressed intent by City Administration or City Council through budget approval process or express assignment by resolution.

Unassigned:

No constraints and negative fund balance in non-general funds.

Expenditure Order for Resource Categories

General Fund and Special Revenue Funds:

First: Restricted

Second: Committed

Third: Assigned

Fourth: Unassigned

Debt Service and Capital Projects Funds:

First: Assigned

Second: Committed

Third: Restricted

Fourth: Unassigned

13. Leases

The City of Missoula is a lessee for office space and land leases. The City recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the government-wide financial statements. The City recognizes lease liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The Lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial indirect costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the City of Missoula determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City of Missoula uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancelable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the City is reasonably certain to exercise.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

Lessor: The City of Missoula is a lessor for a noncancelable lease of office space as well as a civic stadium. The City recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements.

At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the City of Missoula determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The City of Missoula uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancelable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The City monitors changes in circumstances that would require a remeasurement of its lease, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

14. Subscription Based Information Technology Arrangements

The City reports a subscription liability and an intangible right-to-use capital asset (known as the subscription asset) on the government-wide financial statements and proprietary fund statements. In the governmental fund financial statements, the City recognizes subscription proceeds and capital outlay at initiation of the subscription, and the outflow of resources for the subscription liability as a debt service payment. The City has a policy to recognize subscriptions over \$10,000 as a subscription liability and intangible capital asset.

15. Interfund Transactions

Interfund transactions consisting of identified services performed for other funds or costs billed to other funds are treated as expenditures in the fund receiving the services and as revenue in the fund performing the services.

Transactions which constitute reimbursements of a fund for expenditures or expenses initially made from it, which are properly applicable to another fund, are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed.

16. Pledged Revenues

The City has pledged sewer charges for services revenue to pay for the revenue bonds outstanding in the wastewater fund. The revenue bonds have been used for sewer system improvements and expansion. The revenues are pledged until the revenue bonds are paid in full. During fiscal year 2024, principal and interest payments on revenue bonds totaled \$1,949,038 and charges for services revenue was \$13,115,699.

17. Estimates Used in Financial Statement Preparation

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Deficit Fund Balances

Six special revenue funds with deficit fund balances were identified as of June 30, 2024 the Cable Television Franchise Fund \$(258,441), the Dangerous Building & Demolition Fund \$(2,660), the Law Enforcement Block Grant Fund \$(226), the Community Development Block Grant (CDBG) Fund \$(10,247), the City HOME Program Income Fund \$(8,179), and the Police Grants and Donations Fund \$(167,161) all carried deficit fund balances which will be covered by future assessments, grant revenue, and license and permit revenue in fiscal year 2025.

Four general obligation bond funds were identified as having a negative fund balances as of June 30, 2024: the 2012A Aquatics bond \$(40,418), the 2013A Refunding bond \$(190,779), the 2004 Refunding Bonds Debt Service \$(1,432) and the 2006 Fire Station GO bond \$(154,011). These deficits will be covered by tax revenue collections in the next fiscal year.

The sinking funds for the following Sidewalk & Curb and SID funds had deficit balances which will be cleared with tax collections in FY 2025: FY04 Sidewalk and Curb \$(3,627), FY12 Sidewalk and Curb \$(2,529), FY13 Sidewalk and Curb \$(21,901), FY16 Sidewalk and Curb \$(21,216)SID 526 \$(259,139), SID 532 \$(23,772), Gilbert St Sewer SID \$(24,903), and SID 549 \$(2,013).

The following SID Construction funds have deficit fund balances which will be cleared with funding sources received in FY2025 Lincolnwood Fund \$(14) and Pattee Creek Dr. Traffic Calming \$(320).

The following Capital Projects funds have deficit fund balances which will be mitigated through future debt issuance and grant revenues: Western Federal Lands \$(5,711), CY23 Sidewalk & Curb Construction Fund \$(25,203), CY24 Sidewalk & Curb Construction Fund \$(11,086), WFL Miller Creek Road \$(34), Mullen Area Build Grant \$(3,671,002), ARRA Enhancements \$(2,498), and ARRA HB 645 \$(23,677).

The Capital Improvement fund reported a negative fund balance \$(8,690,552) due to ongoing internal and external financing activities.

III. DETAILED NOTES ON ALL THE PRIMARY GOVERNMENT'S FUNDS

A. Cash and Cash Equivalents

	Primary Government	Fiduciary Funds	Component Units	Total
Petty Cash and Cash on Hand	\$ 13,023	\$ —	\$ 10,009	\$ 23,032
Demand Deposits	44,546,080	228,640	35,600,360	80,375,080
Certificates of Deposit	175,131	—	236,643	411,774
	<u>\$ 44,734,234</u>	<u>\$ 228,640</u>	<u>\$ 35,847,012</u>	<u>\$ 80,809,886</u>

The City's cash and investments are reported as follows:

	Unrestricted	Restricted	Total
Governmental Activities	\$ 27,867,666	\$ —	\$ 27,867,666
Business-Type Activities	14,211,152	2,655,416	16,866,568
Fiduciary Funds	228,640	—	228,640
Component Units	27,563,715	8,283,297	35,847,012
Total	<u>\$ 69,871,173</u>	<u>\$ 10,938,713</u>	<u>\$ 80,809,886</u>

Custodial credit risk for deposits is the risk that in the event of a financial institution failure, the City's deposits may not be returned or the City will not be able to recover the collateral securities in the possession of the outside party. The City minimizes custodial credit risk by restrictions set forth in City investment policy and state law. The City's investment policy and practice requires deposits to be secured by collateral valued at fair value. The City Treasurer maintains a listing of financial institutions, which are approved for investment purposes. Types of securities that may be pledged as collateral are detailed in Section 17-6-103 of the Montana Code Annotated (MCA). City investment policy requires that specific safeguards against risk of loss be evidenced when the City does not physically hold the securities.

At June 30, 2024, the carrying amount of the City's deposits in local banks was \$79,440,818 and the bank balances were \$84,231,035, of which \$961,253 was covered by federal depository insurance, and the remaining balance was covered by a letter of credit in the City's name.

The City of Missoula's investment policy states that the City will minimize the risk that the fair value of securities in the portfolio will fall due to changes in general interest rates, by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity.

The following table provides information about the interest rate risks associated with the City's deposits and investments.

	Maturities	Credit Risk Rating	Fair Value
Certificates of Deposit	11/2021-01/2024	NA	\$ 411,774
Money Market Funds	NA	Aaa-mf	—
Demand Deposits	NA	NA	80,375,080
Petty Cash and Cash on Hand	NA	NA	23,032
Total			<u>\$ 80,809,886</u>

Credit risk is defined as the risk that an issuer or other counterparty to an investment will not fulfill its obligation. The above credit risk rating indicates the probability that the issuer may default in making timely principal and interest payments. The credit ratings presented are provided by Fitch & Moody's. The City utilizes federal depository insurance and the bank's pledged collateral or letter of credit, held by the bank's agent in the City's name, all in accordance with the City's investment policy and state law, to minimize credit risk. The City also has intentionally restricted all investments to AAA rated U.S. Treasuries or U.S. Agency investments to minimize credit risk. This keeps City investments aligned with the City's investment policy in which safety of principal is the foremost objective of the investment program.

The following restricted cash/investments were held by the City as of June 30, 2024:

<u>Description</u>	<u>Amount</u>
Primary Government	
Debt Service	
Wastewater Fund - Restricted for debt service	1,002,247
Water Fund - Restricted for debt service	1,599,046
Storm Water Fund - Restricted for debt service	54,123
Component Units	
Missoula Redevelopment Agency - Restricted for debt service	7,314,768
Missoula Parking Commission - Restricted for Operating Reserve	192,129
Missoula Parking Commission - Restricted for Maintenance Reserve	776,400
Total Restricted Cash	<u>\$ 10,938,713</u>

The following fund balance/net position was restricted by the City for the reasons stated below as of June 30, 2024:

<u>Description</u>	<u>Amount</u>
Primary Government	
Governmental Funds - Restricted as shown in Note H	\$ 12,080,135
Waste water - Restricted for debt Service	1,002,247
Water - Restricted for Debt Service	1,599,046
Storm water - Restricted for Debt Service	54,123
Component Units	
Missoula Parking Commission - Restricted for Debt Service	779,521
Total Restricted fund balance/net position	<u>\$ 15,515,072</u>

B. Other Receivables

A summary of the City's accounts receivable and other receivables as of June 30, 2024, follows:

Proprietary Funds:

Waste Water (major fund) - Sewer Fees and Loans	\$	1,418,868
Waste Water (major fund) - Glenn Eagle Note		250,000
Waste Water (major fund) Liens Receivable		2,385
Waste Water (major fund) - Wastewater Hauler & Tipping Fees		129,148
Storm Water - Unbilled Storm Water Fees		81,703
Storm Water - Storm Water Fees		223,541
Storm Water - Storm Water Liens Receivable		422
Storm Water - License Reimbursement		4,800
Water (major fund) - Water Fees and Loans		1,806,068
Water (major fund) - Unbilled Water Fees		1,212,643
Water (major fund) - Water Liens Receivable		7,277
Civic Stadium - Lease Payment		10,000
Internal Service - Prior Period Premium Receivables		1,663
Internal Service - Health Claims Refund/Cobra Pmt		184,703
Total Proprietary Funds	\$	5,333,220

Governmental Funds:

General (major fund) - Various Licenses, Services and Fees	\$	135,450
General (major fund) - Sidewalk & Curb		15,908
General (major fund) - Insurance payments		19,324
General (major fund) - Streets reimbursements		4,576
General (major fund) - Hazardous Vegetation Violation		5,539
General (major fund) - Property Tax Reimbursements		10,280
General (major fund) - JEDI Training Reimbursement		10,731
General fund (major fund) - All Hazards Fund - Fire Reimbursements		3,575
General fund (major fund) - Cemetery Capital Reserve Fund - Cemetery Deposit		3,230
Cable TV Franchise - Franchise Fees		7,183
Building Inspection Fund - Tenant Deposit		2,400
Park District #1 (major fund) - Park & Recreation Revenue		1,394
Brownfields - Refund on Overpayment		600
Capital Improvement Program Fund (major fund) - Light Core Equipment Reimb		20,324
Total Governmental Funds	\$	240,514

Long Term Loans Receivable

A summary of the City's long-term loans receivable as of June 30, 2024, follows:

Primary Government:

CDBG - Missoula Art Museum	\$	114,905
\$200,000 at 1% interest to be repaid \$2,000 per year through 2014, then \$11,083 per year through 2034.		
CDBG - Missoula Housing Authority		64,232
\$200,000 at 1% interest to be repaid \$11,083 per year through 2030.		
CDBG - Parenting Place		81,081
\$130,000 at 1% interest to be repaid \$1,300 per year through 2016, then \$7,204 per year though 2036.		

CDBG - Partnership Health Center		275,000
\$275,000 with interest rate deferred and determined upon sale of property.		
HOME Fund - homeWORD		80,000
\$80,000 at 1% interest only monthly payments of \$66.67 through 2028, then interest increases to 3% and payments to \$551.09 through 2043.		
GRANTS & DONATION FUND - EPA Brownfield RLF		
Millsite Revitalization Project/Missoula Redevelopment Agency		
\$1,775,000 at 1.5% to be repaid solely from tax increment revenue resulting from the increased taxable value of the property within the Old Sawmill District. The loan is reflected as a liability of the Missoula Redevelopment Agency.		1,072,466
Riverfront Triangle Project		378,228
\$693,000 at 1% to be repaid by revenues from Riverfront Triangle Partners, LLC.		
Total Primary Government	\$	2,065,912

C. Advances From/To Other Funds, Due From/To Other Funds, Due to Other Governments, and Due to Private Parties

Advances From/To Other Funds

Long-term borrowings between funds are reported as advances within the funds. Loans are recorded as Advances Receivable in the lending fund and as Advances Payable in the loanee fund. The City has advances to the Capital Improvement Program fund from several Governmental funds. In addition, the Water fund has advance infrastructure contracts payable to several governmental funds, as well as the Missoula Redevelopment Agency (MRA).

	<u>Advances Receivable</u>	<u>Advances Payable</u>
General Fund (major fund)	\$ 193,342	\$ —
Capital Improvement Fund (major fund)	—	536,863
Non-major governmental funds	538,434	—
Water Operating (major fund)	—	1,473,290
Waste Water Operating (major fund)	776,628	—
Non-major proprietary funds	19,458	—
MRA (Component Unit)	<u>482,291</u>	—
	<u>\$ 2,010,153</u>	<u>\$ 2,010,153</u>

Due From/To Other Funds:

Negative cash balances are required to be reported as interfund loans. Material checks that are on the bank reconciliation but are held until after the balance sheet date are reclassified as accounts payable. Loans are recorded as Interfund Receivable in the lending fund and as Interfund Payable in the loanee fund. The principal purpose of the interfund transfers is to provide funds for cash deficits.

	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
	<u>Due From</u>	<u>Due To</u>
General Fund (major fund)	\$ 3,388,332	\$ —
Road District #1 Fund (major fund)	40,034	—
Park District #1 Fund (major fund)	468,039	—
Capital Improvement Fund (major fund)	1,494,308	8,192,313
Waste Water Operating (major fund)	361,763	—
Non-major governmental funds	9,018,810	6,217,210
Non-major proprietary funds	—	361,763
	<u>\$ 14,771,286</u>	<u>\$ 14,771,286</u>

Elk Hills Subdivision	3,900
Youth Programs	477
Total Due to Other Governments	<u>\$ 38,534</u>

D. Capital Assets

The City has identified three types of street infrastructure:

- 1) Arterial/collector streets
- 2) Commercial streets
- 3) Residential streets

Estimating construction costs

FY24 Arterial/Collector, Residential/Local, and Commercial were estimated based on prior year's bid.

Estimating overhead

- 1) Arterial/collector - 40% of estimated construction costs
- 2) Commercial - 25% of estimated construction costs
- 3) Residential - 25% of estimated construction costs

Total estimates per square yard

The total estimated construction and overhead costs per square yard of street are shown below for fiscal year 2024:

	Construction	Overhead	Total
Arterial/Collector	\$ 72 /Sq. Yard	\$29 /Sq. Yard	\$101 /Sq. Yard
Commercial	\$ 50 /Sq. Yard	\$13 /Sq. Yard	\$ 63 /Sq. Yard
Residential	\$ 47 /Sq. Yard	\$12 /Sq. Yard	\$ 59 /Sq. Yard

Depreciation and Amortization

Depreciation is calculated on a straight-line basis with a full month convention for all governmental assets except infrastructure.

Depreciation and Amortization expense was charged to the functions of the governmental activities of the primary government as follows:

Governmental activities:

General Government	\$ 1,114,966
Public Safety	2,391,340

Primary Government

For governmental activities, the net pension liability and other post employment benefits are primarily liquidated by the general fund, approximately 76% with the remaining amounts from the Road District, Park District, and Building funds. For compensated absences, the general fund normally liquidates 78%, while the Road District and Park District normally liquidates 11% & 10% respectively. The remaining 1% is liquidated by other governmental funds. The Financed Purchases are liquidated by the general fund, approximately 71%, with the remaining amounts liquidated from the Road District and Park District at 22% and 7% respectively.

General Obligation Bonds Payable

Paid from property tax revenues deposited in Debt Service Funds:

<u>Bonds</u>	<u>Date Issued</u>	<u>Date Matures</u>	<u>Rate</u>	<u>Amount Issued</u>	<u>Balance 6/30/2024</u>
2012 Refunding	2012	2024	1.50-2.25%	\$ 5,480,000	\$ —
2013 Refunding	2013	2026	0.0232	5,860,000	820,000
Total GO Bonds				<u><u>\$ 11,340,000</u></u>	<u><u>\$ 820,000</u></u>

Annual debt service requirements to maturity for General Obligation Bonds as of June 30, 2024, were as follows:

Fiscal Year Ending

<u>June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$ 405,000	\$ 19,024	\$ 424,024
2026	415,000	9,628	424,628
Total	<u><u>\$ 820,000</u></u>	<u><u>\$ 28,652</u></u>	<u><u>\$ 848,652</u></u>

Legal Debit Margin

State statutes limit the amount of general obligation debt a governmental entity may issue to 2.5 percent of its total assessed valuation. The current debt limitation for the City of Missoula is \$370,418,660 which is significantly in excess of the City of Missoula's outstanding general obligation debt. The City has continued to utilize its general obligation debt capacity to a very low percentage, with the result that we have maintained a strong financial position and an AA+ bond rating which was affirmed with Standard and Poor's on September 7, 2018.

On February 25, 2016 the City issued General Fund Obligation New Money and Refunding Bonds, Series 2016 in the amount of \$3,900,000, with an average interest rate of 3.27%. This issuance included a premium on sale of \$387,927, which will be amortized over the life of the bonds as a component of interest expense. The 2016 debt advance refunded \$660,000 of Series 2006B, \$1,090,000 of Series 2006C, partially advance refunded \$385,000 of Series 2007B, and \$500,000 of Series 2007C, which had average interest rates of 4.53%, 3.96%, 4.17%, and 4.25%, respectively. The 2016 debt also provided \$1,435,000 in new money.

A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. In accordance with GASB Statement No. 65 (GASB 65) this amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. At June 30, 2024, the City reports deferred outflows of resources from the 2012A (\$0) and the 2013A (\$67,155) refunding bonds. The deferred charges have been amortized (\$34,719 and \$33,578 per year) as a component of interest expense in the Statement of Activities.

Limited Obligation Bonds

Paid from General Fund revenues:

Pursuant to the "Special District Act" in Montana Code Annotated, Title 7, Chapter 11, Part 10, local governments are authorized to create special districts whenever the public convenience and necessity may require. The Special District Act further authorizes the entity administering a special district to, among other things, borrow money by the issuance of general obligation bonds or revenue bonds for the lease, purchase, and maintenance of land, facilities and buildings and the funding of projects. The governing body of a local government creating a special district is required by the Special District Act to make assessments or impose fees for the costs of the special district, and to levy such assessments against the benefited lots or parcels of land within the special district.

2035-2039	1,416,000	28,250	33,144,417	10,518,321	45,106,988	
2040-2044	—	—	36,515,797	2,983,503	39,499,300	
Total	\$ 12,655,000	\$ 2,820,308	\$ 118,036,343	\$ 53,838,820	\$ 187,350,471	

On April 3, 2023 the City adopted the "Resolution Relating to \$4,207,000 Sewer System Revenue Bond (DNRC Water Pollution Control State Revolving Loan Program), Series 2023; Authorizing the Issuance and Prescribing the Forms and Terms Thereof and the Security Therefor; and Amending the Reserve Requirement for Sewer System Revenue Bonds".

The Borrower has received written consent from the bond holders to amend the definition of reserve requirement as follows: "Reserve Requirement" means, as of the date of calculation, an amount equal to one-half the maximum amount of principal and interest payable on the Bonds in the current or any future Fiscal Year (giving effect to any Sinking Fund Payment Dates with respect to any series of Bonds)." Excess amounts in the reserve account are expected to be applied to prepay outstanding bonds.

On June 30, 2020 the City issued Sewer System Revenue and Refunding Bonds, Series 2020A in the aggregate principal amount of \$11,645,000 with an average interest rate of 3.66%. The 2020A issuance included a premium on sale of \$2,494,178, which will be amortized over the life of the bonds as a component of interest expense. A portion of the 2020A bonds was used to refund the Series 2010 RZED Sewer Bonds outstanding principal amount of \$9,085,000. The 2020A bonds also provided \$4,945,920 in new money. Proceeds from the sale of the refunding bonds in the amount of \$8,917,851 and prior issue debt service reserves of \$707,788 were deposited in an irrevocable escrow account to call, pay and redeem the Series 2010 Refunded Maturities on August 15, 2020. The City reduced its aggregate debt service payments by \$1,763,047 over the next 16 years by refunding the prior debt and there was an economic gain on the refunding of \$1,689,666.

On June 30, 2020 the City issued Taxable Sewer System Revenue Refunding Bonds, Series 2020B in the aggregate principal amount of \$865,000 with an average interest rate of 2%. The 2020B issuance included a premium on sale of \$41,725, which will be amortized over the life of the bonds as a component of interest expense. Prior issue debt service reserves of \$116,050 and the 2020B bonds were used to advance refund the Series 2011 Sewer Bonds outstanding principal amount of \$900,000. These funds were deposited in an escrow

account to pay the principal of and interest on, as applicable, the Series 2011 Bonds due on January 1, 2021 and July 1, 2021; and redeem the July 1, 2022 through July 1, 2031 maturities of the Series 2011 Bonds on the anticipated call date of July 1, 2021 at a price of par plus accrued interest. The City reduced its aggregate debt service payments by \$260,197 over the next 12 years by refunding the prior debt and there was an economic gain on the refunding of \$232,382.

On April 1st, 2019 the City issued Water System Revenue Bonds 2019A and 2019B in the aggregate amount of \$101,680,000 with an average coupon rate of 4.432% and a premium of \$12,348,360. These bonds redeemed, along with other available funds, the City's outstanding water system Revenue Bond Anticipation Notes, Series 2017A and 2017B.

On November 18, 2016, the City passed a Resolution to issue sewer system revenue bonds Series A in the amount of \$1,766,000 to finance the purchase of the local composting facility, and Series B in the amount of \$1,262,000 to acquire capital equipment for the operation of the composting facility which was incorporated into the operations of the wastewater utility. The Series A bond bears interest at a rate of 2.75% per annum with a maturity of January 1, 2037. The Series B Bond bears interest at a rate of 2.25% per annum with a maturity of January 1, 2027.

Revenue Bond Covenants

The Sewer Revenue Bonds require:

- 1) Segregated cash accounts with restrictions on their use.
- 2) Accounting for the sewer fund in accordance with generally accepted accounting principles and issuing audited statements annually.
- 3) Billing quarterly, no free services, and legal action to collect delinquencies.
- 4) Reserves in operating account and Revenue Bond accounts (maximum due in any future calendar year).
- 5) Net revenues at least equal to 125% of the maximum annual debt service.
- 6) The bonds may be redeemed early if approval is sought from the Department of Natural Resources and all payments are current.

The Water Revenue Bonds require:

- 1) Segregated Water Funds and Accounts with restrictions on their use.
- 2) Accounting for the water fund in accordance with generally accepted accounting principles and issuing audited statements annually.
- 3) No free services, and enforce the payment of any accounts owing by discontinuing service or pursuing legal action.
- 4) Reserves in Reserve Account (maximum due in any future calendar year).
- 5) Net revenues at least equal to 125% of the maximum annual debt service.
- 6) The 2019A & 2019B Bonds maturing July 1, 2021 - 2028 are not subject to redemption prior to their stated dates of maturity. The City has reserved the right to redeem and call the 2019A & 2019B Bonds maturing on or after July 1, 2029, prior to their stated dates of maturity.

The City of Missoula is in substantial compliance with all of the above requirements.

Special Assessment Debt with Government Commitment

Property owners are assessed for principal and interest to repay special assessment bonds. If sufficient funds are not received, loans are made from the SID Revolving fund. This fund is financed by fees paid by each new SID, by cash transferred from the general fund if needed and by any surplus remaining in completed SID's. The cash balance in the Revolving Fund must equal at least 5% of the principal amount of debt outstanding. If the cash balance is less than 5%, a levy is required to bring the cash balance to the required minimum. The required minimum and cash balance at June 30, 2024 is \$266,342.

The following table lists all outstanding special assessment bond issues and the outstanding balance as of June 30, 2024:

Subscription-Based Information Technology Arrangements

The City reports a subscription liability and an intangible right-to-use capital asset (known as the subscription asset) on the government-wide financial statements.

In the governmental fund financial statements, the City recognizes subscription proceeds and capital outlay at initiation of the subscription, and the outflow of resources for the subscription liability as a debt service payment. The City has a policy to recognize subscriptions over \$10,000 as a subscription liability and intangible capital asset.

Governmental Activities

On 01/01/2024, Missoula, MT entered into a 120 month subscription for the use of Axon . An initial subscription liability was recorded in the amount of \$451,931. As of 06/30/2024, the value of the subscription liability is \$439,033, and the value of the short-term subscription liability is \$33,702. Missoula, MT is required to make annual fixed payments of \$12,898. The subscription has an interest rate of 5.7500%. This agreement has extension option(s), each for 60 months.

The value of the right to use assets as of 06/30/2024 of \$676,421 with accumulated amortization of \$174,776.

Notes from Direct Borrowings

In fiscal year 2012 the City entered into two notes payable as part of the purchase of the Civic Stadium. The payments on the notes payable are funded by a long-term lease of the Civic Stadium, which will enable the City to make the required debt service payments. The cost of the leased assets are \$3,555,000 with accumulated depreciation of \$1,066,500.

The following table lists all outstanding Civic Stadium Enterprise Fund Notes Payable and the outstanding balances as of June 30th, 2024:

	Date <u>Issued</u>	Date <u>Matures</u>	Amount <u>Issued</u>	Balance <u>June 30, 2024</u>
Paid from Civic Stadium operating revenues:

FBO Contracts Payable

As part of the Settlement Agreement with Liberty Utilities to acquire the water system the City entered into an Assignment and Assumption Agreement with Mountain Water Company on June 5, 2017. Under this agreement the City assumed \$8,025,822 of FBO (Funded by Others) Contracts Payable. The original contracts were entered into when developers paid for or constructed facilities used by the water utility to provide water service to customers and the water utility agreed to refund such amounts to each contract holder over a 40 year period. The FBO payables incur no interest, but under generally accepted accounting principles, the balance is discounted to a present value for reporting purposes. The City reflects a present value payable of \$4,466,038 on the face value of \$5,224,220, utilizing an annually adjusted Federal Reserve rate of 1.92%.

Component Units

Missoula Parking Commission:

Revenue Bonds from Direct Placements

On December 29, 2010, the Commission issued \$635,000 of Series 2010A refunding bonds and \$7.5 million of Series 2010B recovery zone economic development bonds. On March 26, 2014, the Commission refunded the 2010A and 2010B Series and issued the Series 2014 refunding bonds. The Commission incurred issuance costs of \$215,526 and recorded a gain on refunding of \$131,057. The issuance costs were expensed in accordance with GASB 65, Items Previously Reported as Assets and Liabilities. The bonds carry interest rates ranging from 2% to 4.35% and mature annually from 2014 through October 1, 2035. The Missoula Redevelopment Agency has committed to paying 40% of all principal and interest payments for the life of the bond. Under the terms of the agreement, the Agency will transfer \$133,425 of pledged tax increment funds to MPC in two equal installments each year.

The Commission's outstanding debt from the above direct placement contains a provision that in an event of default, outstanding amounts become immediately due if the Commission is unable to make payment. The bonds are secured by a pledge of operating revenues derived from the operations of the Commission's on-street and off-street parking facilities, after payment of all necessary operation and maintenance expenses and from service tax increment revenues received by the City of Missoula.

Revenue bonds paid from parking revenues:

Financed Purchase Agreements

In 2018, the Commission entered into a financed purchase agreement with First Security Bank to finance the purchase of parking access and revenue control equipment, license plate recognition technology, and one electric scooter. The financed purchase agreement has a one-year term with seven annual, one-year renewal options exercisable by the Commission with an interest component of 3.00%. First Security Bank's interest in the assets will terminate upon the Commission's payment of \$1,195,400 in principal and interest on the financed purchase agreement. As of June 30, 2024, the Commission has capitalized \$1,126,145 in total assets related to this financed purchase with an associated accumulated depreciation balance of \$493,271.

Silver Park, Wyoming Street and Trestle Bonds - Direct Placement

The Agency issued \$5,750,000 of Tax Increment Urban Renewal Bonds in March 2013. The bonds were issued to finance public improvements in Silver Park, the construction of Wyoming Street from Hickory Street to California Street and replace the aging train trestle located within Agency II. The bonds were issued at par and bear an interest rate of 3.15%. The bonds are secured by a first lien upon and pledge of tax increment revenues from Agency II. The Agency estimates tax increment revenue to be sufficient to cover the principal and interest requirements of the Series 2006 and Series 2013 Bonds. The bond resolution requires, among other things, that all of Agency II's tax increment revenue, except revenues generated by the excluded properties as identified in the bond covenants, be deposited in a debt service fund as required to pay principal and interest on the bonds when due, and to provide certain reserves for future bond payments.

After all required amounts have been deposited in the accounts, the remaining tax increment funds may be used to pay costs associated with construction of other urban renewal activities within Agency II, to redeem all or a portion of the Series 2013 bonds or to return a portion of the tax increment revenues to the taxing jurisdictions located within Agency II, as provided by state law.

Intermountain Lumber Site - Direct Placement

The Agency issued \$1,753,500 of Tax Increment Urban Renewal Bonds in May 2013. The bonds were issued to finance demolition, site preparation, and infrastructure improvements on the old Intermountain Lumber Site Property located within Agency II. The bonds were issued at par and bear an interest rate of 4.25%. The bonds are secured by a first lien upon and pledge of tax increment revenues derived from the Project Site. The bond resolution requires, among other things, that the Project's tax increment revenue, be deposited in a debt service fund as required to pay principal and interest on the bonds when due.

After all required amounts have been deposited in the accounts, the remaining tax increment funds may be used to pay costs associated with construction of other urban renewal activities within Agency II, including additional expenses for the Lumber Site development, to redeem all or a portion of the Series 2013 bonds or to return a portion of the tax increment revenues to the taxing jurisdictions located within Agency II, as provided by state law.

Safeway Bonds

The Agency issued \$1,500,000 of Tax Increment Urban Renewal Revenue Bonds in October 2007. The bonds were issued to finance demolition, site preparation and infrastructure improvements and their associated design costs related with the Safeway, Inc. Project site. The bonds were issued at par, bear interest of 6.95%, and are secured by a first lien upon and pledge of tax increment revenues derived from the Project Site. Should tax increment revenues in any given year not be sufficient to pay the principal and interest payments, Safeway, Inc. (the Guarantor) is obligated to pay the deficiency. Tax increment in excess of debt service requirements will be (1) used to make Guarantor reimbursements for prior debt service deficiencies, (2) retained in an excess tax increment fund until the amount equals the maximum annual debt service for the bonds, and (3) used to prepay the Series 2007 bonds.

Repayment of the debt service deficiency to the Guarantor at June 30, 2024, has been estimated at \$138,493. In 2019 the previously recorded Guarantor provision was reversed as the Agency does not consider the loss probable. No provision has been made at June 30, 2024.

South Reserve Street Pedestrian Bridge Bonds - Direct Placement

The Agency issued \$5,000,000 of Tax Increment Urban Renewal Revenue Bonds in December 2015. The bonds were issued to fund the design and construction of a pedestrian bridge over South Reserve Street connecting the Missoula to Lolo Trail to the Bitterroot Branch Trail. The bonds were issued at par, bear interest of 4.35%, and are secured by a first lien upon and pledge of tax increment revenues derived from Agency III. The bond resolution requires, among other things, that Agency III's tax increment revenues be deposited in a debt service fund as required to pay principal and interest on the bonds when due. After all required amounts have been deposited in the accounts, the remaining tax increment funds may be used to pay costs associated with construction of other urban renewal activities within Agency III, to redeem all or a portion of the bonds or to return a portion of the tax increment revenues to the taxing jurisdictions located within Agency III, as provided by state law.

North Reserve/Scott Street Bonds - Direct Placement

In December 2015, the City of Missoula approved the sale of \$1,364,400 of Senior Subordinate Tax Increment Urban Renewal Revenue Bonds in the NRSS Agency. The bonds were issued to fund certain public improvements related to redevelopment of Bretz RV & Marine, construction of the new Consumer Direct office building and the Scott Street Village housing project. The bonds were issued as senior subordinate debt to future public improvement bonds approved by the NRSS Agency. The bonds were issued at par, bear interest of 4.50%, and are secured by a senior subordinate lien upon and pledge of tax increment revenues derived from the NRSS Agency. The bond resolution requires, among other things, that NRSS Agency's tax increment revenue, be deposited in a debt service fund as required to pay principal and interest on the bonds when due. After all required amounts have been deposited in the accounts, the remaining tax increment funds may be used to pay costs associated with construction of other urban renewal activities within NRSS Agency, to redeem all or a portion of the bonds or to return a portion of the tax increment revenues to the taxing jurisdictions located within Agency, as provided by state law.

Front Street Series A Bonds - Direct Placement

In December 2017, the City approved the sale of \$1,162,500 of Tax Increment Urban Renewal Subordinate Lien Revenue Refunding Bonds in the Front Street Agency. The bonds were issued to refund the taxable portion of the Series 2010 First Interstate Bank Note. The bonds were issued at par, bear interest of 5.75%, and are secured by a subordinate lien upon and pledge of tax increment revenues derived from Front Street Agency. The bond resolution requires, among other things, that Front Street Agency's tax increment revenues be deposited in a debt service fund as required to pay principal and interest on the bonds when due. After all required amounts have been deposited in the accounts, the remaining tax increment funds may be used to pay costs associated with construction of other urban renewal activities within Front Street Agency, to redeem all or a portion of the bonds or to return a portion of the tax increment revenues to the taxing jurisdictions located within Agency, as provided by state law.

The Agency increased its aggregate debt service payments by \$153,521 over the next 25 years by refunding the prior debt and there was an economic gain on the refunding of \$114,419. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. In accordance with GASB Statement No. 65 (GASB 65) this amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. At June 30, 2024, the City reports deferred outflows of resources in the amount of \$12,380 related to the refunding bonds. The deferred charges will be amortized as a component of interest expense in the Statement of Revenues, Expenses and Changes in Fund Balances.

Front Street Series B Bonds - Direct Placement

In January 2017, the City of Missoula approved the sale of \$277,500 of Tax Increment Urban Renewal Subordinate Lien Revenue Refunding Bonds in the Front Street Agency. The bonds were issued to refund the portion of the Series 2010 First Interstate Bank Note related to financing the 2010 public improvements. The bonds were issued at par, bear interest of 4.50%, and are secured by a subordinate lien upon and pledge of tax increment revenues derived from Front Street Agency. The bond resolution requires, among other things, that Front Street District's tax increment revenues be deposited in a debt service fund as required to pay principal and interest on the bonds when due. After all required amounts have been deposited in the accounts, the remaining tax increment funds may be used to pay costs associated with construction of other urban renewal activities within Front Street Agency, to redeem all or a portion of the bonds or to return a portion of the tax increment revenues to the taxing jurisdictions located within Agency, as provided by state law.

Information regarding the change in cash flow and economic gain related to the refunding are noted above under Front Street Series A Bonds. The refunding was completed with the issuance of both the Front Street Series A and B Bonds.

Front Street Series C Bonds - Direct Placement

In January 2017, the City of Missoula approved the sale of \$3,260,500 of Tax Increment Urban Renewal Subordinate Lien Revenue Bonds in the Front Street Agency. The bonds will be used to acquire a public parking unit to be owned and operated by the Missoula Parking Commission as well as fund the issuance costs. The bonds were issued as subordinate debt to the 2014 bonds and any future debt issued at parity with the 2014 bonds approved in the Front Street Agency. The bonds were issued at par, bear interest of 4.50%, and are secured by a subordinate lien upon and pledge of tax increment revenues derived from Front Street Agency. The bond resolution requires, among other things, that Front Street Agency's tax increment revenues be deposited in a debt service fund as required to pay principal and interest on the bonds when due. After all required amounts have been deposited in the accounts, the remaining tax increment funds may be used to pay costs associated with construction of other urban renewal activities within the Front Street Agency, to redeem all or a portion of the bonds or to return a portion of the tax increment revenues to the taxing jurisdictions located within Agency, as provided by state law.

URD III Series A - Mary Avenue West Bonds - Direct Placement

In June 2017, the City of Missoula approved the sale of \$1,600,000 of Tax Increment Urban Renewal Revenue Bonds in Agency III. The bonds were issued to fund certain public improvements and extensions to Mary Avenue from the Bitterroot Branch Railroad Line westward to Reserve Street. The bonds were issued on parity with other URD III bonds. The bonds were issued at par, bear interest of 4.65%, and are secured by a first lien upon and pledge of tax increment revenues derived from Agency III. The bond resolution requires, among other things, that Agency III's tax increment revenues be deposited in a debt service fund as required to pay principal and interest on the bonds when due. After all required amounts have been deposited in the accounts, the remaining tax increment funds may be used to pay costs associated with construction of other urban renewal activities within Agency III, to redeem all or a portion of the bonds or to return a portion of the tax increment revenues to the taxing jurisdictions located within Agency, as provided by state law.

URD III - Mary Avenue East Bonds - Direct Placement

January 2015, the City of Missoula approved the sale of \$7,065,000 of Tax Increment Urban Renewal Revenue Bonds in Agency III. The bonds were issued in October 2015 to fund certain infrastructure improvements in connection with the Southgate Mall Project. The bonds were on parity with other URD III bonds. The bonds were issued at par, bear interest of 4.35%, and are secured by a first lien upon and pledge of tax increment revenues derived from Agency III. The bond resolution requires, among other things, that Agency III's tax increment revenues be deposited in a debt service fund as required to pay principal and interest on the bonds when due. After all required amounts have been deposited in the accounts, the remaining tax increment funds may be used to pay costs associated with construction of other urban renewal activities within Agency III, to redeem all or a portion of the bonds or to return a portion of the tax increment revenues to the taxing jurisdictions located within Agency, as provided by state law.

Scott Street Village - Phase 2 & 3 Bonds - Direct Placement

On December 11, 2017 the City of Missoula pursuant to Resolution 8229 approved the sale of \$723,514 in tax increment urban renewal revenue bonds in North Reserve-Scott Street (NRSS) URD to fund public infrastructure improvements related to the construction of phases 2 and 3 of a housing development called Scott Street Village by Edgell Building Incorporated. This bond was issued on parity with other senior subordinate debt in the Agency. The bonds were issued at par, bear interest of 4.75%, and are secured by a senior subordinate lien upon and pledge of tax increment revenues derived from the NRSS Agency. The bond resolution requires, among other things, that NRSS Agency's tax increment revenue, be deposited in a debt service fund as required to pay principal and interest on the bonds when due. After all required amounts have been deposited in the accounts, the remaining tax increment funds may be used to pay costs associated with construction of other urban renewal activities within NRSS Agency, to redeem all or a portion of the bonds or to return a portion of the tax increment revenues to the taxing jurisdictions located within Agency, as provided by state law.

On March 1, 2021 the bond was partially redeemed for the amount of \$259,047. The amount attributed to principal and interest was \$253,761 and \$5,286, respectively. The debt service requirements to maturity schedule has been re-amortized to include the partial redemption.

URDIII Series 2018A - MRL

In August 2018, the City of Missoula approved the sale of \$1,239,404 of Tax Increment Urban Renewal Revenue Bonds in Agency III. The bonds were issued in September 2018 to finance the acquisition of the Montana Rail Link (MRL) property and the undertaking of certain improvements. The bonds were on parity with other URD III bonds. The bonds were issued at par, bear interest of 5.25%, and are secured by a first lien upon and pledge of tax increment revenues derived from Agency III. The bond resolution requires, among other things, that Agency III's tax increment revenues be deposited in a debt service fund as required to pay principal and interest on the bonds when due. After all required amounts have been deposited in the accounts, the remaining tax increment funds may be used to pay costs associated with construction of other urban renewal activities within Agency III, to redeem all or a portion of the bonds or to return a portion of the tax increment revenues to the taxing jurisdictions located within Agency, as provided by state law.

In August 2018, the City of Missoula approved the sale of \$2,681,782 of Tax Increment Urban Renewal Revenue Bonds in Agency III. The bonds were issued in September 2018 to finance the acquisition of the Montana Rail Link (MRL) property and the undertaking of certain improvements. The bonds were on parity with other URD III bonds. The bonds were issued at par, bear interest of 4.375%, and are secured by a first lien upon and pledge of tax increment revenues derived from Agency III. The bond resolution requires, among other things, that Agency III's tax increment revenues be deposited in a debt service fund as required to pay principal and interest on the bonds when due. After all required amounts have been deposited in the accounts, the remaining tax increment funds may be used to pay costs associated with construction of other urban renewal activities within Agency III, to redeem all or a portion of the bonds or to return a portion of the tax increment revenues to the taxing jurisdictions located within Agency, as provided by state law.

Front Street Series 2019

In February 2019, the City of Missoula approved the sale of \$3,647,844 of Tax Increment Urban Renewal Subordinate Lien Revenue Bonds in the Front Street Agency. The bonds were issued on parity with other subordinate debt in the Agency in May 2019 for the Mercantile Project and related improvements. The bonds were issued at par, bear interest of 4.00%, and are secured by a subordinate lien upon and pledge of tax increment revenues derived from the Front Street Agency. The bond resolution requires, among other things, that the Front Street Agency's tax increment revenues be deposited in a debt service fund as required to pay principal and interest on the bonds when due. After all required amounts have been deposited in the accounts, the remaining tax increment funds may be used to pay costs associated with construction of other urban renewal activities within the Front Street Agency, to redeem all or a portion of the bonds or to return a portion of the tax increment revenues to the taxing jurisdictions located within Agency, as provided by state law.

Scott Street Series 2020A and 2020B

On August 3, 2020 the City of Missoula pursuant to Resolution 8443 approved the sale of \$6,604,000 principal amount of tax increment urban renewal revenue bonds, consisting of \$3,302,000 Tax Exempt Series 2020A and \$3,302,000 Taxable Series 2020B, to finance the acquisition of the Scott Street Property described as Lot 3, Scott Street Lots, a platted subdivision in the City of Missoula, located in the north one-half of Section 16, Township 13 North, Range 19 West, Principal Meridian, Montana, Missoula County, Montana, containing 19.15 acres. This bond Series 2020A and Series 2020B was issued on August 14, 2020 and was completely drawn down at closing. The bond was issued on parity with other senior-subordinate debt in the district. The original purchaser of the negotiated sale bonds was First Security Bank Division of Glacier Bank, Missoula MT. The final maturity date is July 1, 2045. The interest rate on the Series 2020A Tax Exempt bond is 3.80% per annum.

The interest rate on the Series 2020B taxable bond is 4.50% per annum. Interest only payments are due January 1 and principal and interest payments are due July 1 payable from tax increment generated by the North Reserve-Scott Street URD directly to the bondholder commencing January 1, 2021. The bond resolution requires, among other things, that NRSS Agency's tax increment revenue, be deposited in a debt service fund as required to pay principal and interest on the bonds when due. After all required amounts have been deposited in the accounts, the remaining tax increment funds may be used to pay costs associated with construction of other urban renewal activities within NRSS Agency, to redeem all or a portion of the bonds or to return a portion of the tax increment revenues to the taxing jurisdictions located within Agency, as provided by state law.

AC Hotel Series 2021

In April 2021, the City of Missoula approved the sale and issuance of \$1,886,105 Subordinate Lien Tax Increment Urban Renewal Revenue Bonds in the Front Street Agency to reimburse certain costs related to the AC Hotel project. The bond was issued at par, bears interest of 2.00%, and is secured by a subordinate lien upon and pledge of tax increment revenues derived from the Front Street Agency. The bond resolution requires, among other things, that the Agency's tax increment revenues be deposited in a debt service fund as required to pay principal and interest on the bonds when due. After all required amounts have been deposited in the accounts, the remaining tax increment funds may be used to pay costs associated with construction of other urban renewal activities within the Agency, to redeem all or a portion of the bonds or to return a portion of the tax increment revenues to the taxing jurisdictions located within District, as provided by state law.

Urban Development Renewal Series 2022A and 2022B

Direct Placement On October 18, 2022 the City of Missoula approved the sale of \$3,815,007 principal amount of tax increment urban renewal revenue bonds, consisting of \$1,583,471 Series Tax Exempt 2022A and \$2,231,536 Taxable Series 2022B, to refund the Refunded 2006 Bonds, to reimburse the Agency for the purchase price of the Bridge Apartments, and to pay costs of issuance. This bond Series 2022A and Series 2022B was issued on October 18, 2022 and was completely drawn down at closing. The bond was issued on parity with other senior-subordinate debt in the district. The original purchaser of the negotiated sale bonds was First Security Bank Division of Glacier Bank, Missoula MT. The final maturity date is July 1, 2031. The interest rate on the Series 2022A Tax Exempt bond is 3.50% per annum.

The Agency decreased its aggregate debt service payments by \$382,784 (net fair value cash flow savings) by refunding the prior debt and there was an economic gain on the refunding of \$66,799 (net present value benefit). No deferred charge on refunding resulted from the transaction as the carrying value of refunded debt was equal to the reacquisition price.

The interest rate on the Series 2022B taxable bond is 4.50% per annum. The principal and Interest payments are due January 1 and July 1 payable from tax increment generated by the Urban Renewal District II directly to the bondholder commencing January 1, 2023. The bond resolution requires, among other things, that URD II's tax increment revenue, be deposited in a debt service fund as required to pay principal and interest on the bonds when due. After all required amounts have been deposited in the accounts, the remaining tax increment funds may be used to pay costs associated with construction of other urban renewal activities within URD II to redeem all or a portion of the bonds or to return a portion of the tax increment revenues to the taxing jurisdictions located within Agency, as provided by state law.

North Reserve Scott Street Urban Renewal District Series 2024A, 2024A BOI, and 2022B

Direct Placement - On January 24, 2024, the City of Missoula approved the sale of \$4,202,000 principal amount of tax increment urban renewal revenue bonds series 2024A, consisting of \$2,101,000 Series Tax Exempt 2024A and \$2,101,000 Series Tax Exempt 2024A BOI. In addition, it was approved for the sale of \$5,598,000 of Taxable Series 2024B for the Ravara Infrastructure and Workforce Housing Project. These bond Series 2024A, 2024A BOI, and Series 2022B were issued on June 20, 2024, and was completely drawn down at closing. The bond was issued on parity with other senior-subordinate debt in the Agency. The original purchaser of the negotiated sale bonds was First Security Bank Division of Glacier Bank, Missoula Montana. The final maturity date is January 1, 2044. The interest rate on the Series 2024A Tax Exempt bond is 6.58% and interest rate on the Series 2024A BOA Tax Exempt bond is 1.71% per annum. The interest rate on the Series 2024B taxable bond is 4.50% per annum. The principal and interest payments are due January 1 and July 1 payable from tax increment generated by the North Reserve Scott Street Urban Renewal District directly to the bondholder commencing January 1, 2025. The bond resolution requires, among other things, that NRSS's tax increment revenue, be deposited in a debt service fund as required to pay principal and interest on the bonds when due. After all required amounts have been deposited in the accounts, the remaining tax increment funds may be used to pay costs associated with construction of other urban renewal activities within NRSS to redeem all or a portion of the bonds or to return a portion of the tax increment revenues to the taxing jurisdictions located within Agency, as provided by state law.

Riverfront Triangle Series 2019

In March 2019, the City of Missoula approved the sale of \$1,529,318 of Subordinate Tax Increment Urban Renewal Revenue Note in the Riverfront Triangle Agency. The note was issued in June 2019 for the Stockman Bank Project and related infrastructure improvements. The note was issued at par, bear interest of 4.00%, and is secured by a subordinate lien upon and pledge of tax increment revenues derived from the Riverfront Triangle Agency. The note resolution requires, among other things, that the Riverfront Triangle Agency's tax increment revenues be deposited in a debt service fund as required to pay principal and interest on the note when due. After all required amounts have been deposited in the accounts, the remaining tax increment funds may be used to pay costs associated with construction of other urban renewal activities within the Riverfront Triangle Agency, to redeem all or a portion of the note or to return a portion of the tax increment revenues to the taxing jurisdictions located within Agency, as provided by state law.

MPC Note Payable

In December 2010, the Missoula Parking Commission (MPC) issued \$7,500,000 of bonds to fund the construction of a new parking structure. In April 2014, MPC refunded the 2010 bonds and issued new bonds totaling \$7,160,000. The Agency agreed to fund a portion of the bonds which will be supported by parking revenue and tax increment revenue. The bonds bear interest ranging from 2.00% to 4.35%. The Agency has committed to paying 40% of all principal and interest payments for the life of the bond. Under the terms of the agreement, the Agency will transfer \$133,425 of pledged tax increment funds to MPC in two equal installments each year.

Brownfields RLF Note Payable

In 2004, the City of Missoula applied for and received a \$1 million grant from the U.S. Environmental Protection agency (EPA) to create a revolving loan fund (RLF) to be used for brownfields remediation. The City entered into a subrecipient agreement with the Missoula Area Economic Development Corporation (MAEDC) to manage the revolving loan fund. MAEDC provided \$200,000 in matching funds required under the EPA grant, creating a total loan fund of \$1.2 million. In August 2006, MAEDC, at the direction of the Missoula Brownfields Cleanup RLF Committee, made a loan of \$1,000,000 bearing interest at 1.5% to Millsite Revitalization Project (MRP) LLC, the developer of the Old Sawmill District, with MRA and the City identified as co-borrowers. The loan will be repaid solely from tax increment revenue resulting from the increased taxable value of the property within the Old Sawmill District post remediation and platting. Subsequent tax increment revenue from property development will be available to the district for other uses. The note is not a general obligation of the City. For these reasons, the loan is reflected as a liability of MRA. The City received additional funding from EPA and in December 2009, MRA, MRP, and MAEDC elected to increase the loan by \$400,000 under the same terms. Subsequent to issuance, the servicing on the loan transferred to MoFi. In July 2012, the loan was increased to \$1.775 million.

2010 Series First Interstate Bank Note Payable

In December 2010, the Agency issued a note with First Interstate Bank (the Bank) for \$1,623,380 to repay the Bank for project costs incurred that were legally eligible for reimbursement from tax increment funding. The Agency and the Bank agreed to a repayment schedule that included a subordinate note that was to be financed by the Bank's guaranteed minimum tax payments over 25 years at 6.55%.

On January 12, 2017, the Agency issued two subordinate lien revenue refunding bonds, Series 2017A and Series 2017B, which is a current refunding of the above note. Additional details related to the refunding are included above under the Series 2017A and Series 2017B Front Street Bonds. Due to the refunding, the Bank note was paid in full as of June 30, 2017.

Conduit Debt Obligations

The City has participated in several issues of industrial revenue bonds issued for the purpose of constructing privately operated facilities within the City. These bonds are not direct or contingent liabilities of the City. Revenues from lease agreements and property purchased with the bond proceeds are pledged for the total payment of principal and interest on the bonds and the bondholders can look only to these sources for repayment. Neither the City, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of June 30, 2024, there were two series of industrial revenue bonds outstanding, with an aggregate principal amount payable of \$12,229,497.

F. Employee Benefits

1. Statewide Retirement Plans

Substantially all full-time City employees are eligible for one of three state-wide cost-sharing multiple-employer retirement plans. The City had a total payroll of \$56,817,996 for 2024, of which \$46,004,982 is covered by PERS, MPORS, or FURS. The financial information for all three retirement plans are reported in the Public Employees' Retirement Board's published "Annual Comprehensive Financial Report" for the fiscal year end. It is available from MPERA at P.O. Box 200131, Helena, MT 59620-0131, (406) 444-3154. Retirement expenditures are reported in the fund incurring the expense.

Public Employees' Retirement System (PERS)

In accordance with GASB Statement 68, Accounting and Financial Reporting for Pensions, employers and the non-employer contributing entity are required to recognize and report certain amounts associated with participation in the Public Employees' Retirement System Defined Benefit Retirement Plan (the Plan). This includes the proportionate share of the collective Net Pension Liability; Pension Expense; and Deferred Outflows and Deferred Inflows of Resources associated with pensions. Employers are provided guidance in GASB Statement 68, paragraph 74, where pension amounts must be combined as a total or aggregate for reporting, whether provided through cost-sharing, single-employer, or agent plans. This report provides information for employers who are using a June 30, 2023, measurement date for the 2024 reporting.

Summary of Significant Accounting Policies

MPERA prepared financial statements using the accrual basis of accounting. The same accrual basis was used by MPERA for the purposes of determining the Net Pension Liability (NPL); Deferred Outflows of Resources and Deferred Inflows of Resources related to pensions; Pension Expense; the Fiduciary Net Position; and Additions to or Deductions from Fiduciary Net Position. Member contributions are recognized in the period in which contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Revenues are recognized in the accounting period they are earned and become measurable. Benefit payments and refunds are recognized in the accounting period in which they are due and payable in accordance with the benefit terms. Expenses are recognized in the period incurred. Investments are reported at fair value. MPERA adhered to all accounting principles generally accepted by the United States of America. MPERA applied all applicable pronouncements of the Governmental Accounting Standards Board (GASB).

General Information about the Pension Plan

Plan Description: The PERS-Defined Benefit Retirement Plan (DBRP), administered by the Montana Public Employee Retirement Administration (MPERA), is a multiple-employer, cost-sharing plan established July 1, 1945, and governed by Title 19, chapters 2 & 3, Montana Code Annotated (MCA). This plan provides retirement benefits to covered employees of the State, and local governments, and certain employees of the Montana University System, and school districts. Benefits are established by state law and can only be amended by the Legislature.

All new members are initially members of the PERS-DBRP and have a 12-month window during which they choose to remain in the PERS-DBRP or join the PERS-DCRP by filing an irrevocable election. Members may not be participants of both the defined benefit and defined contribution retirement plans. All new members from the universities also have a third option to join the university system's Montana University System Retirement Program (MUS-RP).

Benefits provided: The PERS-DBRP provides retirement, disability, and death benefits to plan members and their beneficiaries. Benefits are based on eligibility, years of service, and highest average compensation (HAC). Member rights are vested after five years of service.

Service retirement:

- Hired prior to July 1, 2011:
 - Age 60, 5 years of membership service
 - Age 65, regardless of membership service

- Any age, 30 years of membership service
- Hired on or after July 1, 2011
 - Age 65, 5 years of membership service
 - Age 70, regardless of membership service

Early Retirement:

- Hired prior to July 1, 2011
 - Age 50, 5 years of membership service
 - Any age, 25 years of membership service
- Hired on or after July 1, 2011
 - Age 55, 5 years of membership service

Second Retirement: (requires returning to PERS-covered employer or PERS service)

- Retired before January 1, 2016 and accumulate less than 2 years additional service credit or retired on or after January 1, 2016 and accumulate less than 5 years additional service credit:
 - A refund of member's contributions plus return interest (currently 2.02% effective July 1, 2018).
 - No service credit for second employment;
 - Start the same benefit amount the month following termination; and
 - Guaranteed Annual Benefit Adjustment (GABA) starts again in the January immediately following the second retirement.
- Retired before January 1, 2016 and accumulate at least 2 years of additional service credit:
 - A recalculated retirement benefit based on provisions in effect after the initial retirement; and
 - GABA starts on the recalculated benefit in the January after receiving the new benefit for 12 months.
- Retired on or after January 1, 2016 and accumulate 5 or more years of service credit:
 - The same retirement as prior to the return to service;
 - A second retirement benefit as prior to the second period of service based on laws in effect upon the rehire date; and
 - GABA starts on both benefits in the January after receiving the original and the new benefit for 12 months.

Member's highest average compensation (HAC)

- Hired prior to July 1, 2011 - highest average compensation during any consecutive 36 months;
- Hired on or after July 1, 2011 – highest average compensation during any consecutive 60 months;

Compensation Cap

- Hired on or after July 1, 2013 – 110% annual cap on compensation considered as a part of a member's highest average compensation.

Monthly benefit formula

- Members hired prior to July 1, 2011
 - Less than 25 years of membership service: 1.785% of HAC per year of service credit;
 - 25 years of membership service or more: 2% of HAC per year of service credit.
- Members hired on or after July 1, 2011
 - Less than 10 years of membership service: 1.5% of HAC per year of service credit;
 - 10 years or more, but less than 30 years of membership service: 1.785% of HAC per year of service credit;
 - 30 years or more of membership service: 2% of HAC per year of service credit.

Guaranteed Annual Benefit Adjustment (GABA)

After the member has completed 12 full months of retirement, the member's benefit increases by the applicable percentage (provided below) each January, inclusive of all other adjustments to the member's benefit.

- 3.0% for members hired prior to July 1, 2007
- 1.5% for members hired between July 1, 2007 and June 30, 2013
- Members hired on or after July 1, 2013:
 - (a) 1.5% for each year PERS is funded at or above 90%;
 - (b) 1.5% reduced by 0.1% for each 2.0% PERS is funded below 90%; and
 - (c) 0% whenever the amortization period for PERS is 40 years or more.

Contributions: The State Legislature has the authority to establish and amend contribution rates. Member and employer contribution rates are specified by Montana Statute and are a percentage of the member's compensation. Contributions are deducted from each member's salary and remitted by participating employers.

Special Funding: The state of Montana, as the non-employer contributing entity, paid to the Plan, additional contributions that qualify as *special funding*. Those employers who received *special funding* are all participating employers.

Not Special Funding: Per Montana law, state agencies and universities paid their own additional contributions. The employer paid contributions are *not* accounted for as special funding for state agencies and universities but are reported as employer contributions.

Member and employer contribution rates are shown in the table below.

Fiscal Year	Member		State & Universities		Local Government		School Districts	
	Hired <07/01/11	Hired>07/01/11	Employer	Employer	State	Employer	State	
2024	7.900%	7.900%	9.170%	9.070%	0.100%	8.800%	0.370%	
2023	7.900%	7.900%	9.070%	8.970%	0.100%	8.700%	0.370%	
2022	7.900%	7.900%	8.970%	8.870%	0.100%	8.600%	0.370%	
2021	7.900%	7.900%	8.870%	8.770%	0.100%	8.500%	0.370%

1. Member contributions to the system of 7.9% are temporary and will be decreased to 6.9% on January 1 following actuary valuation results that show the amortization period has dropped below 25 years and would remain below 25 years following the reduction of both the additional employer and additional member contribution rates.
2. Employer contributions to the system:

- a. Effective July 1, 2014, following the 2013 Legislative session, PERS-employer contributions increase an additional 0.1% a year and will continue over 10 years through 2024. The additional employer contributions including the 0.27% added in 2007 and 2009, will terminate on January 1 following actuary valuation results that show the amortization period has dropped below 25 years and would remain below the 25 years following the reduction of both the additional employer and additional member contributions rates.
- b. Effective July 1, 2013, employers are required to make contributions on working retirees' compensation. Member contributions for working retirees are not required.
- c. The portion of employer contributions allocated to the PCR are included in the employers reporting. The PCR was paid off effective March 2016 and the contributions previously directed to the PCR are now directed to member accounts.

3. Non-Employer Contributions:

- a. Special Funding
 - i. The state contributed 0.1% of members' compensation on behalf of local government entities.
 - ii. The state contributed 0.37% of members' compensation on behalf of school district entities.
 - iii. The state contributed a Statutory Appropriation from the General Fund of \$34,979,900.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

GASB Statement 68 allows a measurement date of up to 12 months before the employer's fiscal year-end. The basis for the Total Pension Liability (TPL) as of June 30, 2023, is on an actuarial valuation performed by the Plan's actuary as of June 30, 2023.

The Total Pension Liability (TPL) minus the Fiduciary Net Position equals the Net Pension Liability (NPL). The proportionate shares of the employer's and the state of Montana's NPL for June 30, 2023, and 2022, are displayed below. The employer's proportionate share equals the ratio of the employer's contributions to the sum of all employer and non-employer contributions during the measurement period. The state's proportionate share for a particular employer equals the ratio of the contributions for the particular employer to the total state contributions paid. The City recorded a liability of \$31,855,940 and the employer's proportionate share was 1.3054%. The Missoula Redevelopment Agency and the Missoula Parking Commission are discrete component units of the City and are highlighted on their own rows below.

As of measurement date	Net Pension Liability as of 06/30/2023	Net Pension Liability as of 06/30/2022	Percent of Collective NPL as of 06/30/2023	Percent of Collective NPL as of 06/30/2022	Change in Percent of Collective NPL
City of Missoula Proportionate Share	\$ 31,855,940	\$ 29,993,955	1.30540 %	1.26140 %	0.04400 %
State of Montana Proportionate Share associated with Employer	\$ 8,827,512	\$ 8,978,165	0.36170 %	0.37760 %	(0.01590)%
Missoula Redevelopment Agency Proportionate Share	\$ 561,567	\$ 627,294	0.02301 %	0.02638 %	(0.00337)%
State of Montana Proportionate Share associated with Agency	\$ 155,614	\$ 187,770	0.00638 %	0.00790 %	(0.00152)%
Missoula Parking Commission Proportionate Share	\$ 662,637	\$ 467,607	0.02715 %	0.01966 %	0.00749 %
State of Montana Proportionate Share associated with Commission	\$ 183,621	\$ 139,970	0.00752 %	0.00589 %	0.00163 %
Total	\$ 42,246,891	\$ 40,394,761	1.73116 %	1.69883 %	0.03233 %

Changes in actuarial assumptions and methods: There have been no changes to the assumptions or other inputs that affected the measurement of the TPL since the previous measurement date.

Changes in benefit terms: There have been no changes in benefit terms since the previous measurement date.

Changes in proportionate share: There were no changes to the Plan between the measurement date of the collective NPL and the employer's reporting date that are expected to have a significant effect on the employer's proportionate share of the collective NPL.

Pension Expense: At June 30, 2023, the City recognized \$4,636,875 for its proportionate share of the Plan's pension expense and recognized grant revenue of \$828,151 for the state of Montana proportionate share of the pension expense associated with the employer.

As of measurement date	Pension Expense as of 6/30/2023	Pension Expense as of 6/30/2022
City of Missoula's Proportionate Share	\$ 4,636,875	\$ 4,746,377
Employer Grant Revenue - State of Montana State Appropriation for employer	828,151	873,008
Missoula Redevelopment Agency Proportionate Share	(31,564)	163,375
Employer Grant Revenue - State of Montana Proportionate Share for employer	14,599	19,462
Missoula Parking Commission Proportionate Share	190,568	11,039
Employer Grant Revenue - State of Montana State Appropriation for employer	17,226	14,508
Total	\$ 5,655,855	\$ 5,827,769

Recognition of Deferred Inflows and Outflows: At June 30, 2023, the City reported its proportionate share of the Plan's deferred outflows of resources and deferred inflows of resources from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Expected vs. actual Experience	\$ 1,268,768	\$ —
Projected Investment Earnings vs. Actual Investment Earnings	80,826	—
Changes in Assumptions	—	1,136,224
Changes in Proportion and Differences Between Employer Contributions and Proportionate Share of Contributions	1,603,708	—
Employer Contributions Subsequent to the Measurement Date	2,918,071	—
Total	\$ 5,871,373	\$ 1,136,224
<p><i>*Amounts reported as deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date but before the City's reporting period will be recognized as a reduction of the Net Pension Liability in the subsequent fiscal year.</i></p>		

Other amounts reported as deferred outflows and inflows of resources related to pensions are recognized in the city's pension expense as follows:

For the Measurement Year ended June 30:	Recognition of Deferred Outflows and Deferred Inflows in future years as an increase or (decrease) to Pension Expense
2024	\$ 371,573
2025	\$(244,834)
2026	\$ 1,883,690
2027	\$(193,351)
Thereafter	\$ —

The Missoula Redevelopment Agency and the Missoula Parking Commission are discrete component units of the City and reported their proportionate share of the Plan's Deferred Outflows of resources and deferred inflows of resources from the following sources:

Missoula Redevelopment Agency

	Deferred Outflows of Resources	Deferred Inflows of Resources
Expected vs. actual Experience	\$ 22,366	\$ —
Projected Investment Earnings vs. Actual Investment Earnings	1,425	—
Changes in Assumptions	—	20,030
Changes in Proportion and Differences Between Employer Contributions and Proportionate Share of Contributions	28,271	—
Employer Contributions Subsequent to the Measurement Date	51,441	—
Total	\$ 103,503	\$ 20,030

**Amounts reported as deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date but before the City's reporting period will be recognized as a reduction of the Net Pension Liability in the subsequent fiscal year.*

Other amounts reported as deferred outflows and inflows of resources related to pensions are recognized in the agency's pension expense as follows:

For the Measurement Year ended June 30:	Recognition of Deferred Outflows and Deferred Inflows in future years as an increase or (decrease) to Pension Expense
2024	\$ 6,550
2025	\$(4,316)
2026	\$ 33,206
2027	\$(3,408)
Thereafter	\$—

Missoula Parking Commission

	Deferred Outflows of Resources	Deferred Inflows of Resources
Expected vs. actual Experience	\$ 26,392	\$ —
Projected Investment Earnings vs. Actual Investment Earnings	1,681	—

Changes in Proportion and Differences Between Employer Contributions and Proportionate Share of Contributions	33,359	—
Employer Contributions Subsequent to the Measurement Date	60,699	—
Total	\$ 122,131	\$ 23,635

**Amounts reported as deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date but before the City's reporting period will be recognized as a reduction of the Net Pension Liability in the subsequent fiscal year.*

Other amounts reported as deferred outflows and inflows of resources related to pensions are recognized in the commission's pension expense as follows:

For the Measurement Year ended June 30:	Recognition of Deferred Outflows and Deferred Inflows in future years as an increase or (decrease) to Pension Expense
2024	\$7,729
2025	\$(5,093)
2026	\$39,183
2027	\$(4,022)
Thereafter	\$—

Actuarial Assumptions: The total pension liability as of June 30, 2023, was determined on the results of an actuarial valuation date of June 30, 2023, using the following actuarial assumptions, applied to all periods included in the measurement. Among those assumptions were the following:

Investment Return (net of admin expense)	7.30%
General Wage Growth *	3.50%
*includes Inflation at	2.75%
Merit Increases	0% to 4.80%
Postretirement Benefit Increases	
1. Guaranteed Annual Benefit Adjustment (GABA) each January After the member has completed 12 full months of retirement, the member's benefit increases by the applicable percentage (provided below) each January, inclusive of all other adjustments to the member's benefit.	
<ul style="list-style-type: none"> • Members hired prior to July 1, 2007 • Members hired between July 1, 2007 & June 30, 2013 • Members hired on or after July 1, 2013 <ul style="list-style-type: none"> • For each year PERS is funded at or above 90% <ul style="list-style-type: none"> • The 1.5% is reduced by 0.1% for each 2.0% PERS is funded below 90% • 0% whenever the amortization period for PERS is 40 years or more 	3.0% 1.5% 1.5% 0%
Mortality:	
<ul style="list-style-type: none"> • Active Participants • Disabled Retirees • Contingent Survivors • Health Retirees 	PUB-2010 General Amount Weighted Employer Mortality projected to 2021 for males and females. Projected generationally using MP-2021. PUB-2010 General Amount Weighted Disabled Retiree Mortality table, projected to 2021, set forward one year for both males and females. PUB-2010 General Amount Weighted Contingent Survivor Mortality projected to 2021 with ages set forward one year for males and females. Projected generationally using MP-2021. PUB-2010 General Amount Weighted Healthy Retiree Mortality table projected to 2021, with ages set forward one year and adjusted 104% for males and 103% for females. Projected generationally using MP-2021.

The actuarial assumptions and methods utilized in the June 30, 2023 valuation, were developed in the five-year experience study for the period ending 2021. However, the current long-term rate of return is based on analysis in the experience study, without consideration for the administrative expenses analysis shown in the experience study.

Discount Rate: The discount rate used to measure the TPL was 7.30%. The projection of cash flows used to determine the discount rate assumed that contributions from participating plan members, employers, and non-employer contributing entities would be made based on the Board's funding policy, which established the contractually required rates under the Montana Code Annotated. The state contributed 0.10% of the salaries paid by local governments and 0.37% paid by school districts. In addition, the state contributed a statutory appropriation from the general fund. Based on those assumptions, the Plan's fiduciary net position was projected to be adequate to make all the projected future benefit payments of current plan members through the year 2127. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL. A municipal bond rate was not incorporated in the discount rate.

Target Allocations: The long-term expected rate of return on pension plan investments is reviewed as part of regular experience studies prepared for the Plan about every five years. The long-term rate of return as of June 30, 2023, is based on analysis in the experience study report dated May 2, 2022 without consideration for the administrative expense analysis shown in the experience study. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and an analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation), along with estimates of variability and correlations for each asset class. These ranges were combined to develop the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is intended to be a long-term assumption (30 to 50 years) and is not expected to change absent a significant change in the asset allocation, a change in the underlying inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class as of the most recent experience study are summarized in the following table.

Asset Class	Target Asset Allocation	Long-Term Expected Real Rate of Return Arithmetic Basis
Cash	3.0 %	(0.33)%
Domestic Equity	30.0 %	5.90 %
International Equity	17.0 %	7.14 %
Private Investments	15.0 %	9.13 %
Real Assets	5.0 %	4.03 %
Real Estate	9.0 %	5.41 %
Core Fixed Income	15.0 %	1.14 %
Non-Core Fixed Income	6.0 %	3.02 %
Total	100.0 %	

Sensitivity of the proportionate share of the net pension liability to changes in the discount rate: The following presents the employer's sensitivity of the NPL to the discount rate in the table below. A small change in the discount rate can create a significant change in the liability. The NPL was calculated using the discount rate of 7.30%, as well as what the NPL would be if it were calculated using a discount rate 1.00% lower or 1.00% higher than the current rate.

As of measurement date	1.0% Decrease (6.30%)	Current Discount Rate	1.0% Increase (8.30%)
City of Missoula's Net Pension Liability	\$46,015,788	\$31,855,940	\$19,977,093
Missoula Redevelopment Agency Net Pension Liability	\$811,182	\$561,567	\$352,163
Missoula Parking Commission Net Pension Liability	\$957,177	\$662,637	\$415,544

PERS Disclosure for the defined contribution plan

City of Missoula contributed to the state of Montana Public Employee Retirement System Defined Contribution Retirement Plan (PERS-DCRP) for employees that have elected the DCRP. The PERS-DCRP is administered by the PERB and is reported as a multiple employer plan established July 1, 2002, and governed by Title 19, chapters 2 & 3, MCA.

All new PERS members are initially members of the PERS-DBRP and have a 12-month window during which they may choose to remain in the PERS-DBRP or join the PERS-DCRP by filing an irrevocable election. Members may not be participants of both the *defined benefit* and *defined contribution* retirement plans.

Member and employer contribution rates are specified by state law and are a percentage of the member's compensation. Contributions are deducted from each member's salary and remitted by participating employers. The state Legislature has the authority to establish and amend contribution rates.

Benefits are dependent upon eligibility and individual account balances. Participants are vested immediately in their own contributions and attributable income. Participants are vested after 5 years of membership service for the employer's contributions to individual accounts and the attributable income. Non-vested contributions are forfeited upon termination of employment per 19-3-2117(5), MCA. Such forfeitures are used to cover the administrative expenses of the PERS-DCRP.

At the plan level for the measurement period ended June 30, 2023, the PERS-DCRP employer did not recognize any net pension liability or pension expense for the defined contribution plan. Plan level non-vested forfeitures for the 348 employers that have participants in the PERS-DCRP totaled \$1,409,309.

Pension plan fiduciary net position: The stand-alone financial statements of the Montana Public Employees Retirement Board (PERB) Annual Comprehensive Financial Report (ACFR) and the GASB 68 Report disclose the Plan's fiduciary net position. These reports, as well as the actuarial valuations and experience study, are available from the PERB at PO Box 200131, Helena MT 59620-0131, (406) 444-3154 or are available on the MPERA website at <https://mpera.mt.gov/about/annualreports1/annualreports>.

Firefighters' Unified Retirement System (FURS)

In accordance with GASB Statement 68, Accounting and Financial Reporting for Pensions, employers and the non-employer contributing entity are required to recognize and report certain amounts associated with participation in the Firefighters' Unified Retirement System (the Plan). This includes the proportionate share of the collective Net Pension Liability; Pension Expense; and Deferred Outflows and Deferred Inflows of Resources associated with pensions. Employers are provided guidance in GASB Statement 68, paragraph 74, where pension amounts must be combined as a total or aggregate for reporting, whether provided through cost-sharing, single-employer, or agent pension plans. This report provides information for employers who are using a June 30, 2023 measurement date for the 2024 reporting.

Summary of Significant Accounting Policies

MPERA prepared financial statements using the accrual basis of accounting. The same accrual basis was used by MPERA for the purposes of determining the Net Pension Liability (NPL); Deferred Outflows of Resources and Deferred Inflows of Resources related to pensions; Pension Expense; the Fiduciary Net Position; and, Additions to or Deductions from Fiduciary Net Position. Member contributions are recognized in the period in which contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Revenues are recognized in the accounting period they are earned and become measurable. Benefit payments and refunds are recognized in the accounting period in which they are due and payable in accordance with the benefit terms. Expenses are recognized in the period incurred. Investments are reported at fair value. MPERA adhered to all accounting principles generally accepted by the United States of America. MPERA applied all applicable pronouncements of the Governmental Accounting Standards Board (GASB).

General Information about the Pension Plan

Plan Description: The Firefighters' Unified Retirement System (FURS), administered by the Montana Public Employee Retirement Administration (MPERA), is a multiple-employer, cost-sharing plan established in 1981, and governed by Title 19, chapters 2 & 13, Montana Code Annotated (MCA). This plan provides retirement benefits to firefighters employed by first- and second-class cities, other cities and rural fire district departments that adopt the plan, and to firefighters hired by the Montana Air National Guard on or after October 1, 2001. Benefits are established by state law and can only be amended by the Legislature.

Benefits provided: The FURS provides retirement, disability, and death benefits to plan members and their beneficiaries. Benefits are based on eligibility, years of service, and highest average compensation (HAC). Member rights are vested after five years of service.

Service retirement and monthly benefit formula:

- Hired on or after July 1, 1981, or member has elected to be covered by GABA:
 - 20 years of membership service, regardless of age
 - 2.5% of HAC x years of service credit
- Hired prior to July 1, 1981, and who had not elected to be covered by GABA, the greater of above, or:
 - If membership service is less than 20 years: 2% of the highest monthly compensation (HMC) for each year of service credit, or
 - If membership service is greater or equal to 20 years: 50% of HMC plus 2% of HMC for each year of service credit in excess of 20
- Early retirement: Age 50 with 5 years of membership service - Normal retirement benefit calculated using HAC and service credit.

Second Retirement:

Applies to retirement system members re-employed in a FURS position on or after July 1, 2017:

- If the member works more than 480 hours in a calendar year and accumulates less than 5 years of service credit before terminating again, the member:
 - is not awarded service credit for the period of reemployment

- is refunded the accumulated contributions associated with the period of reemployment
- starting the first month following termination of service, receives the same retirement benefit previously paid to the member; and
- does not accrue post-retirement benefit adjustments during the term of reemployment but receives a GABA in January immediately following second retirement
- If the member works more than 480 hours in a calendar year and accumulates at least 5 years of service credit before terminating again, the member:
 - is awarded service credit for the period of reemployment
 - starting the first month following termination of service, receives:
 - the same retirement benefit previously paid to the member, and
 - a second retirement benefit for the period of reemployment calculated based on the laws in effect as of the members' rehire date, and
 - does not accrue post-retirement benefit adjustments during the term of reemployment but receives a GABA:
 - on the initial retirement benefit in January immediately following second retirement, and
 - on the second retirement benefit starting in January after receiving that benefit for at least 12 months
- A member who returns to covered service is not eligible for a disability benefit.

Member's compensation period used in benefit calculation

- Hired prior to July 1, 1981 and not electing GABA: highest monthly compensation (HMC);
- Hired after June 30, 1981 and those electing GABA: highest average compensation (HAC) during any consecutive 36 months (or shorter period of total service).
- Part-time firefighter: 15% of regular compensation of a newly confirmed full-time firefighter.

Compensation Cap

- Hired on or after July 1, 2013 – 110% annual cap on compensation considered as a part of a member's highest average compensation.

Guaranteed Annual Benefit Adjustment (GABA)

Hired on or after July 1, 1997, or those electing GABA, and has been retired for at least 12 months - the member's benefit increases by 3.0% each January.

Minimum Benefit Adjustment (non-GABA)

A member with 10 or more years of membership service who has not elected to be covered by GABA - the minimum benefit provided may not be less than 50% of the monthly compensation paid to a newly confirmed active firefighter of the employer that last employed the member as a firefighter in the current fiscal year.

Contributions: The state Legislature has the authority to establish and amend contribution rates. Member and employer contribution rates are specified by Montana Statute and are a percentage of the member's compensation. Contributions are deducted from each member's salary and remitted by participating employers.

Special Funding: MCA 19-13-604 requires the state of Montana to contribute a percentage of total compensation directly to the Plan annually after the end of each fiscal year. Member, Employer, and State contribution rates are shown in the table below.

Fiscal Year	Member			
	Non-GABA	GABA	Employer	State
1998 - 2024	9.500%	10.700%	14.360%	32.610%
1997	7.800%		14.360%	32.610%

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The Total Pension Liability (TPL) minus the Fiduciary Net Position equals the Net Pension Liability (NPL). The proportionate shares of the employer's and the State of Montana's NPL for June 30, 2023, and 2022, are displayed below. The employer's proportionate share equals the ratio of the employer's contributions to the sum of all employer and non-employer contributions during the measurement period. Due to the existence of the special funding situation, the state is required to report a proportionate share of a local government's collective NPL that is associated with the non-state employer. The state's proportionate share for a particular employer equals the ratio of the contributions for the particular employer to the total state contributions paid. The employer recorded a liability of \$6,695,828 and the employer's proportionate share was 4.4349% percent.

As of measurement date	Net Pension Liability as of 06/30/2023	Net Pension Liability as of 06/30/2022	Percent of Collective NPL as of 06/30/2023	Percent of Collective NPL as of 06/30/2022	Change in Percent of Collective NPL
City of Missoula Proportionate Share	\$ 6,695,828	\$ 7,440,873	4.4349 %	4.6842 %	(0.2493)%
State of Montana Proportionate Share associated with Employer	\$ 15,197,129	\$ 16,834,625	10.0657 %	10.5977 %	(0.5320)%
Total	\$ 21,892,957	\$ 24,275,498	14.5006 %	15.2819 %	(0.7813)%

Changes in actuarial assumptions and methods: There have been no changes to the actuarial assumptions or other inputs that affected the measurement of the TPL since the previous measurement date.

Changes in benefit terms: There have been no changes in benefit terms since the previous measurement date.

Changes in proportionate share: There were no changes between the measurement date of the collective NPL and the employer's reporting date that are expected to have a significant effect on the employer's proportionate share of the collective NPL.

Pension Expense: At June 30, 2023 measurement date, the employer recognized its proportionate share of the Plan's pension expense of \$1,586,498. The employer also recognized grant revenue of \$3,794,793 for the support provided by the State of Montana for the proportionate share of the pension expense associated with the employer.

As of measurement date	Pension Expense as of 6/30/2023	Pension Expense as of 6/30/2022
Employer's Proportionate Share	\$ 1,586,498	\$ 1,465,415
Employer Grant Revenue - State of Montana Proportionate Share for employer	3,794,793	3,444,722
Total	\$ 5,381,291	\$ 4,910,137

Recognition of Deferred Inflows and Outflows: At June 30, 2023, the employer reported its proportionate share of the Plan's deferred outflows of resources and deferred inflows of resources from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Expected vs. actual Experience	\$ 619,544	\$ 6,883
Projected Investment Earnings vs. Actual Investment Earnings	175,951	—
Changes in Assumptions	1,431,891	—
Changes in Proportion and Differences Between Employer Contributions and Proportionate Share of Contributions	—	122,896
Employer Contributions Subsequent to the Measurement Date	1,550,098	—
Total	\$ 3,777,484	\$ 129,779

**Amounts reported as deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date but before the City's reporting period will be recognized as a reduction of the Net Pension Liability in the subsequent fiscal year.*

Other amounts reported as deferred outflows and inflows of resources related to pensions are recognized in the employer's pension expense as follows:

For the Measurement Year ended June 30:	Recognition of Deferred Outflows and Deferred Inflows in future years as an increase or (decrease) to Pension Expense
2024	\$426,757
2025	\$265,295
2026	\$1,102,794
2027	\$296,792
Thereafter	\$5,969

Actuarial Assumptions: The total pension liability as of June 30, 2023, was determined by an actuarial valuation date of June 30, 2023, using the following actuarial assumptions, applied to all periods included in the measurement. Among those assumptions were the following:

Investment Return (net of admin expense)	7.30%
General Wage Growth *	3.50%
*includes Inflation at	2.75%
Merit Increases	1.00% to 6.40%
Postretirement Benefit Increases	
1. Guaranteed Annual Benefit Adjustment (GABA) each January <ul style="list-style-type: none"> Members hired on or after July 1, 1997 or those electing GABA Requires 12 full months of retirement before GABA will be made 	3.0%
2. Minimum Benefit Adjustment (non-GABA) <ul style="list-style-type: none"> Members with 10 or more years of membership service and member did not elect GABA 	The minimum benefit provided should be less than 50% of the current base compensation of a newly confirmed active firefighter of the employer that last employed the member as a firefighter.
Mortality:	
• Active Participants	PUB-2010 Safety Amount Weighted Healthy Retiree Mortality Table projected to 2021 for males and females. Projected generationally using MP-2021.
• Healthy Retirees	PUB-2010 Safety Amount Weighted Healthy Retiree Mortality Table projected to 2021, set forward one year for males, adjusted 105% for males and 100% for females. Projected generationally using MP-2021.
• Contingent Survivors	PUB-2010 Safety Amount Weighted Contingent Survivor Mortality Table projected to 2021, with ages set forward one year for males. Projected generationally using MP-2021.
• Disabled Retirees	PUB-2010 Safety Amount Weighted Disabled Retiree Mortality Table projected to 2021, set forward one year for males.

The actuarial assumptions and methods utilized in the June 30, 2023 valuation, were developed in the five-year experience study for the period ending June 30, 2021. However, the current long-term rate of return is based on analysis in the experience study, without consideration for the administrative expense analysis shown in the experience study.

Discount Rate: The discount rate used to measure the TPL was 7.30%. The projection of cash flows used to determine the discount rate assumed that contributions from participating plan members, employers, and non-employer contributing entities would be made based on the Board's funding policy, which established the contractually required rates under the Montana Code Annotated. The state contributed 32.61% of the salaries paid by employers. Based on those assumptions, the Plan's fiduciary net position was projected to be adequate to make all the projected future benefit payments of current plan members through the year 2133. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL. A municipal bond rate was not incorporated in the discount rate.

Target Allocations: The long-term expected rate of return on pension plan investments is reviewed as part of regular experience studies prepared for the Plan about every five years. The long-term rate of return as of June 30, 2023, is based on analysis in the experience study report dated May 2, 2022, without consideration for the administrative expense analysis shown in the experience study. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and an analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation), along with estimates of variability and correlations for each asset class. These ranges were combined to develop the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is intended to be a long-term assumption (30 to 50 years) and is not expected to change absent a significant change in the asset allocation, a change in the underlying inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The target asset allocation and best estimates of arithmetic real rate of return for each major asset class as of the most recent experience study, are summarized in the following table.

Asset Class	Target Asset Allocation	Long-Term Expected Real Rate of Return Arithmetic Basis
Cash	3.0 %	(0.33)%
Domestic Equity	30.0 %	5.90 %
International Equity	17.0 %	7.14 %
Private Investments	15.0 %	9.13 %
Real Assets	5.0 %	4.03 %
Real Estate	9.0 %	5.41 %
Core Fixed Income	15.0 %	1.14 %
Non-Core Fixed Income	6.0 %	3.02 %
Total	100.0 %	

Sensitivity of the proportionate share of the net pension liability to changes in the discount rate: The following presents the employer's sensitivity of the NPL to the discount rate in the table below. A small change in the discount rate can create a significant change in the liability. The NPL was calculated using the discount rate of 7.30%, as well as what the NPL would be if it were calculated using a discount rate 1.00% lower or 1.00% higher than the current rate.

As of measurement date	1.0% Decrease (6.30%)	Current Discount Rate	1.0% Increase (8.30%)
City of Missoula's Net Pension Liability	\$12,211,673	\$6,695,828	\$2,293,458

Pension plan fiduciary net position: The stand-alone financial statements of the Montana Public Employees Retirement Board (PERB) Annual Comprehensive Financial Report (ACFR) and the GASB 68 Report disclose the Plan's fiduciary net position. The reports, as well as the actuarial valuations and experience study, are available from the PERB at PO Box 200131, Helena MT 59620-0131, (406) 444-3154 or are available on the MPERA website at <https://mpera.mt.gov/about/annualreports1/annualreports>.

Municipal Police Officers' Retirement System (MPORS)

In accordance with GASB Statement 68, *Accounting and Financial Reporting for Pensions*, employers and the non-employer contributing entity are required to recognize and report certain amounts associated with participation in the Municipal Police Officers' Retirement System (the Plan). This includes the proportionate share of the collective Net Pension Liability; Pension Expense; and Deferred Outflows and Deferred Inflows of Resources associated with pensions. Employers are provided guidance in GASB Statement 68, paragraph 74, where pension amounts must be combined as a total or aggregate for reporting, whether provided through cost-sharing, single-employer, or agent plans. This report provides information for employers who are using a June 30, 2023 measurement date for the 2024 reporting.

Summary of Significant Accounting Policies

MPERA prepared financial statements using the accrual basis of accounting. The same accrual basis was used by MPERA for the purposes of determining the Net Pension Liability (NPL); Deferred Outflows of Resources and Deferred Inflows of Resources related to pensions; Pension Expense; the Fiduciary Net Position; and, Additions to or Deductions from Fiduciary Net Position. Member contributions are recognized in the period in which contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Revenues are recognized in the accounting period they are earned and become measurable. Benefit payments and refunds are recognized in the accounting period in which they are due and payable in accordance with the benefit terms. Expenses are recognized in the period incurred. Investments are reported at fair value. MPERA adhered to all accounting principles generally accepted by the United States of America. MPERA applied all applicable pronouncements of the Governmental Accounting Standards Board (GASB).

General Information about the Pension Plan

Plan Description: The Municipal Police Officers' Retirement System (MPORS), administered by the Montana Public Employee Retirement Administration (MPERA), is a multiple-employer, cost-sharing plan established in 1974, and governed by Title 19, chapters 2 & 9, Montana Code Annotated (MCA). This plan provides retirement benefits to all municipal police officers employed by first- and second-class cities, other cities that adopt the plan. Benefits are established by state law and can only be amended by the Legislature.

Deferred Retirement Option Plan (DROP): Beginning July 2002, eligible members of MPORS can participate in the DROP by filing a one-time irrevocable election with the Board. The DROP is governed by Title 19, Chapter 9, Part 12, MCA. A member must have completed at least twenty years of membership service to be eligible. They may elect to participate in the DROP for a minimum of one month and a maximum of 60 months and may only participate in the DROP once. A participant remains a member of the MPORS, but will not receive membership service or service credit in the system for the duration of the member's DROP period. During participation in the DROP, all mandatory contributions continue to the retirement system. A monthly benefit is calculated based on salary and years of service to date as of the beginning of the DROP period. The monthly benefit is paid into the member's DROP account until the end of the DROP period. At the end of the DROP period, the participant may receive the balance of the DROP account in a lump-sum payment or in a direct rollover to another eligible plan, as allowed by the IRS. If the participant continues employment after the DROP period ends, they will again accrue membership service and service credit. The DROP account cannot be distributed until employment is formally terminated.

Benefits provided: MPORS provides retirement, disability, and death benefits to plan members and their beneficiaries. Benefits are based on eligibility, years of service, and compensation. Member rights are vested after five years of service.

Service retirement and monthly benefit formula:

- 20 years of membership service, regardless of age
- Age 50 with 5 years of membership service (Early Retirement).
- 2.5% of FAC x years of service credit

Second Retirement:

Re-calculated using specific criteria for members who return to covered MPORS employment prior to July 1, 2017:

- Less than 20 years membership service, upon re-employment, repay benefits and subsequent retirement is based on total MPORS service.
- More than 20 years of membership service, upon re-employment, receives initial benefit and a new retirement benefit based on additional service credit and FAC after re-employment.

Applies to retirement system members re-employed in a MPORS position on or after July 1, 2017:

- If the member works more than 480 hours in a calendar year and accumulates less than 5 years of service credit before terminating again, the member:
 - is not awarded service credit for the period of reemployment
 - is refunded the accumulated contributions associated with the period of reemployment
 - starting the first month following termination of service, receives the same retirement benefit previously paid to the member; and
 - does not accrue post-retirement benefit adjustments during the term of reemployment but receives a Guaranteed Annual Benefit adjustment (GABA) in January immediately following second retirement.
- If the member works more than 480 hours in a calendar year and accumulates at least 5 years of service credit before terminating again, the member:
 - is awarded service credit for the period of reemployment
 - starting the first month following termination of service, receives:
 - the same retirement benefit previously paid to the member; and
 - a second retirement benefit for the period of reemployment calculated based on the laws in effect as of the members rehire date; and
 - does not accrue post-retirement benefit adjustments during the term of reemployment but receives a GABA:
 - on the initial retirement in January immediately following second retirement, and
 - on the second retirement benefit starting in January after receiving that benefit for at least 12 months.
- A member who returns to covered service is not eligible for a disability benefit.

Member's final average compensation (FAC)

- Hired prior to July 1, 1977 - average monthly compensation of final year of service;
- Hired on or after July 1, 1977 - final average compensation (FAC) for last consecutive 36 months.

Compensation Cap

- Hired on or after July 1, 2013 – 110% annual cap on compensation considered as a part of a member's FAC.

Guaranteed Annual Benefit Adjustment (GABA)

- Hired on or after July 1, 1997, or those electing GABA, and has been retired for at least 12 months a GABA will be made each year in January equal to 3%.

Minimum Benefit Adjustment (non-GABA)

- The minimum benefit provided may not be less than 50% of the compensation paid to a newly confirmed police officer of the employer that last employed the member as a police officer in the current fiscal year.

Contributions: The state Legislature has the authority to establish and amend contribution rates. Member and employer contribution rates are specified by Montana Statute and are a percentage of the member's compensation. Contributions are deducted from each member's salary and remitted by participating employers.

Special Funding: MCA 19-9-702 requires the state of Montana to contribute a percentage of total compensation directly to the Plan annually after the end of each fiscal year. Member, Employer and State contribution rates are shown in the table below.

Fiscal Year	Member						Employer	State
	Hired <7/1/75	Hired >6/30/75	Hired >6/30/79	Hired >6/30/97 GABA				
2000 - 2024	5.800%	7.000 %	8.500 %	9.000%	14.410%	29.370%		
1998 - 1999	7.800%	9.000 %	10.500 %	11.000%	14.410%	29.370%		
1997	7.800%	9.000 %	10.500 %		14.360%	29.370%		

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

GASB Statement 68 allows a measurement date of up to 12 months before the employer's fiscal year-end. The basis for the Total Pension Liability (TPL) as of June 30, 2023, is on an actuarial valuation performed by the Plan's actuary as of June 30, 2023.

The Total Pension Liability (TPL) minus the Fiduciary Net Position equals the Net Pension Liability (NPL). The proportionate shares of the employer's and the State of Montana's NPL for June 30, 2023, and 2022, are displayed below. The employer's proportionate share equals the ratio of the employer's contributions to the sum of all employer and non-employer contributions during the measurement period. Due to the existence of the special funding situation, the state is required to report a proportionate share of a local government's collective NPL that is associated with the non-state employer. The state's proportionate share for a particular employer equals the ratio of the contributions for the particular employer to the total state contributions paid. The employer recorded a liability of \$12,194,264 and the employer's proportionate share was 5.2598%.

As of measurement date	Net Pension Liability as of 06/30/2023	Net Pension Liability as of 06/30/2022	Percent of Collective NPL as of 06/30/2023	Percent of Collective NPL as of 06/30/2022	Change in Percent of Collective NPL
City of Missoula Proportionate Share	\$ 12,194,264	\$ 12,764,288	5.2598 %	5.4037 %	(0.1439)%
State of Montana Proportionate Share associated with Employer	\$ 24,610,665	\$ 25,942,912	10.6154 %	10.9828 %	(0.3674)%
Total	\$ 36,804,929	\$ 38,707,200	15.8752 %	16.3865 %	(0.5113)%

Changes in actuarial assumptions and methods: There have been no changes to the actuarial assumptions or other inputs that affected the measurement of the TPL since the previous measurement date.

Changes in benefit terms: There have been no changes in benefit terms since the previous measurement date.

Changes in proportionate share: There were no changes between the measurement date of the collective NPL and the employer's reporting date that are expected to have a significant effect on the employer's proportionate share of the collective NPL.

Pension Expense: At June 30, 2023 measurement date, the employer recognized its proportionate share of the Plan's pension expense of \$2,129,621. The employer also recognized grant revenue of \$4,243,058 for the support provided by the state of Montana for the proportionate share of the pension expense associated with the employer.

As of measurement date	Pension Expense as of 6/30/2023	Pension Expense as of 6/30/2022
Employer's Proportionate Share	\$ 2,129,621	\$ 2,309,954
Employer Grant Revenue - State of Montana Proportionate Share for employer	4,243,058	4,447,871
Total	\$ 6,372,679	\$ 6,757,825

Recognition of Deferred Inflows and Outflows: At June 30, 2023, the employer reported its proportionate share of the Plan's deferred outflows of resources and deferred inflows of resources from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Expected vs. actual Experience	\$ 159,456	\$ 25,780
Projected Investment Earnings vs. Actual Investment Earnings	171,183	—
Changes in Assumptions	366,015	158,983
Changes in Proportion and Differences Between Employer Contributions and Proportionate Share of Contributions	—	190,789
Employer Contributions Subsequent to the Measurement Date	1,658,084	—
Total	\$ 2,354,738	\$ 375,552

**Amounts reported as deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date but before the City's reporting period will be recognized as a reduction of the Net Pension Liability in the subsequent fiscal year.*

Other amounts reported as deferred outflows and inflows of resources related to pensions are recognized in the employer's pension expense as follows:

For the Measurement Year ended June 30:	Recognition of Deferred Outflows and Deferred Inflows in future years as an increase or (decrease) to Pension Expense
2024	\$237,922
2025	\$(447,910)
2026	\$584,149
2027	\$(53,059)
Thereafter	\$—

Actuarial Assumptions: The total pension liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions.

Investment Return (net of admin expense)	7.30%
General Wage Growth *	3.50%
*includes Inflation at	2.75%
Merit Increases	1.0% to 6.40%
Postretirement Benefit Increases	
1. Guaranteed Annual Benefit Adjustment (GABA) each January <ul style="list-style-type: none"> Members hired on or after July 1, 1997 or those electing GABA Requires 12 full months of retirement before GABA will be made 	3.0%
2. Minimum Benefit Adjustment (non-GABA) <ul style="list-style-type: none"> Benefit for a retired member or member's survivor and member did not elect GABA 	The minimum benefit provided should be less than 50% of the current base compensation of a newly confirmed police officer of the employer that last employed the member as a police officer.
Mortality:	
<ul style="list-style-type: none"> Active Participants Healthy Retirees 	PUB-2010 Safety Amount Weighted Employee Mortality projected to 2021 for males and females. Projected generationally using MP-2021. PUB-2010 Safety Amount Weighted Healthy Retiree mortality table projected to 2021 set forward one year for males and adjusted 105% for males and 100% for females. Projected generationally using MP-2021.
<ul style="list-style-type: none"> Disabled Retiree 	PUB-2010 Safety Amount Weighted Disabled Retiree mortality table projected 2021, set forward 1 year for males.
<ul style="list-style-type: none"> Contingent Survivor 	Pub-2010 Safety Amount Weighted Contingent Survivor Mortality projected to 2021, set forward one year for males. Projected generationally using MP-2021.

The actuarial assumptions and methods utilized in the June 30, 2023 valuation, were developed in the five-year experience study for the period ending June 30, 2021. However, the current long-term rate of return is based on analysis in the experience study, without consideration for the administrative expenses analysis shown in the experience study.

Discount Rate: The discount rate used to measure the TPL was 7.30%. The projection of cash flows used to determine the discount rate assumed that contributions from participating plan members, employers, and non-employer contributing entities would be made based on the Board's funding policy, which established the contractually required rates under the Montana Code Annotated. The state contributed 29.37% of the salaries paid by employers. Based on those assumptions, the Plan's fiduciary net position was projected to be adequate to make all the projected future benefit payments of current plan members through the year 2134. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL. A municipal bond rate was not incorporated in the discount rate.

Target Allocations: The long-term expected rate of return on pension plan investments is reviewed as part of regular experience studies prepared for the Plan about every five years. The long-term rate of return as of June 30, 2023 is based on analysis in the experience study report dated May 2, 2022, without consideration for the administrative expense analysis shown in the experience study. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and an analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation), along with estimates of variability and correlations for each asset class. These ranges were combined to develop the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is intended to be a long-term assumption (30 to 50 years) and is not expected to change absent a significant change in the asset allocation, a change in the underlying inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class as of the most recent experience study, are summarized in the following table.

Asset Class	Target Asset Allocation	Long-Term Expected Real Rate of Return Arithmetic Basis
Cash	3.0 %	(0.33)%
Domestic Equity	30.0 %	5.90 %
International Equity	17.0 %	7.14 %
Private Investments	15.0 %	9.13 %
Real Assets	5.0 %	4.03 %
Real Estate	9.0 %	5.41 %
Core Fixed Income	15.0 %	1.14 %
Non-Core Fixed Income	6.0 %	3.02 %
Total	100.0 %	

Sensitivity of the proportionate share of the net pension liability to changes in the discount rate: The following presents the employer's sensitivity of the NPL to the discount rate in the table below. A small change in the discount rate can create a significant change in the liability. The NPL was calculated using the discount rate of 7.30%, as well as what the NPL would be if it were calculated using a discount rate 1.00% lower or 1.00% higher than the current rate.

As of measurement date	1.0% Decrease (6.30%)	Current Discount Rate	1.0% Increase (8.30%)
City of Missoula's Net Pension Liability	\$18,818,124	\$12,194,264	\$6,934,973

Pension plan fiduciary net position: The stand-alone financial statements of the Montana Public Employees Retirement Board (PERB) Annual Comprehensive Financial Report (ACFR) and the GASB 68 Report disclose the Plan's fiduciary net position. These reports, as well as the actuarial valuations and experience study, are available from the PERB at PO Box 200131, Helena MT 59620- 0131, (406) 444-3154 or are available on the MPERA website at <https://mpera.mt.gov/about/annualreports1/annualreports>.

The City processes payroll, including the payment of payroll taxes and benefits, for 2 local agencies, the Missoula Redevelopment Agency and the Missoula Parking Commission. The pension items related to these agencies is included in the City's allocation by the State of Montana. The pension activity by reporting unit for PERS, MPERA, and FURS in total is as follows:

	Deferred Outflows of Resources	Net Pension Liability	Deferred Inflows of Resources	On-Behalf State Pension Revenue	Pension Expense
Governmental activities	\$ 10,949,252	\$ 45,025,547	\$ 1,437,520	\$ 8,717,288	\$ 11,602,253
Business- Type activities	1,054,343	5,720,485	204,036	148,714	(192,366)
Missoula Redevelopment Agency	103,503	561,567	20,030	14,599	(31,564)
Missoula Parking Commission	122,131	662,637	23,635	17,226	190,568
Total	\$ 12,229,229	\$ 51,970,236	\$ 1,685,221	\$ 8,897,827	\$ 11,568,891

2. Insurance

The City has a self-insured medical, dental and life insurance plan which provides benefits for all permanent employees electing to be covered. The City switched to a calendar year plan period effective January 1, 2022. City and employee monthly contribution rates depend on whether the employee is full or part time. City contributions were \$614.26 for a half time employee to \$1,228.52 for a full time employee for July through December 2023 and \$616.72 for a half time employee to \$1,233.44 for a full time employee January through June 2024. There were no employee contributions for full time employees and up to \$614.26 for half time employees. Retirees may also participate in the plan. The City subsidizes the retiree's premium cost at 10%. They paid \$1110.10 per month for July through December medical coverage only and \$1233.44 for January through June, for medical and dental coverage. They are not covered by the life insurance plan. City contributions to the plan for the year ended June 30, 2024 were \$7,345,300; employee contributions were \$1,243,491 and retiree contributions were \$671,842. Premium expenses are charged to the appropriate departments, then deposited into the Employee Benefit Fund, an internal service fund. This fund is used to pay claims, stop loss insurance and an administrator to process claims. Following is a summary of the changes in the balances of claim liabilities (based on calculations provided by the plan administrator) during fiscal years 2018 through 2024.

Claims Payable		Claims Payable		
Beginning of Fiscal Year	Claims Incurred	Claims Paid	Ending of Fiscal Year	
2018 \$256,805	\$7,877,573	\$7,409,659	\$724,719	
2019 724,719	7,562,923	7,604,091	683,551	
2020 683,551	7,261,153	7,406,840	537,864	
2021 537,864	8,710,571	8,711,193	537,242	
2022 537,242	9,874,221	9,410,679	1,000,784	
2023 1,000,784	8,108,949	8,337,857	771,876	
2024 771,876	11,499,146	11,545,379	725,643	

3. Postemployment Benefits

The City adopted the provisions of GASB Statement 75, "Accounting and Financial Reporting for Postemployment Benefits other than Pensions," in fiscal year 2018. GASB 75 addresses accounting and financial reporting for postemployment benefits other than pensions (OPEB) that are provided to the employees of state and local governments, establishing standards for measuring and recognizing liabilities, deferred inflows and outflows of resources, and expenses. For defined benefit OPEB plans, this statement identifies the methods and assumptions that should be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service. Information on the City's health benefits plan for retirees is included below. GASB 10, as modified by GASB 75, requires that amounts related to retirees be excluded from the internal service fund used for health benefits. Accordingly, amounts related to retirees have been excluded from the internal service fund. There are no assets accumulated in a GASB compliant trust.

The City of Missoula sponsors and administers a single-employer defined benefit plan for health insurance, which includes coverage for retirees. This plan is named the Health Benefits Plan for the Employees of City of Missoula. The plan provides medical insurance for retirees with the retiree paying a premium for this benefit. Contribution rates are established by the City Council based on the recommendations received from both the Employee Benefits Committee and the City Administration. The plan's financial information, excluding retirees, is the City's self insurance internal service fund. The plan does not issue separate audited financial statements.

Terminated employees may remain on the City's health insurance plan for up to 18 months if they pay the monthly premiums. This benefit is required under the federal C.O.B.R.A. law. Retirees may remain on the City's health plan as long as they wish, provided they pay monthly premiums. State law requires the City to provide this benefit. There are no other post-employment benefits provided by the City. Out of 712 active and inactive employees covered by the plan at June 2024, there were 671 active employees and 41 inactive employees (retirees) participating.

The City's medical plan is a self-funded PPO plan. The table below presents a high-level summary of the medical benefits offered in the plan year beginning January 1, 2024, which was used for the June 30, 2024 valuation. Dental benefits were added January 1, 2023 for retirees.

Medical Deductible (Individual/Family)	\$750/\$2,250
Out-of-Pocket Maximum (Individual/Family)	\$3,170/\$6,350
Coinsurance (In Network/Out of Network)	30%/50%
Prescription Deductible	\$50
Prescription Copays (Tier 1/Tier 2/Tier 3)	10% (min \$5)/20% (min \$20)/50% (min \$35)
Prescription Out-of-Pocket Maximum	\$3,400/\$6,800

The retiree contributes 90% of the total active premium, excluding life insurance coverage, and the City contributes the remaining 10% to the plan. The plan is financed on a pay-as-you-go basis with City contributions ensuring that adequate reserves are maintained in the plan. Reserves maintained by the City are not considered assets of the post-employment benefits plan since they are not contributed to a trust that meets the criteria in GASB 75, paragraph 4. The retiree and city contribution rates for the plan beginning January 1, 2024 were used for the June 30, 2024 valuation and are as follows.

Coverage	Retiree Contribution	City Contribution	Total Premium
Retiree	\$ 1,110.10	\$ 123.34	\$ 1,233.44
Retiree, spouse	\$ 1,278.06	\$ 123.34	\$ 1,401.40
Retiree, spouse, child	\$ 1,179.28	\$ 123.34	\$ 1,302.62
Retiree, child	\$ 1,347.24	\$ 123.34	\$ 1,470.58
Each additional child	\$ 69.18	—	\$ 69.18

The following table reports the changes to the OPEB liability for fiscal year 2024, as well as deferred inflows and outflows of resources and OPEB expense recognized. This information is allocated to various enterprise activities and discretely presented component units as detailed below.

Changes in OPEB Liability

	Component Units								
	Governmental Activities	Water	Waste Water	Storm Water	Aquatics	Primary Government	MRA	Parking	Total
OPEB Liability, Beginning Balance	\$ 9,684,801	\$ 746,611	\$ 613,124	\$ 46,486	\$ 74,058	\$ 11,165,080	\$ 70,285	\$ 87,781	\$ 11,323,146
Service Cost	267,705	17,440	15,260	1,308	—	301,713	(678)	2,089	303,124
Interest	411,003	26,775	23,429	2,008	—	463,215	(1,041)	3,207	465,381

Current year amortization of assumption changes	(328,533)	(21,403)	(18,727)	(1,605)	—	(370,268)	(5,287)	(4,118)	(379,673)
Ending Balance	\$ 4,884,444	\$ 365,646	\$ 300,903	\$ 25,892	\$ —	\$ 5,576,885	\$ 14,076	\$ 32,425	\$ 5,623,386
OPEB Expense									
	\$ 741,034	\$ 48,276	\$ 42,241	\$ 3,621	\$ —	\$ 835,172	\$ (17,780)	\$ (6,012)	\$ 811,380

The City's total OPEB liability (including components units) was \$6,409,817 as of June 30, 2024, as determined by an actuarial valuation as of that date. The following assumptions and other inputs were used to calculate the total OPEB liability using the entry age normal cost method in the actuarial valuation.

Discount Rate	4.11% - S&P Municipal Bond 20-Year High Grade Rate Index as of June 28, 2024
Payroll Growth	3.5%, Source: The City
Medical Trend	6.26%
General Inflation	3.0% per year
Participation Rate	40% of eligible employees are assumed to elect healthcare coverage in retirement
Admin Trend Rate	3%
Mortality Rate	PUB-2010 General Amount weighted employee mortality table projected generationally to 2021 using MP-2021.

Cost Sharing Projections related to the sharing of benefit-related costs are based on an established pattern of practice with the City contributing 10% of retiree premiums

The table below shows the assumption changes and their impact on the liability.

<u>Assumption</u>	<u>Description of Change</u>	<u>Impact on Liability</u>
Discount Rate	Decreased from 4.13% to 4.11%	\$ 35,180
Mortality Rate	Updated to reflect same table as pension valuation	1,860,844
Termination Rate	Updated assumptions to be consistent with pension valuation assumptions	47,782
Disability Rate	Updated assumptions to be consistent with pension valuation assumptions	(340,877)
Retirement Rate	Updated assumptions to be consistent with pension valuation assumptions	350,104
Medical Trend	Updated based on current industry source	203,600
Salary Trend	Increased from 3.0% to 3.5%	<u>(182,860)</u>
		\$ 1,973,773

The following tables disclose the sensitivity of the total OPEB liability to changes in the discount rate and the healthcare trend rate, showing how the total OPEB liability would change if the rates used were increased or decreased by 1%.

	1% Decrease	Discount Rate	1% Increase
	3.11%	4.11%	5.11%
Total OPEB Liability	\$ 7,675,480	\$ 6,409,817	\$ 5,428,768
	1% Decrease	Medical Trend Rate	1% Increase
	5.26%	6.26%	7.26%
Total OPEB Liability	\$ 5,298,702	\$ 6,409,817	\$ 7,890,104

Changes in the total OPEB liability due to: (1) changes in actuarial assumptions or (2) differences between expected actuarial experience and actual experience are deferred and recognized in the OPEB expense over a closed period equal to the average expected remaining service lives of employees and retirees, starting with the current reporting period. The average remaining service lives as of 6/30/2024 was 6.79 years.

Amounts reported as deferred inflows and outflows of resources related to OPEB as of June 30, 2024 will be recognized in OPEB expense as follows.

<u>Year</u>	<u>Actual to Expected</u>		<u>Changes in</u>
	<u>Experience</u>	<u>Assumptions</u>	<u>Combined</u>
	<u>(Deferred Inflow)</u>	<u>(Deferred Outflow)</u>	<u>Amortization</u>
2024	(1,062,519)	290,688	(771,831)
2025	(1,062,519)	290,688	(771,831)
2026	(1,062,519)	290,688	(771,831)
2027	(1,062,519)	290,688	(771,831)
2028	(1,062,519)	290,688	(771,831)
2029 - 2030	(1,901,909)	520,333	(1,381,576)
Total	<u><u>\$7,214,505)</u></u>	<u><u>\$1,973,773</u></u>	<u><u>\$5,240,731)</u></u>

4. Deferred Compensation Plan

The City offers its employees deferred compensation plans created in accordance with Internal Revenue Code Section 457. The plans, available to all City employees, permit them to defer a portion of their salary until future years. The pay out of deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. As the result of a change in federal law effective January 1, 1997, all of the City's deferred compensation plans have converted to hold the assets in trust for the exclusive benefit of participants and their beneficiaries. As such, the City no longer recognizes the assets of the deferred compensation plans.

G. Net Investment in Capital Assets

Net investment in capital assets represents the total value of capital assets (like buildings and infrastructure) less accumulated depreciation and any outstanding debt related to acquiring, constructing, or improving those assets. In the table below the City's net investment for capital assets is broken down for both governmental Activities as well as Business Type Activities:

	Governmental Activities	Business-Type Activities
Total capital assets (both tangible and intangible)	\$ 627,658,959	\$ 323,423,563
Less: Accumulated depreciation/amortization	<u>(316,018,669)</u>	<u>(110,888,745)</u>
Net carrying value of capital assets	311,640,290	212,534,818
 Less:		
All outstanding principal of capital-related debt/borrowings related to the government's own capital assets, including borrowing used to refund capital-related borrowings	31,240,193	117,941,670
Outstanding principal balance of any other (non-debt) capital related liabilities as of fiscal year end, including capital accounts payable and retainage payable	—	1,473,290
Unamortized original issue premiums on outstanding capital debt	<u>229,882</u>	<u>11,725,635</u>
	31,470,075	131,140,595
 Plus:		
Unamortized balance of capital-related deferred outflows of resources, such as from "losses" on refunding of outstanding capital debt	<u>75,234</u>	<u>82,027</u>
	75,234	82,027
 Net Investment in capital assets	<u>\$ 280,245,449</u>	<u>\$ 81,476,250</u>

H. Governmental Fund Balances

At June 30, 2024 the City had a total fund balance in governmental funds of \$21,492,285. In accordance with GASB Statement 54 this fund balance has been classified as follows:

General Fund

Nonspendable	\$ 661,218	Inventories and Prepaid Items
Restricted	106,304	Cemetery memorial, Title I Program and Revolving Loan Program
Assigned	6,025,169	Specific general fund programs
Unassigned	2,608,917	Remaining

Road District #1

Nonspendable	557,873	Inventories and Prepaid Items
Assigned	2,271,048	Road District expenditures

Park District #1

Nonspendable	181,571	Inventories and Prepaid Items
Assigned	2,469,469	Park District expenditures

Capital Improvement Fund

Restricted	797,490	Capital Project Expenditures
Unassigned	(9,488,042)	Remaining

Non Major Special Revenue Funds

Nonspendable	49,344	Inventories and Prepaid Items
Restricted	3,393,595	State and Federal Law for law enforcement, building construction inspections, public works safety and maintenance and various Grant restrictions for program expenditures.
Committed	11,838,700	City Ordinance for specific budgeted programs and by Developer Agreement for future development.
Assigned	1,911,604	Specific special revenue fund programs
Unassigned	(448,919)	Negative fund balance is Unassigned per GASB 54 definitions.

Non Major Debt service Funds

Restricted	1,784,607	Debt Service
Unassigned	(745,740)	Negative fund balance is Unassigned per GASB 54 definitions.

Non Major Capital projects Funds

Restricted	1,257,622	Federal & State law, Bond Covenants, and County & Developer Agreements for Capital Project expenditures.
Unassigned	(3,739,545)	Negative fund balance is Unassigned per GASB 54 definitions.

Total Governmental Fund Balance \$21,492,285

I. Transactions with Component Units

The City provides administrative services to its discretely presented component units, Missoula Redevelopment Agency and Missoula Parking Commission. To compensate for these services, the City received administrative fees of \$322,483 and \$233,338 from Missoula Redevelopment Agency and Missoula Parking Commission, respectively, during fiscal year 2024.

J. Joint Operations with Missoula County and other Local Governments in Montana

Through inter-local agreements between the City of Missoula and Missoula County services are provided jointly for Health, Library, Animal Control and Missoula Art Museum. Members of the governing boards for these operations are appointed by both the City and County with the exception of the Art Museum. In all cases, the County is responsible for handling the administration and accounting for these service areas and includes them in their financial statements. The Art Museum building is included in the City's general capital assets. Health, Animal Control and Library are located in County facilities and are recorded on the County's capital asset records. In all cases, should the inter-local agreements be dissolved, the furniture and equipment will be returned to each unit of government on an equal basis. Buildings will remain in the custody of the government currently reporting them. The City and County meet each year to determine budgetary support. All of the above services have had sufficient funding to carry out their intended purposes.

In March of 2018 the City and County entered into an interlocal agreement to memorialize the management responsibilities of the Fort Missoula Regional Park, a City of Missoula and Missoula County owned park facility. Fort Missoula Regional Park is a City and County owned recreational facility, constructed and funded through the County-wide, voter-approved 2014 County Parks and Trails Bond. In June, 2020 this interlocal agreement was amended to effectively increase the size of the park for public use and enjoyment and outline the management for the additional space.

In July, 2018 the City and County renewed an interlocal agreement which created the Montana Firefighter's Testing Consortium responsible for the undertaking of a joint testing program for the identification of qualified candidates for consideration in hiring for the position of entry level firefighter. Administration and financing of the Consortium is shared equally. This interlocal agreement was amended and restated in May, 2020.

In May, 2019 the City and County entered into an interlocal agreement for the design, construction, maintenance and management responsibilities between the Missoula County Fairgrounds and the City of Missoula Parks and Recreation Department for the shared use of trails, access, parking and related improvements bordering the Fairgrounds and Playfair Park.

In November, 2019 the City and County entered into two professional services agreements to support the Reaching Home Coordinator position and Implementation of the "10-Year Plan to End Homelessness" as well as to support costs connect with the Emergency Shelter Program. A related interlocal formalizing the collaboration to support houselessness issues and implement the recommendations of Operation Shelter was entered into by the City and County in September, 2022.

In April, 2020 the City and County entered into an interlocal agreement outlining the use of the 2018 Open Space Bond proceeds and related program administration.

In July, 2020 the City and County entered into an interlocal agreement to cooperate in the acquisition and management the Federal Building located at 200 East Broadway in Missoula. A related interlocal agreement was entered into in December, 2022 to establish the rights, duties, obligations, and responsibilities of each party to this Agreement with respect to the Missoula Local Government Building Special District. This district was created to obtain ownership of the Federal Building.

In September, 2020, the City and County entered into an interlocal agreement to define roles and responsibilities of the County and the City in the collection, administration, and distribution of revenues from the Local Option Fuel Tax after the people of Missoula County, pursuant to vote of the Missoula County electorate, adopted a two (2) cent per gallon motor fuel excise tax to be imposed within Missoula County. This local option tax was subsequently repealed by the Governor and legislature in May, 2021.

In February, 2021 an interlocal agreement was made and entered into between the City of Missoula, Missoula County, the City of Bozeman and the City of Helena made for the development of a green tariff that will meaningfully advance the parties' clean energy goals. These interlocal agreements were renewed and extended in June of 2023. This agreement obligates the City of Missoula up to \$75,000 between Fiscal Years 2021 and FY2024.

In November, 2021 the City entered into an agreement with Missoula County Public Schools regarding the management of federal and state grant funds for Westside Park.

In March, 2022, the City and County entered into an interlocal agreement to define roles and responsibilities of both in order to successfully deliver the Mullan BUILD Grant project. The project will construct trails, roads, sewer, water and restore Grant Creek generally west of Reserve Street, east of the Airport, south of Broadway and north of Mullan Road.

In December, 2022 the City and the County entered into an interlocal agreement for the provision of mobile crisis response services.

An Interlocal agreement between Powell County, Mineral County, Missoula County, Granite County, Butte-Silverbow County and the City was signed in January of 2023. The purpose of this agreement is for raising funds through the RAISE Grant for the Great American Rail Trail through Western Montana and would obligate the City to no more than \$2,500.

In October of 2023, the City and County entered into an interlocal agreement for the successful delivery of the Safe Streets for All (SS4A) 2022 South Avenue Safe Streets Grant Project. The City has committed \$1,485,402.00 for the required 20% match to fund the portion of the project within City Limits between 36th Street and Reserve Street and the County has committed \$842,411.52 for the required 20% match to fund the portion of the project within the County between 36th Street and Clements Road

An Interlocal agreement was signed between Missoula County and the City of Missoula in December of 2023 for the acquisition, development, management and recreational programming of Marshall Mountain Park. This agreement outlines the Current Status and assumptions for the future ownership, sets community goals and guiding principals and describes the partnership and responsibility of each entity.

The City entered into an interlocal agreement in November of 2023 with Missoula County for the provision of Crime Victim Advocate and Healthy Relationship Services for the city.

K. Risk Management

The City faces a considerable number of risks of loss, including: a) damage to and loss of property and contents, b) citizen and employee tort claims, c) professional liability, i.e., errors and omissions, d) environmental damage, e) workers' compensation, i.e. employee injuries, and f) medical insurance costs of employees. A variety of methods are used to provide insurance for these risks. Commercial policies, transferring all risks of loss, except for relatively small deductible amounts are purchased for property and content damage and professional liabilities. The City participates in three statewide public risk pools operated by the Montana Municipal Insurance Authority (MMIA), for property insurance, workers' compensation and for tort liability coverage. Employee medical insurance is provided through a privately administered, self-insured plan. The City of Missoula has an addendum through MMIA in its property coverage termed pollution coverage for environmental damages.

Coverage limits and the deductibles on the commercial policies have stayed relatively constant for the last several years. The premiums for the policies are paid from the General Fund. Settled claims resulting from these risks have not exceeded commercial insurance coverage in the last three years.

In 1986 the City joined together with other Montana cities to form the Montana Municipal Insurance Authority which established a workers' compensation plan and a tort liability plan. Both public entity risk pools currently operate as common risk management and insurance programs for the member governments. The liability limits for damages in tort action for claims brought pursuant to state law are \$750,000 per claim and \$1.5 million per occurrence with a \$15,000 deductible per occurrence. State tort law limits the City's liability to \$1.5 million. There are no liability limits for claims filed pursuant to federal law. The City pays an annual premium for its employee injury insurance coverage, which is allocated to the employer funds based on total salaries and wages. The agreements for formation of the pools provide that they will be self-sustaining through member premiums. Complete financial statements can be obtained by contacting MMIA at PO Box 6669, Helena, MT 59604-6669.

The City provides medical insurance coverage for its employees via a self-insured plan administered by Allegiance Benefit Plan Management, Inc. It provides medical, dental and vision benefits and is operated as an Internal Service Fund, funded by premiums charged to each department, based on the employees in that department, premiums from employees for their spouses, partners, and/or dependents, premiums from retirees electing to remain under the City's plan, and pro rated premiums from part-time and seasonal eligible employees. A commercial "stop-loss" policy has been purchased to cover any claims that exceed \$180,000 per individual or in aggregate for the plan in excess of \$1,000,000.

L. Pending Litigation

The City of Missoula and its agencies are involved in various pending litigation arising in the ordinary course of its operations. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the City Attorney that the City's ultimate liability, if any, in connection these matters will not have a material adverse effect on the financial condition of the City.

M. Construction Commitments

The City has entered into the following contracts for the design, construction or renovation of the following capital projects:

Project Description	Expended to Date	Remaining Commitment
<u>Wastewater Funds</u>		
Momont #2	\$ 125,457	\$ 1,556,479

Bellevue	—	2,200
Restroom Repairs	17,650	5,250
	\$ 13,505,662	\$ 9,507,840

N. Subsequent Events

On July 24, 2024, Missoula was impacted by hurricane-force winds, resulting in approximately \$2 million in damages to power lines, homes, and the urban forest. On August 23, President Joseph R. Biden declared a major disaster in Montana, including Missoula County, authorizing federal assistance to support state and local recovery efforts. FEMA is expected to cover about 75% of cleanup costs. Cleanup operations are ongoing, with the full scope of efforts anticipated to be clear by summer 2025.

On July 15, 2024 the City issued \$944,000 Water System Revenue Bond (DNRC Drinking Water State Revolving Loan Program) (SRF Bond), Series 2024F, to finance projects consisting of designing, engineering, and constructing an additional water transmission main in the Harlequin Court area and related improvements.

On July 15, 2024 the City issued \$1,327,000 Sewer System Revenue Bond (DNRC Water Pollution Control State Revolving Loan Program), Series 2024 to finance an existing gravity main near the intersection of West Broadway and the future George Elmer Drive, decommissioning the Momont #2 lift station and force main, replacing approximately 2,100 linear feet of undersized sewer main, and related system improvements.

Mayor Jordan Hess adopted Resolution Number 8684 on June 9th, 2023 declaring that a State of Emergency existed in the area of emergency sheltering. On August 19, 2024 the Missoula City Council approved the one-time use of a 2 mill emergency levy reimbursing \$414,009 of the City's costs incurred in emergency sheltering activities under Emergency Proclamation Resolution Number 8684 and authorizing its placement in the City of Missoula's fiscal year 2025 Budget to be used to pay for the ongoing costs to address emergency sheltering in Missoula.

On January 13, 2025 the City issued \$1,725,000 Sewer System Revenue Bond (DNRC Water Pollution Control State Revolving Loan Program), Series 2025, to finance designing, engineering, and constructing improvements to the System, including acquiring, designing, engineering, and installing replacement RAS valves and related improvements.

O. Restatements/Prior Period Adjustments

The governmental funds have been restated due to the Road District, Park District, and Capital Improvement funds being presented as major funds in FY2024 rather than as non major governmental funds as they have been in the past.

Reporting Units Affected by Adjustments to and Restatements of Beginning Balances

	Road District	Park District	Capital Improvement Fund	Non Major Governmental Funds Funds

Note to Schedule: Assets are not accumulated in a trust to pay related benefits that meets the criteria in GASB 75, paragraph 4.

*The amounts presented above for each fiscal year were determined as of June 30th. The schedule is intended to show information for 10 years, additional years will be displayed as they become available.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

Changes of Benefit Terms

The following changes to the plan provision were made as identified:

2017 Legislative Changes:

Working Retiree Limitations – for PERS

Effective July 1, 2017, if a PERS retiree returns as an independent contractor to what would otherwise be PERS-covered employment, general contractor overhead costs are excluded from PERS working retiree limitations.

Working Retiree Limitations – for FURS & MPORS

Applies to retirement system members who return on or after July 1, 2017 to covered employment in the system from which they retired.

Members who return for less than 480 hours in a calendar year:

- may not become an active member in the system; and
- are subject to a \$1 reduction in their retirement benefit for each \$3 earned in excess of \$5,000 in the calendar year.

Members who return for 480 or more hours in a calendar year:

- must become an active member of the system;
- will stop receiving a retirement benefit from the system; and
- will be eligible for a second retirement benefit if they earn 5 or more years of service credit through their second employment.

Employee, employer and state contributions, if any, apply as follows:

- employer contributions and state contributions (if any) must be paid on all working retirees;
- employee contributions must be paid in working retirees who return to covered employment for 480 or more hours in a calendar year.

Second Retirement Benefit – for FURS & MPORS

Applies to retirement system members who return on or after July 1, 2017 to active service covered by the system from which they retired.

If the member works more than 480 hours in a calendar year and accumulates less than 5 years of service credit before terminating again, the member:

- is not awarded service credit for the period of reemployment;
- is refunded the accumulated contributions associated with the period of reemployment;
- starting the first month following termination of service, receives the same retirement benefit previously paid to the member; and
- does not accrue post-retirement benefit adjustments during the term of reemployment but receives a Guaranteed Annual Benefit Adjustment (GABA) in January immediately following second retirement.

If the member works more than 480 hours in a calendar year and accumulates at least 5 years of service credit before terminating again, the member:

- is awarded service credit for the period of reemployment;
- starting the first month following termination of service, receives:
 - the same retirement benefit previously paid to the member, and
 - a second retirement benefit for the period of reemployment calculated based on the laws in effect as of the member's rehire date; and
- does not accrue post-retirement benefit adjustments during the term of reemployment but receives a GABA:
 - on the initial retirement benefit in January immediately following second retirement, and

- on the second retirement benefit starting in January after receiving that benefit for at least 12 months.

A member who returns to covered service is not eligible for a disability benefit.

Refunds

1. Terminating members eligible to retire may, in lieu of receiving a monthly retirement benefit, refund their accumulated contributions in a lump sum.
2. Terminating members with accumulated contributions between \$200 and \$1,000 who wish to rollover their refund must do so within 90 days of termination of service.
3. Trusts, estates, and charitable organizations listed as beneficiaries are entitled to receive only a lump-sum payment.

Interest credited to member accounts – Effective July 1, 2017, the interest rate credited to member accounts increased from 0.25% to 0.77%.

Lump-sum payouts

Effective July 1, 2017, lump-sum payouts in all systems are limited to the member's accumulated contributions rate than the present value of the member's benefit.

Disabled PERS Defined Contribution (DC) Members

PERS members hired after July 1, 2011 have a normal retirement age of 65. PERS DC members hired after July 1, 2011 who became disabled were previously only eligible for a disability benefit until age 65. Effective July 1, 2017, these individuals will be eligible for a disability benefit until they reach 70, thus ensuring the same 5-year time period available to PERS DC disabled members hired prior to July 1, 2011 who have a normal retirement age of 60 and are eligible for a disability benefit until age 65.

Changes in Actuarial Assumptions and Methods

Method and assumptions used in calculations of actuarially determined contributions

The following Actuarial Assumptions were adopted from the June 30 2020 actuarial valuation:

General Wage Growth*	3.50%
Investment Rate of Return*	7.65%
*Includes inflation at	2.75%
Merit salary increase	0% to 8.47% (PERS), 0% to 6.30% (FURS), 0% to 6.60% (MPORS)
Asset valuation method	Four-year smoothed market
Actuarial cost method	Entry age Normal
Amortization method	Level percentage of payroll, open
Remaining amortization	30 years
Mortality (Healthy members)	For Males and Females: RP 2000 Combined Employee and Annuitant Mortality Table projected to 2020 using Scale BB, males set back 1 year
Mortality (Disabled members)	For Males and Females: RP 2000 Combined Mortality Table, with no projections
Admin Expense as % of	0.28% (PERS), 0.17% (FURS), 0.18% (MPORS)

Administrative expenses are recognized by an additional amount added to the normal cost contribution rate for the System. This amount varies from year to year based on the prior year's actual administrative expenses.

NONMAJOR GOVERNMENTAL FUNDS

FUND DESCRIPTIONS

SPECIAL REVENUE FUNDS

Special revenue funds account for resources and expenditures which are designated by law or contractual agreement for specified functions or activities and are legally required to be accounted for in separate funds. Such resources are derived from specific taxes, federal grants and entitlements.

Public Safety Information System – As part of the inter-local for the new Public Safety Software a special fund was to be created and maintained by the City of Missoula. The Missoula County 911 center, Missoula County Sheriff Office, City of Missoula Police Department, City Fire and Missoula Rural Fire Districts combined, are each required to deposit \$6,000 per year in this fund. This account should be accumulating \$24,000 per year.

Impact Fee Fund – The City enacted general impact fees effective October 1, 2004. The revenues received in this fund will be used to fund public costs and facilities that have additional demands placed on them by new development.

George Elmer/Cattle Drive Intersection - This fund is used to contract for the construction of the intersection improvements (roundabout) at George Elmer Drive and Cattle Drive. The area developers (44 Ranch and Flynn Ranch) were unable to come to agreement between themselves in order to fulfill both of their respective subdivision conditions.

Public Art Fund – This fund is used to further public accessibility to the arts through educational programs, dissemination of information, development of public art projects, development of public art funding sources, and to serve an advisory /advocacy role with public art sponsors and media.

Employee Health Insurance Levy – This fund receives tax revenues from the All Purpose Levy for the costs of the City's self-insurance plan and transfers funds to the general fund to offset the cost of health insurance for City employees.

Open Space Levy – This fund receives tax revenues from the Open Space Levy approved by the voters in November of 2018. The funds are used to contribute to the costs of stewardship and conservation of open space lands.

Cable Television Franchise Fund – Accounts for revenue from cable television franchise agreements, pursuant to the Cable TV Franchise Enabling Ordinance (#2617) and a Non-exclusive Cable TV Franchise Ordinance (#2618). The City receives 5% of gross revenues after 50% advertising revenue is deducted for the exclusive ordinance (#2617) and 5% of gross revenues for the non-exclusive ordinance (#2618) for franchise fees.

Drug Forfeiture Fund – This fund accounts for property, money from sales of seized property, and cash payments resulting from Justice of the Peace verdicts, and seized cash from drug related crimes. Money received in this fund has to be spent on drug related expenditures.

NONMAJOR GOVERNMENTAL FUNDS

FUND DESCRIPTIONS (Cont.)

Building Inspection Fund – Accounts for revenues and expenditures relating to the administration and enforcement of building regulations in the City of Missoula and the jurisdictional area, which is approximately four and one-half miles beyond the City limits.

City Grants & Program Income Fund – This fund is used to aid qualified landlords for rehabilitation work, in an effort to improve the rental housing stock in Missoula, and also to assist low to moderate income individuals.

Dangerous Building & Demolition Fund - This fund has been established to account for the costs of steps taken to abate a danger or demolish a building. The City Council may levy a special assessment upon this property to recover its costs.

Street Lighting Assessments Fund – The purpose of this fund is to pay 100% of the utility bills for the City's street lighting districts.

Street Maintenance Assessment Fund – This fund pays for the costs of services associated with the maintenance and care of Street Maintenance District #1.

Willowwood Park Maintenance Assessment Fund – This fund pays for the services associated with the maintenance of Willowwood Park.

Affordable Housing Trust Fund - This fund receives contributions and donations to help leverage other private and public investments to help address housing needs within Missoula.

State Gas Tax Fund – This fund receives and distributes gasoline tax revenues from the State of Montana. Expenditures are restricted to labor and materials for street improvements and cannot be used for equipment purchases.

Law Enforcement Block Grant Fund – Accounts for funds received and expended from a Local Law Enforcement Block Grant authorized by the Omnibus FY 96 Appropriations Act.

HIDTA (High Intensity Drug Trafficking Area) Fund – Accounts for funds received and expended by the HIDTA Task Force. Reimbursement for this multi-jurisdictional task force is provided by Office of National Drug Control Policy.

CDBG Program Income Account Fund – Accounts for re-payment from CDBG-Entitlement assisted projects and then uses the funds collected to assist additional CDBG-eligible activities.

CDBG (Community Development Block Grant) Fund – Accounts for transactions related to Community Development Block Grants that are awarded to the City.

HOME Fund – Accounts for transactions related to HOME Grants that are awarded to the City.

NONMAJOR GOVERNMENTAL FUNDS

FUND DESCRIPTIONS (Cont.)

City Home Program Income Fund – This program derives its funding from the repayment of loans provided to low- and moderate-income homebuyers for down payment, homebuyer education and closing cost assistance, as well as repayment of loans and the interest on those loans to organizations providing housing through funds provided by the City's HOME program.

Home - ARP - This fund tracks all expenditures from the HOME American Rescue Plan Program funds. These funds are provided to reduce homelessness and increase housing stability within the City of Missoula.

Transportation – This account provides transportation planning and alternative transportation services within three key areas and through various funding sources including the Missoula Metropolitan Planning Organization, Missoula in Motion and Bicycle and Pedestrian office.

Federal Transportation Fund – Accounts for Federal CTEP grant funds and matching money from other City Funds that is to be expended for projects identified by the City's Capital Improvement Program (C.I.P.) and approved by the State.

Grants & Donations Fund – This fund accounts for the receipt and expenditure of a variety of grant and donation funds.

Police Grants & Donations – This fund accounts for the receipt and expenditure of Police related grants and donations.

Brownfields – This fund accounts for the receipt and expenditure of the Missoula Brownfields Revolving Loan Fund (RLF). The Brownfields RLF provides funding for area companies and/or organizations to clean up environmental contamination during redevelopment projects. The Brownfields RLF is managed by MoFi.

Brownfields RLF - This fund accounts for the activity related to the Legacy Revolving Loan funds from the brownfields Program, also known as the Closeout Agreement (COA)

DEBT SERVICE FUNDS

The debt service funds account for the accumulation of resources for the payment of principal and interest in debt such as general obligation, tax increment, and special assessment.

SID Revolving Fund – These funds account for moneys designated as revolving funds for debt service for loans incurred for special improvement districts.

1997 Open Space G O Bond Fund - This fund was created to provide debt service related to the issuance of general obligation bonds to purchase open space and conservation easements.

Series 2012A Aquatics Refunding Bond – Issued in 2012 to redeem the July 1, 2014 through July 1, 2024 maturities.

NONMAJOR GOVERNMENTAL FUNDS

FUND DESCRIPTIONS (Cont.)

Series 2013A GO Refunding Bond – Issued in 2013 to provide to provide funds for refunding on July 1, 2013 the City's outstanding General Obligation Bonds, Series 2006 and Series 2007. The interest rate varies from 1.5% to 2.25.

2004 Refunding Bonds Debt Service – Issued in 2004 to provide funds for refunding on July 1, 2004 the City's outstanding General Obligation Bonds, Series 1993 and Series 1994. The interest rate varies from 3.0% to 3.8%.

2006 Fire Station GO Bonds – Issued in 2005 to provide funds for expanding, upgrading and making improvements to the City's firefighting facilities and capacity, including: designing, constructing, and acquiring equipment, including a fire pumper and a wildland fire engine for a new fire station (Fire Station Five) in the Linda Vista Miller Creek area to serve the southwest part of the city; demolishing existing Fire Station Two and designing, constructing, and equipping on the site a new Fire Station Two; remodeling, expanding and equipping Fire Station Three (the "Project") and paying costs associated with the sale and issuance of the bonds.

Sidewalk & Curb Warrants Funds - These funds are used to account for and provide debt service for various bond issues to make sidewalk and curb improvements.

SID Funds – These funds provide debt service for debt incurred to create, construct and maintain special improvement districts within the City.

Judgement Levies - This fund accounts for the satisfaction of past judgments or settlements.

CAPITAL PROJECTS FUNDS

The capital projects funds account for the financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary and trust funds).

1997 G O Bond Open Space Purchase – Missoula voters approved a \$5,000,000 general obligation bond referendum in November 1997 allowing the City to purchase open space land and conservation easements.

Sidewalk and Curb – Accounts for various sidewalk and curb improvements funded through various bond issues.

SID Funds – These funds account for the creation, construction and maintenance of special improvement districts within the City.

Miller Creek Mitigation Fund – These funds account for fees collected by the County from new developments to pay for road improvements in the Miller Creek area.

5th, 6th, Arthur Streets Construction – This project was funded by special improvement district assessments charged to the benefiting landowners, which in this case was the University of Montana for the street improvements designed to improve traffic circulation near the north end of the campus. Additionally, the Montana Department of Transportation funded signals and associated work.

NONMAJOR GOVERNMENTAL FUNDS

FUND DESCRIPTIONS (Cont.)

Miller Creek Maloney/Twite – This project reconstructed Miller Creek Road between Briggs and the roundabout. The project was funded through a combination of contributions and fees from the developers in the area and impact fees.

Hillview Way – This project improvements are mostly within this section but some improvements are north of Black Pine. Improvements also consist of a box culvert at Moose Can Gully for use by pedestrians and wildlife. Present and future development adjacent to this road section has increased the need for improvements.

Rattlesnake Sewer – This project was funded by a combination of grants and special improvement district assessments charged to the benefiting landowners for the extension of sewer mains to the majority of the remaining areas of the city in the Rattlesnake Valley that were not connected to the sewer system.

Pattee Creek Drive Traffic Calming – This project consists of installing four (4) speed cushion traffic calming improvements on Pattee Creek Drive with associated signage and striping.

Stormwater Outfall Retrofits – This project involves the installation of a storm water treatment device to clean stormwater runoff before it reaches the river.

Wayfinding Project – This project involves the installation of parking wayfinding signage downtown, city gateway signage, and city-wide vehicular and district identification signs.

Mullan Area BUILD Grant - This fund accounts for the City's contribution to the joint, City-County project. This project includes the design and complete construction of collector street connections for England Blvd, Mary Jane Blvd, and George Elmer between Mullan Road and West Broadway, along with non-motorized trail connections along Grant Creek, extension of the Milwaukee Trail between Mullan Road and Grant Creek, and several local trail connections to Hellgate School.

ARRA Enhancements – Federal ARRA stimulus funds were used for the following transportation projects: North Higgins streetscape project, Mullan Road bike/pedestrian path, Greenough Drive sidewalks, sidewalk ramps, other pavement preservation, Higgins Street Roundabout and the Scott Street Bridge.

ARRA HB645 – State ARRA stimulus money was used for: the construction of curb ramps, North Higgins Street paving, Brooks Street curb/sidewalk work, Greenough Park Bridge construction and four new playgrounds in City parks.

Western Federal Lands (WFL) Miller Creek Road – This project reconstructed Lower Miller Creek Road between the roundabout and Linda Vista Boulevard.

Western Federal Lands (WFL) - This project will install a pedestrian and bicycle bridge across Rattlesnake Creek and construct a trail from Rattlesnake Creek Bridge to Van Buren Street. The project will enhance access to the University of Montana with improved pedestrian and bicycle facilities.

NONMAJOR PROPRIETARY FUNDS FUND DESCRIPTIONS

Non-major Proprietary Funds are used for operations (a) that are financed and operated in a manner similar to private business enterprise—when the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or (b) where the City has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Civic Stadium – This fund was created for the issuance of \$1,555,000 of Revenue Bonds and purchase of the interest of certain secured lenders in the Civic Stadium to facilitate the City of Missoula's purchase of the Civic Stadium. The fund will receive lease payments in the amount of \$120,000 a year for 20 years from Mountain Baseball. The lease payments will be used to make the debt service payments to the creditors of the \$1,555,000 Civic Stadium Revenue Bonds.

Storm Water Fund - The Storm Water Division manages and monitors storm water system infrastructure, monitors discharge of rain and snow runoff into local waterways, monitors and maintains storm drains and outfalls, provides education in an effort to prevent pollutant discharge into the storm water system, monitors and maintains the levees, and ensures the City's storm water system complies with state and federal water quality standards.

Aquatics - This fund accounts for financial resources from service charges to provide quality aquatics programs, opportunities and facilities for citizens of all ages, interests, and abilities thus giving every resident as well as guests an opportunity for lifetime leisure skills, water safety skills and active, healthy life styles.

STATISTICAL SECTION

STATISTICAL SECTION

This part of the city of Missoula's Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements note disclosures and required supplementary information says about the government's overall financial health.

Contents	Page
Financial Trends	<u>322</u>
<i>These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.</i>	
Revenue Capacity	<u>327</u>
<i>These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.</i>	
Debt Capacity	<u>333</u>
<i>These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.</i>	
Demographic and Economic Information	<u>343</u>
<i>These schedules offer demographic and economic indicators to help the reader understand how the information in the government's financial activities take place.</i>	
Operating Information	<u>348</u>
<i>These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report related to the services the government provides and the activities it performs.</i>	

Sources: Unless otherwise noted the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant years.

*Property in the City does have a Market Value and is assessed at the actual value at a rate of 2.5%; therefore, the assessed values are equal to actual value.

*This table presents taxable property assessments at values calculated after certified values were received from the Department of Revenue. These values will not articulate to certified values due to the date that this report is run by the Department of Revenue.

FY2015 - FY2021 are actual from DOR, FY2012 - FY2014 are estimated due to change in report format.

* Delinquent tax collections include amounts collected from penalties, interest, and other delinquent collections. The City does not identify delinquent collections by the year for which the tax was levied.

In 2014 this table was updated to reflect all taxes levied by the City of Missoula, not just the General Fund.

While 2014 delinquencies are within a normal range we feel it germane to the reader to mention the passage of SB96 which reduced 2014 tax receipts for strict personal property. The legislature attempted to make taxing jurisdictions whole by one-time payments. The City of Missoula received a one-time payment of \$327,628 which is reflected in Intergovernmental revenues rather than tax receipts.

* Pursuant to the covenants established in connection with the City's outstanding sewer revenue bonds, the City is required to maintain a debt service coverage ratio of not less than 125% of the amount required to pay principal of and interest on all sewer revenue bonds. For these fiscal years, the City's coverage ratio did not meet the minimum coverage requirement, as shown above. The City is in the process of reviewing its rates and charges and has contracted with a consulting firm to provide a rate study. Any changes implemented would adjust Net Revenues to be sufficient to cover the obligations of the City pursuant to the bond resolution.

(1) Exclude depreciation and non-cash pension expenses.
(2) Net revenues divided by the maximum debt payment due in any future calendar year.

Note: Basic services provided through City government include Police and Fire protection, Municipal Sewer and Sanitation, Street Maintenance and Construction, Building Inspection, Zoning Enforcement, Public Works, and Parks and Recreation. As of June 30, 2019, the City employed approximately 638 workers, including Seasonal and Intermittent. Of the total City workforce, approximately 46% were members of organized bargaining units. State law requires Montana Cities to bargain collectively with formally recognized bargaining units. The City considers relations with its bargaining groups to be satisfactory.

* Formerly MPEA and MEA-MFT

** At time of publication, collective bargaining negotiations were ongoing

* Fire Department Incident Responses are based on Calendar Years. Current Year number through 11/29/2023.

** Police Department data is current (as of 11/14/2023) and are based on Calendar Years.

+ Officers per 1,000 population was deemed to be an inappropriate measure so in FY2021 we added square miles of patrol area
 ++Beginning in FY22, this metric is no longer useful as all utilities went to monthly billing. See # of Utility Customers (Utility customers may have more than one account)

Note: Property tax levies are set in August at the time the City budget is approved and billed November 1 by the County. Half of the taxes are due by November 30 and the other half by May 31. After those dates, the bills are delinquent (and a lien is placed on the property). The interest charged on delinquent taxes is one percent per month, with a two percent penalty.

* Note: Tax Increment districts are not taxing authorities and do not levy taxes, i.e. levy mills. Total incremental taxable value can be viewed as a percentage of total taxable value in a district, from information provided by the Montana Department of Revenue. For purposes of disclosure, this report shows that same percentage broken down as a portion of the total mills levied in the district

SINGLE AUDIT SECTION

**Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and
Other Matters Based on an Audit of Financial Statements Performed in Accordance with
*Government Auditing Standards***

To the Mayor and City Council
City of Missoula
Missoula, Montana

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Missoula (the City), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated March 28, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We identified a deficiency in internal control, described in the accompanying Schedule of Findings and Questioned Costs as item 2024-001 that we consider to be a material weakness.

What inspires you, inspires us. | eidebailly.com

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City of Missoula's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the City's response to the findings identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. The City's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Billings, Montana

March 28, 2025

Independent Auditor's Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance Required by the Uniform Guidance

To the Mayor and City Council
City of Missoula
City of Missoula, Montana

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited City of Missoula's (the City) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2024. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the City's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

City of Missoula, Montana
Notes to Schedule of Expenditures of Federal Awards
Year Ended June 30, 2024

Note A - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the schedule) includes the federal award activity of the City of Missoula, Montana (the City) under programs of the federal government for the year ended June 30, 2024. The information is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position or fund balance, or cash flows of the City.

Note B - Significant Accounting Policies

Expenditures reported in the Schedule are reported on the accrual basis of accounting. When applicable, such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note C - Indirect Cost Rate

The City has not elected to use the 10% de minimis cost rate.

Note D - Loan Programs

The Drinking Water State Revolving Fund Cluster, Brownfields, Community Development Block Grants, and Home Investment Partnership loan programs are administered directly by the City, and balances and transactions relating to these programs are included in the City's basic financial statements. Loans outstanding at the beginning of the year and loans made during the year are included in the federal expenditures presented in the Schedule of Expenditures of Federal Awards. The balances of loans outstanding at June 30, 2024 for these programs were \$12,477,632, \$1,450,694, \$535,218, and \$80,000, respectively.

Year Ended June 30, 2024

Section II – Financial Statement Findings

**2024-001: Financial Statement Preparation
Material Weakness**

<i>Criteria:</i>	Management is responsible for establishing and maintaining an effective system of internal control over financial reporting including the reporting on infrastructure capital assets. GASB Statements No. 87, <i>Leases</i> and 96, <i>Subscription-Based Information Technology Arrangements</i> (GASB 96) provides guidance to record applicable contracts as a right-to-use lease/subscription asset and lease/subscription liability.
<i>Condition:</i>	The City's review of the reconciliation of capital assets for infrastructure was not adequate resulting in audit adjustments to the roll forward and financial records. Further, the review over completeness of lease and subscription contracts was not adequate resulting in audit adjustments to capital assets and long-term liabilities related to a material contract.
<i>Cause:</i>	The City did not have adequate internal controls to ensure appropriate reporting of capital assets and long-term liabilities.
<i>Effect:</i>	Audit adjustments were made to adjust infrastructure valuations and to record a material lease and subscription contract in accordance with U.S. GAAP.
<i>Recommendation:</i>	We recommend the City enhance internal controls to ensure appropriate records involving capital assets and long-term liabilities in accordance with U.S. GAAP.
<i>Views of Responsible Officials:</i>	Agree

Summary Schedule of Prior Audit findings

Finding #2023-001 Tax Increment Revenue – Missoula Redevelopment Agency

Initial Fiscal Year Finding Occurred: 2023

Finding Summary: A review of Missoula County's Tax Increment revenue billing calculations was not performed on a timely basis or compared to the Agency's Tax Increment revenue budget calculations for the year ended June 30, 2023. As a result The tax increment revenue and deferred revenue were understated by approximately \$149,000 in total.

Status: The Missoula Redevelopment Agency, in coordination with the City of Missoula staff, is implementing enhanced procedures to ensure timely and accurate annual reviews of the Tax Increment revenue billing calculations. These reviews will be conducted in collaboration with Missoula County and aligned with the Agency's Tax Increment revenue budget process, to help ensure consistency and prevent future misstatements.

Corrective Action Plan

Finding 2024-001

Finding Summary:

The City's review of the reconciliation of capital assets for infrastructure was not adequate resulting in audit adjustments to the roll forward and financial records. Further, the review over completeness of lease and subscription contracts was not adequate resulting in audit adjustments to capital assets and long-term liabilities related to a material contract.

Responsible Individuals:

Leigh Griffing, Finance Director

Jessie Hogg, Assistant Finance Director

Corrective Action Plan:

The City acknowledges the need to strengthen internal controls related to the reporting of capital assets and long-term liabilities. The Finance Department will collaborate with the City Clerk's Office and relevant administrative staff to implement additional review within our contract routing workflows. This enhanced control is intended to improve the identification and documentation of lease and subscription-based agreements, ensuring accurate and complete reporting in compliance with U.S. GAAP.

It is important to note that this finding pertains solely to financial reporting within the City's Annual Comprehensive Financial Report (ACFR). The lease and subscription arrangements in question were appropriately recorded in the budget and were accurately accounted for in management's financial systems for operational and decision-making purposes.

Anticipated completion Date:

July 1st, 2025

OFFICE OF THE MAYOR

435 RYMAN MISSOULA, MONTANA 59802-4297 (406) 552-6001

May 16, 2025

To Whom It May Concern:

On behalf of the City of Missoula, I write in full support of our application to the Montana Opioid Abatement Trust Fund. This funding request seeks to advance a phased and sustainable approach to addressing the housing needs of Missoulians who are unhoused and impacted by opioid and other substance use disorders.

As Mayor, I remain committed to advancing the goals of the City's strategic plan, including our leadership role within the Missoula Coordinated Entry System (MCES), which serves as a critical framework for delivering targeted, equitable, and data-informed housing interventions.

I also affirm the City of Missoula's commitment to this new initiative, including the ongoing allocation of local funds to ensure its sustainability. In coordination with our Community Planning, Development and Innovation Department and community partners, we are committed to leveraging this funding opportunity to strengthen the safety net for those most impacted by the opioid crisis.

We are grateful to the Montana Opioid Abatement Trust for supporting Montana communities as we work to prevent substance use, reduce harm, and expand pathways to recovery. We look forward to continued collaboration and thank you for your consideration of Missoula's application.

Sincerely,

A handwritten signature in black ink that reads "Andrea Davis".

Andrea Davis
Mayor

May 16th, 2025

To Whom It May Concern:

On behalf of the Missoula Housing Authority, I write in full support of our application to the Montana Opioid Abatement Trust Fund. This funding request seeks to advance a phased and sustainable approach to addressing the housing needs of Missoulians who are unhoused and impacted by opioid and other substance use disorders.

In coordination with the City of Missoula and community partners, we are committed to leveraging this funding opportunity to strengthen the safety net for those most impacted by the opioid crisis. This proposal aligns with our work as Missoula's largest landlord. Addiction is often a crucial barrier to safe and affordable housing and the resources for recovery are slim region wide.

We are grateful to the Montana Opioid Abatement Trust for supporting Montana communities as we work to prevent substance use, reduce harm, and expand pathways to recovery.

Sincerely,

W. Samuel Oliver
Executive Director- Missoula Housing Authority (MT033)
